Politics And Culture In Wartime Japan

Shunsuke Tsurumi

Politics And Culture In Wartime Japan:

Politics and Culture in Wartime Japan Ben-Ami Shillony,1991 This analysis of the politics and culture of Japan during the period of World War II argues that the wartime regime repressive as it was was very different from contemporary totalitarian states

Daily Life in Wartime Japan, 1940-1945 Samuel Hideo Yamashita,2017-02-19 The population of wartime Japan 1940 1945 has remained a largely faceless enemy to most Americans thanks to the distortions of US wartime propaganda popular culture and news reports At a time when this country s wartime experiences are slowly and belatedly coming into focus this remarkable book by Samuel Yamashita offers an intimate picture of what life was like for ordinary Japanese during the war Drawing upon diaries and letters written by servicemen kamikaze pilots evacuated children and teenagers and adults mobilized for war work in the big cities provincial towns and rural communities Yamashita lets us hear for the first time the rich mix of voices speaking in every register during the course of the war Here is the housewife struggling to feed her family while supporting the war effort the eager conscript from snow country enduring the harshest most abusive training imaginable in order to learn how to fly the Tokyo teenagers made to work in wartime factories the children taken from cities to live in the countryside away from their families and with little food and no privacy the Kyushu farmers pressured to grow ever more rice and wheat with fewer hands and less fertilizer and the Kyoto octogenarian driven to thoughts of suicide by his inability to contribute to the war How these ordinary Japanese coped with wartime hardships and dangers and how their views changed over time as disillusionment impatience and sometimes despair set in is the story that Yamashita s book brings to the American reader A history of life during war Daily Life in Wartime Japan 1940 1945 is also a glimpse of a now vanished world

Political Protest and Social Control in Pre-war Japan Ian Neary,1989

Japan's Carnival War Benjamin Uchiyama,2019-03-14 This cultural history of the Japanese home front during the Asia Pacific War challenges ideas of the period as one of unrelenting repression Uchiyama demonstrates that carnival war coexisted with the demands of total war to promote consumerist desire alongside sacrifice and fantasy alongside nightmare helping mobilize the war effort

Democracy in Post-War Japan Rikki Kersten,2013-06-17 Democracy in Post War Japan assesses the development of democracy through the writings of the brilliant political thinker Maruyama Masao The author explores the significance of Maruyama s notion of personal and social autonomy and its impact on the development of a distinctively Japanese democratic ideal This book based on contemporary documents and on interviews with Maruyama is the only full scale analysis of his work and thought to be published in English

Japanese Army Stragglers and Memories of the War in Japan, 1950-75 Beatrice Trefalt,2013-01-11 This book charts comprehensively the various discoveries in Southeast Asia and the Pacific of Japanese soldiers still fighting the Second World War many years after it had ended It explores their return to Japan and their impact on the Japanese people revealing changing attitudes to war veterans and war casualties families as well as the ambivalence of memories of the war

Hiroshima Nagasaki Paul Ham,2014-08-05 A history and

analysis of the WWII nuclear bombings of Japan from a master of engrossing and exciting narrative Los Angeles Review of Books In this harrowing history of the Hiroshima and Nagasaki bombings Paul Ham argues against the use of nuclear weapons drawing on extensive research and hundreds of interviews to prove that the bombings had little impact on the eventual outcome of the Pacific War More than 100 000 people were killed instantly by the atomic bombs mostly women children and the elderly Many hundreds of thousands more succumbed to their horrific injuries later or slowly perished of radiation related sickness Yet American leaders claimed the bombs were our least abhorrent choice and still today most people believe they ended the Pacific War and saved millions of American and Japanese lives In this gripping narrative Ham demonstrates convincingly that misunderstandings and nationalist fury on both sides led to the use of the bombs Ham also gives powerful witness to its destruction through the eyes of eighty survivors from twelve year olds forced to work in war factories to wives and children who faced the holocaust alone Hiroshima Nagasaki presents the grisly unadorned truth about the bombings blurred for so long by postwar propaganda and transforms our understanding of one of the defining events of the twentieth century Praise for Hiroshima Nagasaki Moral anger drives Mr Ham Ordinary Japanese Mr Ham believes were less emperor worshipping fanatics than victims of an authoritarian elite that prolonged the war with no regard for their hardships The Wall Street Journal Ham presents a forceful argument that the bombing was excessive and unjustified In this sweeping and comprehensive history Ham details the geopolitical considerations and huge egos behind evolving theories of warfare But most powerful are the eyewitness accounts of 80 survivors ordinary people caught up in the events of war Booklist starred review

The Warrior's Camera Stephen Prince, 1999-11-14 The Japanese film director Akira Kurosawa who died at the age of 88 has been internationally acclaimed as a giant of world cinema Rashomon which won both the Venice Film Festival's grand prize and an Academy Award for best foreign language film helped ignite Western interest in the Japanese cinema Seven Samurai and Yojimbo remain enormously popular both in Japan and abroad In this newly revised and expanded edition of his study of Kurosawa's films Stephen Prince provides two new chapters that examine Kurosawa's remaining films placing him in the context of cinema history Prince also discusses how Kurosawa furnished a template for some well known Hollywood directors including Martin Scorsese Steven Spielberg and George Lucas Providing a new and comprehensive look at this master filmmaker The Warrior's Camera probes the complex visual structure of Kurosawa's work The book shows how Kurosawa attempted to symbolize on film a course of national development for post war Japan and it traces the ways that he tied his social visions to a dynamic system of visual and narrative forms The author analyzes Kurosawa's entire career and places the films in context by drawing on the director's autobiography a fascinating work that presents Kurosawa as a Kurosawa character and the story of his life as the kind of spiritual odyssey witnessed so often in his films After examining the development of Kurosawa's visual style in his early work The Warrior's Camera explains how he used this style in subsequent films to forge a politically committed model of filmmaking It then demonstrates how the

collapse of Kurosawa's efforts to participate as a filmmaker in the tasks of social reconstruction led to the very different cinematic style evident in his most recent films works of pessimism that view the world as resistant to change The Oxford Illustrated History of World War Two Richard Overy, 2015-04-09 World War Two was the most devastating conflict in recorded human history It was both global in extent and total in character It has understandably left a long and dark shadow across the decades Yet it is three generations since hostilities formally ended in 1945 and the conflict is now a lived memory for only a few And this growing distance in time has allowed historians to think differently about how to describe it how to explain its course and what subjects to focus on when considering the wartime experience For instance as World War Two recedes ever further into the past even a question as apparently basic as when it began and ended becomes less certain Was it 1939 when the war in Europe began Or the summer of 1941 with the beginning of Hitler's war against the Soviet Union Or did it become truly global only when the Japanese brought the USA into the war at the end of 1941 And what of the long conflict in East Asia beginning with the Japanese aggression in China in the early 1930s and only ending with the triumph of the Chinese Communists in 1949 In The Oxford Illustrated History of World War Two a team of leading historians reassesses the conflict for a new generation exploring the course of the war not just in terms of the Allied response but also from the viewpoint of the Axis aggressor states Under Richard Overy's expert editorial guidance the contributions take us from the genesis of war through the action in the major theatres of conflict by land sea and air to assessments of fighting power and military and technical innovation the economics of total war the culture and propaganda of war and the experience of war and genocide for both combatants and civilians concluding with an account of the transition from World War to Cold War in the late 1940s Together they provide a stimulating and thought provoking new interpretation of one of the most terrible and fascinating episodes in world history **Japan, a Modern History** James L. McClain, 2002 Japan A Modern History provides a comprehensive narrative that integrates the political social cultural and economic history of modern Japan from the investiture of Tokugawa Ieyasu in 1603 to the present Blood and Ruins Richard Overy, 2023-04-04 Monumental A vast and detailed study that is surely the finest single volume history of World War II Richard Overy has given us a powerful reminder of the horror of war and the threat posed by dictators with dreams of empire The Wall Street Journal A thought provoking and original reassessment of World War II from Britain's leading military historian A New York Times bestseller Richard Overy sets out in Blood and Ruins to recast the way in which we view the Second World War and its origins and aftermath As one of Britain's most decorated and respected World War II historians he argues that this was the last imperial war with almost a century long lead up of global imperial expansion which reached its peak in the territorial ambitions of Italy Germany and Japan in the 1930s and early 1940s before descending into the largest and costliest war in human history and the end after 1945 of all territorial empires Overy also argues for a more global perspective on the war one that looks broader than the typical focus on military conflict between the Allied and Axis states Above all Overy explains the bitter cost

for those involved in fighting and the exceptional level of crime and atrocity that marked the war and its protracted aftermath which extended far beyond 1945 *Blood and Ruins* is a masterpiece a new and definitive look at the ultimate struggle over the future of the global order which will compel us to view the war in novel and unfamiliar ways Thought provoking original and challenging *Blood and Ruins* sets out to understand the war anew **Human Nature and the Causes of War** John David Orme, 2018-04-07 What are the causes of war Wars are generally begun by a revisionist state seeking to take territory The psychological root of revisionism is the yearning for glory honor and power Human nature is the primary cause of war but political regimes can temper or intensify these passions This book examines the effects of six types of regime on foreign policy monarchy republic and sultanistic charismatic and military and totalitarian dictatorship Dictatorships encourage and unleash human ambition and are thus the governments most likely to begin ill considered wars Classical realism modified to incorporate the impact of regimes and beliefs provides a more convincing explanation of war than neo realism Leaves from an Autumn of Emergencies Samuel Hideo Yamashita, 2005-09-30 The fall of Singapore and the brilliant victories achieved since the start of the war mean we are protected but I don't know just how grateful I should be Takahashi Aiko housewife February 1942 This is my final departure from the home islands I have paid my respects to those who have helped me I have no regrets Itabashi Yasuo navy kamikaze pilot February 1944 We had rice gruel for lunch again There was no tofu in it but there were potatoes We went through with the closing ceremony and received our report cards Everyone was there From now on I'll persevere and not fail Manabe Ichiro primary school student July 1944 This collection of diaries gives readers a powerful firsthand look at the effects of the Pacific War on eight ordinary Japanese Immediate vivid and at times surprisingly frank the diaries chronicle the last years of the war and its aftermath as experienced by a navy kamikaze pilot an army straggler on Okinawa an elderly Kyoto businessman a Tokyo housewife a young working woman in Tokyo a teenage girl mobilized for war work and two schoolchildren evacuated to the countryside Samuel Yamashita's introduction provides a helpful overview of the historiography on wartime Japan and offers valuable insights into the important everyday issues that concerned Japanese during a different and disastrously difficult time Japan since 1945 Dennis Smith, 1995-08-07 Few historians have attempted an account of Japan since 1945 yet the country's emergence as the second largest economy in the world has been one of the most dramatic and significant developments since the Second World War Dennis Smith's work takes a deliberately historical approach in the belief that it is impossible to assess the nature of post war Japan's achievement without first considering the significance of the pre war and wartime legacy It blends politics and economics aware that in Japan the close links between the worlds of politics government and of business deny rigid divisions Origins of the Second World War Reconsidered Gordon Martel, 2002-02-07 When A J P Taylor's *The Origins of the Second World War* appeared in 1961 it made a profound impact The book became a classic and a central point of reference in all discussion on the Second World War The second edition of

this distinguished collection written by leading experts in the field is designed to bring the state of the argument up to date. The issues discussed include the legacy of the Treaty of Versailles, Hitler's foreign policy, Appeasement, AJP Taylor and the Russians, the treatment of the crises leading up to war including the Anschluss, Danzig, Abyssinian crises and the Spanish Civil War. This second edition will ensure that *The Origins of the Second World War* will remain a high priority student and scholarly reading list.

Collected Writings of Gordon Daniels Gordon Daniels, 2004-03-01 Originally a student of Meiji University, Japan, Gordon Daniels is widely known for his work on the Pacific War and the Occupation of Japan with particular regard to the world of communications in film and propaganda as well as Japanese sport. He has also been closely involved with the post-war era of international relations and Japan as well as studies in Japanese history and historiography. In the 1980s he made significant contributions in reporting on the scope and development of Japanese Studies in Britain. His most recent work has been as joint editor and contributor with Chushichi Tsuzuki of *Social and Cultural Perspectives*, the fifth of the five volume series on the history of Anglo-Japanese Relations, Palgrave, 2002.

Modern Japan Elise Tipton, 2017-09-19 This thoroughly revised and updated third edition of *Modern Japan* provides a concise and fascinating introduction to the social, cultural and political history of modern Japan. Ranging from the Tokugawa period to the present day, Tipton links everyday lives with major historical developments, charting the country's evolution into a modernized economic and political world power. Drawing on the latest research, the book features new material on the global financial crisis, the Fukushima nuclear disaster and continuing political instability. While retaining analysis of women's issues, minorities and popular culture, this third edition's expanded coverage of Japan's role in the Second World War, life in the empire and the history of science, medicine and technology contributes to a sense of the complexity and diversity of modern Japan. Including an updated chronology, glossary and guide to further reading as well as new maps and illustrations to help students to engage directly with the subject matter, this highly accessible and comprehensive textbook is an essential resource for students, scholars and teachers of Japanese history, politics, culture and society.

An Intellectual History Of Wartime Japan 1931-1945 Shunsuke Tsurumi, 2013-10-28 First published in 1986. By the middle of the nineteenth century, Japan had been a closed country for more than two hundred years. Then a period of constant communication between Japan and the outside world suddenly began. The Fifteen Years War was in effect the intensification of relations between already warring nations. During the struggle of 1931 to 1945, Japan was engaged in incessant international activity. This book is based on lectures given at McGill University, Montreal, Canada, from 1979 to 1980.

The Politics and Literature Debate in Postwar Japanese Criticism, 1945-52 Atsuko Ueda, Michael K. Bourdaghs, Richi Sakakibara, Hirokazu Toeda, 2017-05-09 In the wake of its defeat in World War II, as Japan was forced to remake itself from empire to nation in the face of an uncertain global situation, literature and literary criticism emerged as highly contested sites. Today this remarkable period holds rich potential for opening new dialogue between scholars in Japan and North America as we rethink the historical and contemporary

significance of a number of important issues including the meaning of the American occupation both inside and outside of Japan the shifting semiotics of literature and politics and the origins of crucial ideological weapons of the cultural Cold War This collection features works by Japanese intellectuals written in the immediate postwar period These writings many appearing in English for the first time offer explorations into the social political and philosophical debates among Japanese literary elites that shaped the country's literary culture in the aftermath of defeat

Local Government Development in Post-war Japan Michio Muramatsu, Farrukh Iqbal, Ikuo Kume, 2001 This book examines the evolution of intergovernmental relations in postwar Japan These relations are shown to be both complex and dynamic and the Japanese model is revealed as one in which aspects of both central control and local autonomy have co existed with the balance shifting gradually over time towards the latter The Japanese system has helped to maintain broad based economic growth since it has at its core a strongly egalitarian fiscal transfer mechanism At the same time it has proved to be consistent to a much greater extent than previously recognized with political development or progress in the attainment of such political values as liberty personal rights and equality broad participation in public affairs for individuals and communities This is because the national government has proved flexible enough to accommodate although not always with grace or alacrity citizen concerns about the quality of life The Japanese approach to intergovernmental relationships has also been successful in solving coordination problems which often arise between local and central government units and in building capacity to support greater and effective decentralization Coordination problems have been handled through a variety of mechanisms including the practice of agency delegated functions while local capacity issues have been addressed through such practices as the exchange of personnel across different levels of government and the use of attractive compensation and training packages to recruit and retain local staff The Japanese experience thus provides an example of gradual and guided decentralization based on shared responsibilities between local and central governments for mobilizing managing and spending public resources in the pursuit of sustainable development

Politics And Culture In Wartime Japan Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Politics And Culture In Wartime Japan PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Politics And Culture In Wartime Japan PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and

publishers who make these resources available. In conclusion, the availability of Politics And Culture In Wartime Japan free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Politics And Culture In Wartime Japan Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Politics And Culture In Wartime Japan is one of the best book in our library for free trial. We provide copy of Politics And Culture In Wartime Japan in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Politics And Culture In Wartime Japan. Where to download Politics And Culture In Wartime Japan online for free? Are you looking for Politics And Culture In Wartime Japan PDF? This is definitely going to save you time and cash in something you should think about.
