Politieskaia Reklama:

How Russia Really Works Alena V. Ledeneva, 2014-01-15 During the Soviet era blat the use of personal networks for obtaining goods and services in short supply and for circumventing formal procedures was necessary to compensate for the inefficiencies of socialism The collapse of the Soviet Union produced a new generation of informal practices In *How Russia Really Works* Alena V Ledeneva explores practices in politics business media and the legal sphere in Russia in the 1990s from the hiring of firms to create negative publicity about one s competitors to inventing novel schemes of tax evasion and engaging in alternative techniques of contract and law enforcement Ledeneva discovers ingenuity wit and vigor in these activities and argues that they simultaneously support and subvert formal institutions They enable corporations the media politicians and businessmen to operate in the post Soviet labyrinth of legal and practical constraints but consistently undermine the spirit if not the letter of the law The know how Ledeneva describes in this book continues to operate today and is crucial to understanding contemporary Russia

Virtual Politics Andrew Wilson, Professor of the Archaeology of the Roman Empire Andrew Wilson, 2005-01-01 States like Russia and Ukraine may not have gone back to totalitarianism or the traditional authoritarian formula of stuffing the ballot box cowing the population and imprisoning the opposition or not obviously But a whole industry of political technology has developed instead with shadowy private firms and government fixers on lucrative contracts dedicated to the black arts of organizing electoral success This book uncovers the sophisticated techniques of the virtual political system used to legitimize post Soviet regimes entire fake parties phantom political rivals and scarecrow opponents And it exposes the paramount role of the mass media in projecting these creations and in falsifying the entire political process Wilson argues that it is not primarily economic problems that have made it so difficult to develop meaningful democracy in the former Soviet world Although the West also has its spin doctors dirty tricks and aggressive ad campaigns it is the unique post Bolshevik culture of political technology that is the main obstacle to better governance in the region to real popular participation in public affairs and to the modernization of the political economy in the longer term

Aspects of the Orange Revolution II Bohdan Harasymiw, Oleh S. Ilnytskyj, 2007-11-22 In Ukraine s presidential elections of 2004 the establishment candidate Viktor Yanukovych had the advantages of a solid regional base access to administrative resources dominance in the media help by Russian spin doctors and support of Moscow Yet the winner was the pro Western challenger Viktor Yushchenko How did Ukrainian voters break through the barrage of propaganda so as to deliver their ultimate verdict Was the divide between Eastern and Western Ukraine fact or PR fiction In this volume scholars from two continents examine various aspects of the elections that turned into the Orange Revolution focusing on electoral campaigns and attempts to manipulate results Following the editor s scene setting chapter which looks at the electoral laws and their consequences in the previous decade s elections presidential and parliamentary the contributors take up specific features of the 2004 contest The critical part played by a single independent television channel is analyzed by Marta Dyczok Ilya

Khineyko reviews the coverage of the elections in the Russian press favorable to Yanukovych and always looking for parallels between Russia and Ukraine as well as keeping in mind Moscow's interests. The myths and stereotypes of the campaign are taken up in two contributions by Lyudmyla Pavlyuk and Olena Yatsunska. Clearly constructed images often overshadowed real issues. Valerii Polkonsky's essay exposes the linguistic innovations of the campaign including the irony and humour unleashed by such incidents as the egg attack on Yanukovych. In Kerstin Zimmer's final paper the machine politics administrative resources and fraud which had worked so well in Donetsk are shown to have been less than successful on the national level for reasons of scale and impersonality.

Russian Society in Transition Christopher Williams, Vladimir Il'ich Chuprov, Vladimir Ivanovich Staroverov, 1996. Against the background of Russia's second parliamentary elections of December 1995, this book examines the social aspects of Russia's transition to the market. Chapters from UK and Russian specialists assess past, present and future developments in politics, economics and sociology, demography and the family, social structure, education, youth, the welfare state, labour policy, health care, civil society, national identity and law and order in the period from 1991-96. It is argued that the results of the recent December 1995 parliamentary elections and the communist and nationalist victories over the centrists demonstrate that declining living standards, the collapse of the welfare state, class conflict, rising unemployment, growing crime and the rise of the mafia might well adversely influence Russia's reforms and ultimately effect Russia's prospects of making a successful transition by the end of this decade.

Canadian Slavonic Papers, 2004. Balancing Act: Countering Digital Disinformation While Respecting Freedom of Expression. Broadband Commission for Sustainable Development, International Telecommunication Union, UNESCO, 2021-09-21. Universal Codes of Media in International Political Communications: Emerging Research and Opportunities. Yeromin, Mykola Borysovykh, 2020-11-27.

Much like different lenses will give a camera a different view, different forms of media portray different aspects of political relations. Without conveyed messages through audiovisual media, individuals would lose those conveyed messages through subtextual means. Universal Codes of Media in International Political Communications: Emerging Research and Opportunities provides emerging research exploring the theoretical and practical aspects of audiovisual media and applications within political science. Featuring coverage on a broad range of topics such as media representation, political studies and international communications, this book is ideally designed for policymakers, administrators and government officials.

The Global Public Relations Handbook, Revised and Expanded Edition. Krishnamurthy Sriramesh, Dejan Vercic, 2009-01-13. Expanding on the theoretical framework for studying and practicing public relations around the world, *The Global Public Relations Handbook, Revised and Expanded Edition* extends the discussion in the first volume on the history, development and current status of the public relations industry from a global perspective. This revised edition offers twenty new chapters in addition to the original contents. It includes fourteen additional country or regionally focused chapters exploring public relations practice in Africa, Asia, Europe and the Americas. Contributors use a theoretical framework to present information on

the public relations industry in their countries and regions They also focus on such factors as the status of public relations education in their respective countries and professionalism and ethics Each country specific chapter includes a case study typifying public relations practice in that country Additional new chapters discuss political economy activism international public relations and United Nations public affairs Losing Pravda Natalia Roudakova,2017-09-28 The story of the

spectacular unravelling of journalism as a profession in Russia in the last thirty years **Public Relations and Communication Management in Europe** Betteke van Ruler,Dejan Vercic,2008-08-22 The book challenges the notion that public relations in Europe is no more than a copy of the Anglo American approach It presents a nation by nation introduction to historical public relations developments and current topics in European countries written by noted national experts in public relations research and well known professionals who are able to oversee the situation in their own countries The contributions take an insider point of view and combine researched facts and figures with qualitative observations and personal reviews In addition the book provides conceptual statements that offer an insight into theoretical approaches

The Global Public Relations Handbook Krishnamurthy Sriramesh,Dejan Vercic,2003-06-20 This handbook represents the state of the public relations profession throughout the world with contributions from the Americas Europe Asia and Africa A resource for scholars and advanced students in public relations international business **Strategic Communications in**

Russia Katerina Tsetsura,Dean Kruckeberg,2020-09-07 This book serves as a reader exploring the scholarly inquiry professional education and practice of Russian public relations and advertising in multiple contexts It examines significant parts of what can be encompassed under the umbrella of strategic communications including public relations and advertising rather than investigating all areas of communication in Russia Within the context of Russia s history culture and ideology the book begins by tracing the development of communication as a field as a discipline and as a social institution in Russia It then samples current studies in Russian strategic communications examining this professional specialization s current state and likely future directions The book s authors are mostly Russians who are experts in their specializations Chapters are predicated upon the premise that this is an exciting time of great opportunity for Russian strategic communications However in Russia exploiting such opportunities for strategic communications scholarship education and professional practice presents challenges within the context of that nation s cultural historical and ideological heritage that presently may be unique The book concludes with a prognosis of the future of Russian strategic communications The book is recommended reading for a worldwide audience of strategic communications scholars educators students and practitioners Such readers will find the book of interest and of unique value as the book will help them to better understand appreciate and respect Russian strategic communications its genesis and present state *Europe-Asia Studies* ,1997 *The Socialist Sixties* Anne E. Gorsuch,Diane P. Koenker,2021-12-22 A very engaging collection of essays that adds much to an evolving literature on the social history of the Soviet Union and broader socialist societies Choice The 1960s have reemerged in scholarly and popular

culture as a protean moment of cultural revolution and social transformation In this volume socialist societies in the Second World the Soviet Union East European countries and Cuba are the springboard for exploring global interconnections and cultural cross pollination between communist and capitalist countries and within the communist world Themes explored include flows of people and media the emergence of a flourishing youth culture sharing of songs films and personal experiences through tourism and international festivals and the rise of a socialist consumer culture and an esthetics of modernity Challenging traditional categories of analysis and periodization this book brings the sixties problematic to Soviet studies while introducing the socialist experience into scholarly conversations traditionally dominated by First World perspectives

Yearbook on Socialist Legal Systems, 1987 William Elliott Butler, 1988 This volume contains British Bulgarian Polish Russian Japanese and American contributions on such topics as legal history and language in legal translation economic restructuring foreign trade and investment legislation and the role of the Soviet defense counsel or advocate
