## **Politics Of Interventionism In Ottoman Lebanon 18301861:**

Humanitarian intervention in the long nineteenth century Alexis Heraclides, Ada Dialla, 2015-07-01 This electronic version has been made available under a Creative Commons BY NC ND open access license This book is a comprehensive presentation of humanitarian intervention in theory and practice during the course of the nineteenth century Through four case studies it sheds new light on the international law debate and the political theory on intervention linking them to ongoing issues and paying particular attention to the lesser known Russian dimension The book begins by tracing the genealogy of the idea of humanitarian intervention to the Renaissance evaluating the Eurocentric gaze of the civilisation barbarity dichotomy and elucidates the international legal arguments of both advocates and opponents of intervention as well as the views of major political theorists It then goes on to examine four cases as humanitarian interventions the Greek War of Independence 1821 31 the Lebanon and Syria 1860 61 the Bulgarian atrocities 1876 78 and the U S intervention in Cuba 1895 98 Humanitarian intervention in the long nineteenth century will be of benefit to scholars and students of international relations international history international law and international political theory *The Government and Politics of the Middle East and North Africa* Mark Gasiorowski, Sean L. Yom, 2018-05-04 With recent upheavals in the Middle East and North Africa the eighth edition of *The Government and Politics of the Middle East and North Africa* has been thoroughly revised to provide a necessary comprehensive and current examination of the domestic politics and foreign policies of this crucial region A newly expanded introduction provides students with a comparative and thematic overview of the region from its political regimes and electoral institutions to its economic and social concerns Each chapter written by an invited specialist uses a common framework to explore the historical background social and political environment political structure and dynamics and foreign policy of a country Chapters are augmented by a country map a box providing key facts and an annotated bibliography summarizing the major literature The eighth edition provides vital new considerations of the aftermath of the Arab Spring the ongoing sectarian violence and rise of ISIS and the growth of social forces like youth movements and women s rights groups In addition the inclusion of six new contributors brings fresh perspectives ensuring that *The Government and Politics of the Middle East and North Africa* remains an essential guide to the region s political landscape **The End of Ottoman Rule in Bosnia** Hannes Grandits, 2021-12-30 This book focuses on the end of four centuries of Ottoman rule in Bosnia and Herzegovina in the 1870s After an introduction to the region and the political zeitgeist of the late 1860s and early 1870s it examines in detail the dramatic years beginning in the summer of 1875 when the outbreak of violent unrest in the eastern Herzegovinian region bordering Montenegro led to a massive refugee catastrophe The study traces the surprising further political and social dynamics to the summer and fall of 1878 when a Habsburg army finally invaded the Bosnian Vilayet and took control of the province but only after months of fighting against massive local resistance throughout the province This book cannot be viewed in isolation from larger political dynamics

which are also constantly present in this study as they unfolded However as this book attempts to show it is hardly possible to understand the often contradictory effects of these larger political dynamics without delving deeper into the complex local rationalities and constraints on the action of the actors involved in them The End of Ottoman Rule in Bosnia will appeal to students teachers and researchers in late Ottoman and Bosnian history      *Government and Politics of the Middle East and North Africa* Sean Yom,2019-10-30 The latest edition of this renowned textbook explores the states and regimes of the Middle East and North Africa Presenting heavily revised fully updated chapters contributed by the world s leading experts it analyzes the historical trajectory political institutions economic development and foreign policies of the region s nearly two dozen countries The volume can be used in conjunction with its sister volume The Societies of the Middle East and North Africa for a comprehensive overview of the region Chapters are organized and structured identically giving insightful windows into the nuances of each country s domestic politics and foreign relations Data tables and extensive annotated bibliographies orient readers towards further research Whether used in conjunction with its sister volume or on its own this book provides the most comprehensive and detailed overview of the region s varied politics Five new experts cover the critical country cases of Turkey Lebanon Jordan Saudi Arabia and Iran All chapters cover the latest events including trends that have remarkably changed in just a few years like the gradual end of the Syrian civil war As such this textbook is invaluable to students of Middle Eastern politics The ninth edition brings substantial changes All chapters also have a uniform streamlined structure that explores the historical context social and economic environment political institutions regime dynamics and foreign policy of each country Fact boxes and political maps are now far more extensive and photographs and images also help illustrate key points Annotated bibliographies are vastly expanded providing nothing short of the best list of research references for each country      **Islamists and the Politics of the Arab Uprisings** Hendrik Kraetzschmar,2018-06-06 Demonstrates how the textual output of settler emigration shapes the nineteenth century literary and artistic imagination      *German Religious Women in Late Ottoman Beirut* Julia Hauser,2015-04-14 In *German Religious Women in Late Ottoman Beirut* Competing Missions Julia Hauser offers a critical analysis of the German Protestant Kaiserswerth deaconesses orphanage and boarding school for girls in late Ottoman Beirut as situated within the larger field of educational development in the city Drawing among other sources on the deaconesses largely unpublished letters home her study illuminates that the only way missionary organizations like the deaconesses could succeed was by entering into negotiations with their local environment adapting their agenda in the process Mission therefore was shaped not merely at home but by conflictual negotiations on the periphery a perspective quite different from the top down isolationist perspective of earlier research on missions      **The Conscience of Lebanon** Mordechai Nisan,2004-08-02 This work is a combination of an account of Lebanese personality Etienne Sakr with a penetrating analysis of the historical and religious contours of Lebanon      *Critical Readings in the History of Christian Mission* Martha Frederiks,Dorottya Nagy,2021-06-22 This selection

of texts introduces students and researchers to the multi and interdisciplinary field of mission history. It appraises them with current discussions, insights and theories. The four parts of this book acquaint the readers with methodological considerations and recurring themes in the academic study of the history of mission. Part one revolves around methods, part two documents approaches, while parts three and four consist of thematic clusters such as mission and language, medical mission, mission and education, women and mission, mission and politics, and mission and art. The text selection represents a wide variety of disciplines, authors and backgrounds. The texts were chosen because they address the complexities involved in studying the history of Christian mission. *Critical Readings in the History of Christian Mission* is suitable for course work and other educational purposes.

*The Caliph and the Imam* Toby Matthiesen, 2023-03-09. The authoritative account of Islam's schism that for centuries has shaped events in the Middle East and the Islamic world. In 632, soon after the Prophet Muhammad died, a struggle broke out among his followers as to who would succeed him. Most Muslims argued that the leader of Islam should be elected by the community's elite and rule as Caliph. They would later become the Sunnis. Others, who would become known as the Shia, believed that Muhammad had designated his cousin and son-in-law Ali as his successor and that henceforth Ali's offspring should lead as Imams. This dispute over who should guide Muslims, the Caliph or the Imam, marks the origin of the Sunni-Shii split in Islam. Toby Matthiesen explores this hugely significant division from its origins to the present day. Moving chronologically, his book sheds light on the many ways that it has shaped the Islamic world, outlining how over the centuries Sunnism and Shiism became Islam's two main branches and how Muslim Empires embraced specific sectarian identities. Focussing on connections between the Indian subcontinent and the Middle East, it reveals how colonial rule and the modern state institutionalised sectarian divisions and at the same time led to pan-Islamic resistance and Sunni and Shii revivalism. It then focuses on the fallout from the 1979 revolution in Iran and the US-led military intervention in Iraq. As Matthiesen shows, however, though Sunnism and Shiism have had a long and antagonistic history, most Muslims have led lives characterised by confessional ambiguity and peaceful co-existence. Tensions arise when sectarian identity becomes linked to politics. Based on a synthesis of decades of scholarship in numerous languages, *The Caliph and the Imam* will become the standard text for readers looking for a deeper understanding of contemporary sectarian conflict and its historical roots.

**Stability and the Lebanese State in the 20th Century** Tarek Abou Jaoude, 2022-08-25. Explaining state building failures in Lebanon during the 20th century, this book looks at the relationship between legitimacy and stability in the country since the creation of the state in 1920. The presence of legitimacy is considered necessary to any successful state building endeavour. This book argues that the Lebanese state failed to achieve any meaningful form of legitimacy from its inception in 1920 to its near collapse during the civil war. However, by analysing different eras of Lebanese history throughout the different presidential terms, the author challenges the general understanding of stability and governance to show that the absence of legitimacy and society support actually contributed to the persistence of the Lebanese state. More than this, the evidence shows that Lebanese state

was at its most stable when it was regarded as illegitimate The wider implicit question thus asked in the book revolves around a case where illegitimacy within the state is what ensures its stability and survival Based on primary sources including national archives and collections institutional documents personal memoirs newspapers and journals this book provides a rich survey on the development and functioning of Lebanese political institutions *The Pasha* Letitia W. Ufford,2007-07-30 With striking parallels to recent confrontations in Iraq this is the story of the first Western international coalition to suppress an aggressive Middle Eastern ruler The challenger was Mehemet Ali Pasha called the founder of modern Egypt Convinced that the Europeans would never be able to unite against him he sought with charm brilliance and bravado to create a powerful Muslim counterweight to the encroaching West Drawing on research on three continents this timely book takes the reader into the heart of a crisis as France Great Britain the Ottoman government and the Pasha of Egypt maneuver to defend their interests in the Eastern Mediterranean Here are the passionate debates among French and British politicians as they struggle to control the Pasha without provoking a European war Here are the battlefields from the Euphrates to Beirut on which Mehemet Ali s modernizing forces created the facts that fed the crisis Here are the Sultan s ministers at Istanbul buffeted by the threats of European ambassadors And here in confrontation is the fascinating Mehemet Ali Pasha in constant conversation with those seeking to deflect him from his dangerous ambition As France began the fortification of Paris as Prussia contemplated the French threat of a war on the Rhine and as British warships flooded the Mediterranean Mehemet Ali sat cross legged on his sumptuous divan looking from his palace out over his beautiful fleet at anchor in the bay of Alexandria and challenged the western world **Sea of Troubles** Ian Rutledge,2023-10-17 In the mid eighteenth century most of the Mediterranean coastline and its hinterlands were controlled by the Ottoman Empire a vast Islamic power regarded by Christian Europe with awe and fear By the end of the First World War however this great civilisation had been completely subjugated and its territories occupied by European powers Sea of Troubles is the definitive account of the European conquest of the Levant and North Africa over three centuries Ian Rutledge reveals the intense imperial rivalry between six European powers Britain France Italy Spain Austria Hungary and Russia who all jostled for control of the trade lands and wealth of the Islamic Mediterranean The competition between these states made their conquest a far more difficult and extended task than they encountered elsewhere in the world Yet as new contenders entered the contest and as rivalries intensified in the early twentieth century events would spiral out of control as the continent headed towards the First World War **A History of the 'Alawis** Stefan Winter,2016-09-20 The Alawis or Alawites are a prominent religious minority in northern Syria Lebanon and southern Turkey best known today for enjoying disproportionate political power in war torn Syria In this book Stefan Winter offers a complete history of the community from the birth of the Alawi Nusayri sect in the tenth century to just after World War I the establishment of the French mandate over Syria and the early years of the Turkish republic Winter draws on a wealth of Ottoman archival records and other sources to show that the

Alawis were not historically persecuted as is often claimed but rather were a fundamental part of Syrian and Turkish provincial society Winter argues that far from being excluded on the basis of their religion the Alawis were in fact fully integrated into the provincial administrative order Profiting from the economic development of the coastal highlands particularly in the Ottoman period they fostered a new class of local notables and tribal leaders participated in the modernizing educational political and military reforms of the nineteenth century and expanded their area of settlement beyond its traditional mountain borders to emerge from centuries of Sunni imperial rule as a bona fide sectarian community Using an impressive array of primary materials spanning nearly ten centuries A History of the Alawis provides a crucial new narrative about the development of Alawi society

**The Arab Nationalist Advisor** Joseph A. Kéchichian, 2022-11-01

Shaykh Yusuf Yassin 1892-1962 marked the contemporary history of the Kingdom of Saudi Arabia in his capacity as a favorite advisor who was the founder monarchs confidential secretary relentless envoy and chief foreign policy consultant Born in Latakia Syria Yassin earned the confidence of King Abdul Aziz bin Abdul Rahman Al Saud and moved to Riyadh even before the Third Saudi Kingdom was inaugurated in 1932 After obtaining citizenship he participated in critical decisions reached by the ruler as regional and international actors honed in on the wealth of the Arabian Peninsula Over the course of several decades Yusuf Yassin met with and negotiated on behalf of three monarchs Abdul Aziz and his two successors Saud and Faysal with Arab and global leaders He was present at the creation of the country and suggested that al Saudiyyah be added to its very name Al Mamlakah al Arabiyyah al Saudiyyah which reflected his personality and political outlook as an Arab nationalist who cherished the founder Joseph Kechichian has written the first political biography of the statesman based on original documents the Yassin Papers as well as Western diplomatic correspondence Kechichian provides insights into the Nationalist Al Saud Advisor who left his mark on Saudi Arabia The volume provides essential background on a man who rose from humble origins in Syria to espouse Arabian values and walks the reader through nearly five decades of Arab history including the repercussions of the infamous 1916 Sykes-Picot Agreement the creation of the League of Arab States and various Arab crises These events experienced and engaged with by Shaykh Yusuf Yassin at the highest political and diplomatic levels set the stage that empowered Saudi Arabia along with other Arab States with the wherewithal to succeed for their respective peoples

**The Great Syrian Revolt and the Rise of Arab Nationalism** Michael Provence, 2009-09-17

A historical study of the 1925 revolt against French rule in Syria and how it established a new popular nationalism that helped shape the Middle East The Great Syrian Revolt of 1925 was the first mass movement against colonial rule in the Middle East Mobilizing peasants workers and army veterans it was also the region's largest and longest lasting anti colonial insurgency during the inter war period Though the revolt failed to liberate Syria from French occupation it provided a model of popular nationalism and resistance that remains potent in the Middle East today Each subsequent Arab uprising against foreign rule has repeated the language and tactics of the Great Syrian Revolt In this work Michael Provence

uses newly released secret colonial intelligence sources neglected memoirs and popular memory to tell the story of the revolt from the perspective of its participants He shows how Ottoman subsidized military education created a generation of leaders who rebelled against both the French Mandate rulers of Syria and the Syrian elite who helped the colonial regime This new popular nationalism was unprecedented in the Arab world Provenca shows compellingly that the Great Syrian Revolt was a formative event in shaping the modern Middle East      Colonialism Melvin E. Page, 2003-09-16 The most exhaustive reference work available on this critical subject in world history focusing on the politics economy culture and society of both colonizers and colonized The history of the last 500 years is the history of imperialism writes editor Melvin Page In the Americas as a result of imperialist conquest disease famine and war nearly wiped out a population estimated in the tens of millions Africa was devastated by the slave trade an integral part of imperialism from the 1400s to the 1800s In Asia even though native populations survived native political institutions were destroyed Imperialism also forged the two most important ideologies of the last five centuries racialism and modern nationalism In more than 600 essays presented in this three volume encyclopedia Page and other leading scholars historians political scientists economists and sociologists analyze the origins of imperialism the many forms it took and its impact worldwide They also explore imperialism's bitter legacy the gross inequities of global wealth and power that divide the former conquerors primarily Europe the United States and Japan from the people they conquered      **A History of Stability and Change in Lebanon** Joseph Bayeh, 2017-06-30 Lebanon is a country whose domestic politics have even more than others in the region been at the mercy of changes on the international stage Having been under Ottoman and French rule in the nineteenth and early twentieth centuries the post World War II era has seen Lebanon subjected to Israeli Syrian and American interventions which have all threatened the country's stability as a state Joseph Bayeh argues that it is this international dimension which holds the key to an in depth understanding of the country In support of this argument Bayeh examines Lebanese history from its early days under the Ottomans to the present day in order to show how international shifts and conflicts have had their impact on Lebanon With changes such as the fall of the Ottoman empire the rise of US power after World War II the end of the Cold War and the new focus on the region in the aftermath of 9 11 Lebanon has at various junctures been bolstered or undermined Bayeh tracks all of this offering insights into the workings of Lebanon's domestic politics which will appeal to researchers of the international relations of the Middle East and Lebanon's political history      State Expansion and Conflict Oren Barak, 2017-09-28 Lebanon and Israel Palestine are two political entities that expanded in 1920 and 1967 respectively and became divided societies characterized by periods of stability and conflict This book provides the first detailed comparison between the two states and also explores the effects of their expansion on their changing relations It looks first at how both expanded states attempted to cope with their predicaments focusing on the relationship between state community and security before moving on to analyze the de stabilizing effects of expansion on Israeli Lebanese relations The book draws on previously unpublished official documents

memoirs media resources and films produced in Lebanon and Israel Palestine in addition to existing works on the two states and the Middle East Bridging the gap between comparative politics and international relations it will interest students of Lebanon and Israel Palestine the Middle East and conflict and peace      *Age of Coexistence* Ussama Makdisi, 2021-09-21

Flawless Makdisi reminds us of the critical declarations of secularism which existed in the history of the Middle East Robert Fisk The Independent Today's headlines paint the Middle East as a collection of war torn countries and extremist groups consumed by sectarian rage Ussama Makdisi's *Age of Coexistence* reveals a hidden and hopeful story that counters this clichéd portrayal It shows how a region rich with ethnic and religious diversity created a modern culture of coexistence amid Ottoman reformation European colonialism and the emergence of nationalism Moving from the nineteenth century to the present this groundbreaking book explores without denial or equivocation the politics of pluralism during the Ottoman Empire and in the post Ottoman Arab world Rather than judging the Arab world as a place of age old sectarian animosities *Age of Coexistence* describes the forging of a complex system of coexistence what Makdisi calls the ecumenical frame He argues that new forms of antisectarian politics and some of the most important examples of Muslim Christian political collaboration crystallized to make and define the modern Arab world Despite massive challenges and setbacks and despite the persistence of colonialism and authoritarianism this framework for coexistence has endured for nearly a century It is a reminder that religious diversity does not automatically lead to sectarianism Instead as Makdisi demonstrates people of different faiths but not necessarily of different political outlooks have consistently tried to build modern societies that transcend religious and sectarian differences      *History of Military Occupation from 1792 to 1914* Peter M. R. Stirk, 2016-03-04

An understanding of military occupation as a distinct phenomenon first emerged in the 18th century This book shows how this understanding developed and the problems that the occupiers the occupied commentators and the courts encountered It covers all major occupations including France Sicily Greece Belgium Syria Mexico Bosnia Herzegovina Cyprus Egypt Korea Peking the Boer Republics Latin America and those related to the Napoleonic Wars the Mexican American War the American Civil War the Franco Prussian War the Russo Turkish War and the Spanish American War
