**Islam and Power** Alexander S. Cudsi, E. Hillal Dessouki, 2013-07-24 The 1970s witnessed a mushrooming of Islamic movements and ideas which was described variously as Islamic revival Islamic resurgence and Islam on the march Whether as part of the majority or minority whether under capitalist or socialist regimes Muslims have been moved by this reawakening But what really are the causes and nature of this Islamic resurgence Is it a purely religious revival Or is it a social and political movement that must be understood in the context of the Muslim's conditions and milieu Will it really lead to the establishment of an Islamic socio political order or will it end up as an instrument of struggle between Muslim ruling elites and their opposition And what are the foreign policy implications of these developments Do they necessarily lead to a more militant and hostile attitude towards the West These questions and more are tackled by the contributors to Islam and Power First published in 1981

2022 The disturbing eyewitness account of how a new breed of Republicans led by Marjorie Taylor Greene Paul Gosar Matt Gaetz Lauren Boebert and Madison Cawthorn far from moving on from Trump have taken the politics of hysteria to even greater extremes and brought American democracy to the edge The violent insurrection at the U S Capitol on January 6 2021 was a terrible day for American democracy but many people dared to hope that at least it would break the fever that had overcome the Republican Party and banish Trump s relentless lies about the stealing of the 2020 election That is not what happened Instead the big steal has become dogma among an ever higher percentage of American Republicans What happened to the Republican Party and America during the Trump presidency is a story we more or less think we know What has happened to the party since it turns out is even more disquieting That is the story Robert Draper tells in Weapons of Mass Delusion Through his extraordinarily intrepid cross country reporting Draper chronicles the road from January 6 to the 2022 midterms among the Republican base and in the U S Congress rendering unforgettable portraits of how Marjorie Taylor Greene and her ilk came to shape their party s terms of engagement to an extent that would have been unimaginable even five years ago He also brings to life the efforts of a dwindling group of Republicans who are willing to push back against the falsehoods in the face of a group of ascendent demagogues who are merrily weaponizing them With a base whipped up into a perpetual frenzy of outrage by conspiracy theories not just about the big steal but about COVID and vaccines pedophilia and Antifa and Black Lives Matter and George Soros and President Obama and on and on and on the forces of reason within the GOP are on the defensive to put it mildly The book also benefits greatly from reporting conducted in Texas Arizona Georgia New Hampshire and other bellwether states in the country of the mind one might call a fever of undending conspiracies Robert Draper has been a wise fearless and fair minded chronicler of the American political scene for over twenty five years He has seen the good the bad and the ugly He has never seen it this ugly Ultimately this book tells the story of a fearful test of our ability as a country to hold together a system of government grounded in truth and the rule of law Written on the eve of the 2022 midterm elections Draper s account of a party teetering on the precipice of madness reveals how the GOP fringe became its center of gravity
