Catherine Epstein

Political Violence Under The Swastika 581 Early Nazis:

Political Violence Under the Swastika Peter H. Merkl, 2015-03-08 Going to the active core of the Nazi revolt this exciting psychological sociological and behavioral study is based on unique autobiographical stories supplied by over 500 pre 1933 rank and file Nazis Peter Merkl's findings form the basis for a richer understanding of the political motivation of all extremist movements Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Perfect Nazi** Martin

Davidson, 2012-03-06 What if you found out that your grandfather had been a Nazi SS officer This is the confession that Martin Davidson received from his mother upon the death of demanding magnetic grandfather Bruno Langbehn The Perfect Nazi is Davidson's exploration of his family's darkest secret As Davidson dove into his research drawing on an astonishing cache of personal documents as well as eyewitness accounts of this historical period he learned that Bruno's story moved lock step in time with the rise and fall of the Nazi party from his upbringing in a fiercely military environment amid the aftermath of World War I to his joining the Nazi party in 1926 at the age of nineteen more than six years before Hitler came to power to his postwar involvement with the Werewolves the gang of SS stalwarts who vowed to keep on after the defeat of Nazism Davidson realized that his grandfather was in many ways the perfect Nazi his individual experiences emblematic of the generation of Germans who would plunge the world into such darkness But he also realized that every fact he uncovered was a terrible truth he himself would have to come to terms with **Inside Nazi Germany** Detlev Peukert, 1987-01-01

Describes the experiences of ordinary people living in Nazi Germany explains how they aided or avoided Nazi programs and analyzes the use of terror against social outsiders **Hitler's 'National Community'** Lisa Pine, 2017-01-12 Lisa Pine's Hitler's National Community explores German culture and society during the Nazi era and analyses how this impacted upon the Germany that followed this fateful regime Drawing on a range of significant scholarly works on the subject Pine informs us as to the major historiographical debates surrounding the subject whilst establishing her own original interpretative arc The book is divided into four parts The first section explores the attempts of the Nazi regime to create a Volksgemeinschaft national community The second part examines men women the family the churches and religion The third section analyses the fate of those groups that were excluded from the Volksgemeinschaft The final section of the book considers the impact of the Nazi government upon German culture in particular focusing on the radio and press cinema and theatre art and architecture music and literature This new edition includes historiographical updates throughout an additional chapter on the early Nazi movement and brand new primary source excerpt boxes and illustrations There is also expanded material on

key topics like resistance women and family men and masculinity and religion A crucial text for all students of Nazi Germany this book provides a sophisticated window into the social and cultural aspects of life under Hitler s rule **Nazi Propaganda and the Second World War** A. Kallis,2005-12-16 This book analyzes the factors that determined the organization conduct and output of Nazi propaganda during World War II in an attempt to re assess previously inflated perceptions about the influence of Nazi propaganda and the role of the regime s propagandists in the outcome of the 1939 45 military conflict **Stormtroopers and Crisis in the Nazi Movement** Thomas D. Grant,2004-07-31 Containing illustrations from archival material this book scrutinizes two sets of hitherto understudied records SA morale reports in the US National Archive which show what Nazi leaders themselves knew about their radical paramilitary wing police reports on the stormtroopers from the former DDR state archive in Potsdam which show what Republican authorities knew Stormtroopers and Crisis in the Nazi Movement casts fresh light on the crisis that beset Nazism during the final months of Germany s first republic **Visions of Community in Nazi Germany** Martina Steber,Bernhard Gotto,2018-07-16 When the Nazis seized power in Germany in 1933 they promised to create a new harmonious society under the leadership of the F hrer Adolf Hitler The concept of Volksgemeinschaft the people s community enshrined the Nazis vision of society a society based on racist social Darwinist anti democratic and nationalist thought The regime used Volksgemeinschaft to define who belonged to the National Socialist community and who did not Being accorded the status of belonging granted citizenship rights access to the benefits of the welfare state and opportunities for advancement while these who were denied the privilege of belonging lost their right to live They were shamed excluded imprisoned murdered Volksgemeinschaft was the Nazis project of social engineering realized by state action by administrative procedure by party practice by propaganda and by individual initiative Everyone deemed worthy of belonging was called to participate in its realization Indeed this collective notion was directed at the individual and unleashed an enormous dynamism which gave social change a particular direction The Volksgemeinschaft concept was not strictly defined which meant that it was rather marked by a plurality of meaning and emphasis which resulted in a range of readings in the Third Reich drawing in people from many social and political backgrounds Visions of Community in Nazi Germany scrutinizes Volksgemeinschaft as the Nazis central vision of community The contributors engage with individual appropriations examine projects of social engineering analyze the social dynamism unleashed and show how deeply private lives were affected by this murderous vision of society **The People's Dictatorship** Alan E. Steinweis,2023-01-26 In this up to date succinct and highly readable volume Alan E Steinweis presents a new synthesis of the origins development and downfall of Nazi Germany After tracing the intellectual and cultural origins of Nazi ideology the book recounts the rise and eventual victory of the Nazi movement against the background of the struggling Weimar Republic The book details the rapid transformation of Germany into a dictatorship focusing on the interplay of Nazi violence and the readiness of Germans to accommodate themselves to the new regime Steinweis chronicles Nazi efforts to transform German

society into a so called People s Community imbued with hyper nationalism an authoritarian spirit Nazi racial doctrine and antisemitism The result was less a People s Community than what Steinweis calls a People s Dictatorship a repressive regime that acted brutally toward the targets of its persecution its internal opponents and its foreign enemies even as it enjoyed support across much of German society

The Quest for the Nazi Personality Eric A. Zillmer, Molly Harrower, Barry A. Ritzler, Robert P. Archer, 2013-10-31 Half a century after the collapse of the Nazi regime and the Third Reich scholars from a range of fields continue to examine the causes of Nazi Germany An increasing number of young Americans are attempting to understand the circumstances that led to the rise of the Nazi party and the subsequent Holocaust as well as the implication such events may have for today as the world faces a resurgence of neo Nazism ethnic warfare and genocide In the months following World War II extensive psychiatric and psychological testing was performed on over 200 Nazis in an effort to understand the key personalities of the Third Reich and of those individuals who just followed orders In addressing these issues the current volume examines the strange history of over 200 Rorschach Inkblot protocols that were administered to Nazi war criminals and answers such questions as Why the long delay in publishing protocols What caused such jealousies among the principals How should the protocols be interpreted Were the Nazis monsters or ordinary human beings This text delivers a definitive and comprehensive study of the psychological functioning of Nazi war criminals both the elite and the rank and file In order to apply a fresh perspective to understanding the causes that created such antisocial behavior these analyses lead to a discussion within the context of previous work done in social and clinical psychology Subjects discussed include the authoritarian personality altruism obedience to authority diffusion of responsibility and moral indifference The implications for current political events are also examined as Neo Nazism anti Semitism and ethnic hate are once again on the rise While the book does contain some technical material relating to the psychological interpretations it is intended to be a scholarly presentation written in a narrative style No prior knowledge of psychological testing is necessary but it should be of great benefit for those interested in the Rorschach Inkblot test or with a special interest in psychological testing personality assessment and the history of psychology It is also intended for readers with a broad interest in Nazi Germany

The Third Reich Martin Kitchen, 2014-01-14 The twelve years of the Third Reich casts a dark shadow over history Fierce debates still rage over many of the hows whys and wherefores of this perplexing period Leading expert on German history Martin Kitchen provides a concise accessible and provocative account of Nazi Germany It takes into account the political social economic and cultural ramifications and sets it within the context of the times while pointing out those areas that still defy our understanding This lively account addresses major issues such as the reasons for Hitlers extraordinary popularity his hold over the German people even when all seemed lost the role of ideology the cooption of the elites and the descent into war for race and space culminating in the horrors of the holocaust

God and Humanity in Auschwitz Donald Dietrich, 2017-07-12 God and Humanity in Auschwitz synthesizes the findings of research developed over the last thirty years

on the rise of anti-Semitism in our civilization Donald J Dietrich sees the Holocaust as a case study of how prejudice has been theologically enculturated He suggests how it may be controlled by reducing aggressive energy before it becomes overwhelming Dietrich studies the recent responses of Christian theologians to the Holocaust and the Jewish theological response to questions concerning God's covenant with Israel which were provoked by Auschwitz Social science has dealt with the psychosocial dynamics that have supported genocide and helps explain how ordinary persons can produce extraordinary evil Dietrich shows how this research combined with theological analyses can help reconfigure theology itself Such an approach may serve to help dissolve anti-Semitism to aid in constructing such positive values as respect for human dignity and to point the way to restricting future outbreaks of genocide God and Humanity in Auschwitz surveys which religious factors created a climate that permitted the Holocaust It also illuminates what social science has to tell us about developing a strategy that when institutionally implemented can channel our energies away from sanctioned murder toward a more compassionate society The book has proven to be an essential resource for theologians sociologists historians and political theorists Terror from the Extreme Right Tore Bjorgo, 2014-03-05 This first volume in a new series comprises nine contributions originally presented at a workshop supported by the Norwegian Ministry of Foreign Affairs in Berlin in August 1994 Topics range from right wing violence in North America to the development patterns and causes of violence against fore **Hitler's Followers (RLE Nazi Germany & Holocaust)** Detlef Muhlberger, 2014-09-04 When originally published in 1991 this book was the first systematic detailed evaluation of the social structure of the Nazi Party in several regions of Germany during its so called Kampfzeit phase Based on extensive archival material much of it left untouched since the end of the war until Detlef Muhlberger uncovered it the book demonstrates that the Nazi Party and its major auxiliaries the SA and the SS mobilized support which was remarkably heterogeneous in social terms The author reveals that in addition to followers from the middle and upper social classes the Nazi Party enjoyed strong support among the lower class and it was indeed as it claimed to be a people's party or Volkspartei *Model Nazi* Catherine Epstein, 2012-03-22 The compelling story of Arthur Greiser territorial leader of the Warthegau and the man who initiated the Final Solution in Nazi occupied Poland *Adolf Hitler* David Nicholls, 2000-10-26 This A-Z biographical sourcebook provides information about the life and times of Adolf Hitler along with insight into the political movement and world conflict he created The Hitler regime warns us of the destruction that ensues when a perverted ideology and a cult of leadership are combined with a polity where power is divorced from morality This illustrated A-Z biographical companion provides easily accessible information about the key events in Hitler's life his most important collaborators and opponents his domestic and foreign policies the use of propaganda and the forging of the Hitler cult racial persecution and the Holocaust and Hitler as a war leader Adolf Hitler also includes an introduction a chronology maps primary source documents a general bibliography and index **Germany - The Tides of Power** Michael Balfour, 2004-03 Balfour explains the factors which have shaped the German social political and economic

character Tracing the movement from the Middle Ages right up to unification of Germany he seeks to lead the reader to an understanding of modern Germany

A Concise History of Nazi Germany Joseph W. Bendersky, 2020-09-21 This balanced history offers a concise readable introduction to Nazi Germany Combining compelling narrative storytelling with analysis Joseph W Bendersky offers an authoritative survey of the major political economic and social factors that powered the rise and fall of the Third Reich Now in its fifth edition the book incorporates significant research of recent years analysis of the politics of memory postwar German controversies about World War II and the Nazi era and more on non Jewish victims Delving into the complexity of social life within the Nazi state it also reemphasizes the crucial role played by racial ideology in determining the policies and practices of the Third Reich Bendersky paints a fascinating picture of how average citizens negotiated their way through both the threatening power behind certain Nazi policies and the strong enticements to acquiesce or collaborate His classic treatment provides an invaluable overview of a subject that retains its historical significance and contemporary importance

Weimar Radicals Timothy Scott Brown, 2009 Exploring the gray zone of infiltration and subversion in which the Nazi and Communist parties sought to influence and undermine each other this book offers a fresh perspective on the relationship between two defining ideologies of the twentieth century The struggle between Fascism and Communism is situated within a broader conversation among right and left wing publicists across the Youth Movement and in the National Bolshevik scene thus revealing the existence of a discourse on revolutionary legitimacy fought according to a set of common assumptions about the qualities of the ideal revolutionary Highlighting the importance of a masculine militarist politics of youth revolt operative in both Marxist and anti Marxist guises Weimar Radicals forces us to re think the fateful relationship between the two great ideological competitors of the Weimar Republic while offering a challenging new interpretation of the distinctive radicalism of the interwar era

The Nazi Voter Thomas Childers, 2010-06-15 The first study based on a large national sample of both urban and rural districts examines the Nazi constituency how it was formed from which social groups under what conditions and with what promises Using advanced statistical techniques to analyze each national election of the Weimar era Childers offers a new and challenging interpretation of who voted for Hitler s NSDAP and why He also provides a systematic examination of Nazi campaign strategy

The Jews in Weimar Germany Donald L. Niewyk, 2001-01-01 The first comprehensive history of the German Jews on the eve of Hitler s seizure of power this book examines both their internal debates and their relations with larger German society It shows that far from being united German Jewry was deeply divided along religious political and ideological fault lines Above all the liberal majority of patriotic and assimilationist Jews was forced to sharpen its self definition by the onslaught of Zionist zealots who denied the Germanness of the Jews This struggle for the heart and soul of German Jewry was fought at every level affecting families synagogues and community institutions Although the Jewish role in Germany s economy and culture was exaggerated they were certainly prominent in many fields giving rise to charges of privilege and

domination This volume probes the texture of German anti-Semitism distinguishing between traditional and radical Judeophobia and reaching conclusions that will give no comfort to those who assume that Germans were predisposed to become willing executioners under Hitler It also assesses the quality of Jewish responses to racist attacks The self defense campaigns of the Central Association of German Citizens of the Jewish Faith included publishing counter propaganda supporting sympathetic political parties and taking anti-Semitic demagogues to court Although these measures could only slow the rise of Nazism after 1930 they demonstrate that German Jewry was anything but passive in its responses to the fascist challenge The German Jews faith in liberalism is sometimes attributed to self delusion and wishful thinking This volume argues that in fact German Jewry pursued a clear sighted perception of Jewish self interest apprehended the dangers confronting it and found allies in socialist and democratic elements that constituted the other Germany Sadly this profound and genuine commitment to liberalism left the German Jews increasingly isolated as the majority of Germans turned to political radicalism in the last years of the Republic This full scale history of Weimar Jewry will be of interest to professors students and general readers interested in the Holocaust and Jewish History Donald L Niewyk studied at the Free University of Berlin and Tulane He has taught at Xavier University and Ithaca College and since 1982 he has been a professor of modern European history at Southern Methodist University He is author of six books including most recently Fresh Wounds Early Narratives of Holocaust Survival
