The Politics of Punishment Louise Brangan, 2021-05-16 Prisons are everywhere Yet they are not everywhere alike How can we explain the differences in cross national uses of incarceration The Politics of Punishment explores this question by undertaking a comparative sociological analysis of penal politics and imprisonment in Ireland and Scotland Using archives and oral history this book shows that divergences in the uses of imprisonment result from the distinctive features of a nation s political culture the different political ideas cultural values and social anxieties that shape prison policymaking Political culture thus connects large scale social phenomena to actual carceral outcomes illuminating the forces that support and perpetuate cross national penal differences The work therefore offers a new framework for the comparative study of penalty This is also an important work of sociology and history By closely tracking how and why the politics of punishment evolved and adapted over time we also yield rich and compelling new accounts of both Irish and Scottish penal cultures from 1970 to the 1990s The Politics of Punishment will be essential reading for students and academics interested in the sociology of punishment comparative penology criminology penal policymaking law and social history
