Politics And Form In Postmodern Poetry Ohara Bishop Ashbery And Merrill:

Politics and Form in Postmodern Poetry Mutlu Konuk Blasing, 1995-11-24 Approaching post World War II poetry from a postmodern critical perspective this study challenges the prevailing assumption that experimental forms signify political opposition while traditional forms are politically conservative Blasing shows how four major postwar poets Frank O'Hara Elizabeth Bishop John Ashbery and James Merrill cannot be read as politically conservative because formally traditional or vice versa The work of these poets plays an important cultural role precisely by revealing how meanings and values do not inhere in forms but are always and irreducibly rhetorical *Romanticism and Postmodernism* Edward Larrissy, 1999-08-28 The persistence of Romantic thought and literary practice into the late twentieth century is evident in many contexts from the philosophical and ideological abstractions of literary theory to the thematic and formal preoccupations of contemporary fiction and poetry Though the precise meaning of the Romantic legacy is contested it remains stubbornly difficult to move beyond This collection of essays by prominent critics and literary theorists was first published in 1999 and explores the continuing impact of Romanticism on a variety of authors and genres including John Barth William Gibson and John Ashbery while writers from the Romantic and Victorian period include Wordsworth Byron and Emily Bront Many critics have assumed that the forms and modes of feeling associated with the Romantic period continued to influence the cultural history of the first half of the twentieth century This was the first book to consider the mutual impact of postmodernism and Romanticism

Hyperscapes in the Poetry of Frank O'Hara Hazel Smith, 2000-10-01 Frank O'Hara's poetry evokes a specific era and location New York in the fifties and early sixties This is a pre computer age of typewritten manuscripts small shops and lunch hours it is also an age of gay repression accelerating consumerism and race riots Hazel Smith suggests that the location and dislocation of the cityscape creates hyperscapes in the poetry of Frank O'Hara The hyperscape is a postmodern site characterised by difference breaking down unified concepts of text city subject and art and remoulding them into new textual subjective and political spaces This book theorises the process of disruption and re figuration which constitutes the hyperscape and celebrates its radicality *John Ashbery and American Poetry* David Herd, 2024-07-30 David Herd sets out to provide readers with a new critical language through which they can appreciate the beauty and complexity of Ashbery's writing Presenting the poet in all his forms avant garde nostalgic sublime and camp the book argues that the perpetual inventiveness of Ashbery's work has always been underpinned by the poet's desire to write the poem fit to cope with its occasion Tracing Ashbery's development in the light of this idea and from its origins in the dazzling artistic environment of 1950's New York the book evaluates his poetry against the aesthetic literary and historical backgrounds that have informed it The story of a brilliant career and a history of the period in which that career has taken shape *John Ashbery and American Poetry* provides a compelling account of Ashbery's importance to Twentieth Century Literature WLA, 1999 **News of War** Rachel Judith Galvin, 2018 A new work of scholarship that considers several of the most prominent poets writing from

the outbreak of the Spanish Civil War to the end of World War II **Collage in Twentieth-Century Art, Literature, and Culture** Rona Cran, 2016-05-23 Emphasizing the diversity of twentieth century collage practices Rona Cran's book explores the role that it played in the work of Joseph Cornell William Burroughs Frank O'Hara and Bob Dylan For all four collage was an important creative catalyst employed cathartically aggressively and experimentally Collage's catalytic effect Cran argues enabled each to overcome a potentially destabilizing crisis in representation Cornell convinced that he was an artist and yet hampered by his inability to draw or paint used collage to gain access to the art world and to show what he was capable of given the right medium Burroughs formal problems with linear composition were turned to his advantage by collage which enabled him to move beyond narrative and chronological requirement O'Hara used collage to navigate an effective path between plastic art and literature and to choose the facets of each which best suited his compositional style Bob Dylan's self-conscious application of collage techniques elevated his brand of rock and roll to a level of heightened aestheticism

Throughout her book Cran shows that to delineate collage stringently as one thing or another is to severely limit our understanding of the work of the artists and writers who came to use it in non traditional ways **American Poetry since 1945** Eleanor Spencer-Regan, 2017-09-16 This book features a collection of essays on some of the key poets of post war America written by leading scholars in the field All the essays have been newly commissioned to take account of the diverse movements in American poetry since 1945 and also to reflect retrospectively on some of the major talents that have shaped its development In the aftermath of the Second World War American poets took stock of their own tumultuous past but faced the future with radically new artistic ideals and commitments More than ever before American poetry spoke with its own distinctive accents and declared its own dreams and desires This is the era of confessionalism beat poetry protest poetry and avant garde postmodernism This book explores the work of John Berryman Robert Lowell Elizabeth Bishop Adrienne Rich and Sylvia Plath as well as contemporary African American poets and new poetic voices emerging in the 21st century This New Casebook introduces the major American poets of the post war generation evaluates their achievements in the light of changing critical opinion and offers lively incisive readings of some of the most challenging and enthralling poetry of the modern era

Leonard,2010-01-01 Political Poetry as Discourse examines the works of the political poets John Greenleaf Whittier and Ebenezer Elliott drawing comparisons to contemporary hip hoppers who take their words from local newspapers and other discursive sources that they read hear and observe Local presses and news vehicles stand as cultural material forms that supply poets with words particularly words that congeal into patterns of language allowing the creation of a poetic discourse As readers of these poets apply techniques and theories of discourse analysis they reveal how poets borrow lift hijack or resituate words from one or more different genres to use as tools of political change Leonard engages with the critical toolboxes of content analysis semiosis and deconstruction to demonstrate how to critically investigate and interrogate the images sounds and words not just of politically engaged poets but also of any disseminator of culture and news Moving beyond theory into praxis this book becomes a model of its own transgressive premise by thinking analyzing writing and teaching against the grain Its focus on language as unbounded discourse makes this book a relevant and insightful demonstration in democratic pedagogy and in teaching for transformation
