

THE POLITICS OF IRRIGATION REFORM

Politics Of Irrigation Reform

M. Dinesh Kumar

Politics Of Irrigation Reform:

The Politics of Water Institutional Reform in Neo-Patrimonial States Jenniver Sehring, 2009-01-30 There is more than enough water in the world for domestic purposes for agriculture and for industry In short scarcity is manufactured through political processes and institutions United Nations Human Development Report 2006 3 Water scarcity water crisis water wars since the beginning of the 1990s these terms have appeared again and again in scientific debates political strategies and media reports Water is perceived as a scarce resource that needs efficient management in order to satisfy all needs and to prevent violent conflicts over its distribution Considerable research has been devoted to this topic In this research water is commonly referred to as a common pool resource a n excludable public good with rivalry in terms of consumption Hence research has long focused on collective action problems in managing this common pool resource e g Ostrom 1990 1992 In recent years anthropological and sociological scholars in particular have criticized that in these studies the complexity of water its embeddedness in a wider cultural and social c text and the role of power have been neglected Water is different from other natural sources in some important aspects its mobility its variability and its multiplicity Mehta 2006 2f Linton 2006 10 Mobility makes ownership claims difficult Water moves transcending state borders not fixed like other resources Variability refers to the fact that its availability varies temporarily depending on weather conditions *The Politics of Irrigation Reform* Peter P. Mollinga, Alex Bolding, 2004 Fifteen international academics researchers engineers and development specialists contribute ten chapters written as part of a research project on irrigation reform initiated by Geert Diemer World Bank and INPIM L K Joshi India NPIM and Peter Mollinga Wageningen U The Netherlands in th **The Politics of Irrigation Reform in Tajikistan** Jenniver Sehring, 2006 *Water Policy Science and Politics* M. Dinesh Kumar, 2018-03-07 Water Policy Science and Politics An Indian Perspective presents the importance of politics and science working together in policymaking in the water sector Many countries around the developed and developing world including India are experiencing major water scarcity problems that will undoubtedly increase with the impacts of climate change This book discusses specific topics in India s water agriculture and energy sectors focusing on scientific aspects academic and political discourse and policy issues The author presents cases from the interrelated sectors of water resources supplies sanitation and energy and climate including controversial topics that illustrate how science and politics can work together Challenges the linear and conventional approaches to water management and water policymaking in India that are also applicable in developing countries across South Asia and Sub Saharan Africa Presents best practice ideas and methods that help science and politics work together Highlights a key gap of communication between science and policy in water research with solutions on how this can be addressed **Water Politics and Development Cooperation** Waltraud Scheumann, Susanne Neubert, Martin Kipping, 2008-09-22 The importance of the political sphere for understanding and solving water sector problems is the basic rationale of this book which is the outcome of the Fifth Dialogues on Water

organised at the German Development Institute Bonn These dialogues unlike earlier ones focused on the political processes of policy formulation and the strategic behaviour of the actors involved Specific attention is devoted to implications for development cooperation

Bureaucracy and Development Diana Suhardiman, 2014-12-26 The fall of the New Order government in 1998 and the political reform that followed posed substantial challenges for Indonesia's bureaucracy to continue fulfilling its mandate This book analyses the process of bureaucratic reform in the irrigation sector Using Irrigation Management Transfer policy as the entry point for analysis it documents and analyses the irrigation bureaucracy's ability to sustain its power and prominence in the sector's development amidst and against national and international pressures for reform The book argues that bureaucratic reform in the irrigation sector rather than attempting to change the bureaucracy's functioning in the image of national and global good governance perspectives and priorities should instead focus on linking the irrigation bureaucracy's everyday practice more effectively with farmers' needs and aspirations Reform efforts of the past decades show that Indonesia's irrigation sector development cannot be redirected without the irrigation bureaucracy's knowledge experience and cooperation and without strengthening its downward accountability to farmer irrigators

Water, Works And Wages: The Everyday Politics Of Irrigation Management Reform In The Philippines

Oorthuizen, Joost, 2003-01-01 Series Wageningen University Water Resources Series This Book Investigates One Of The Four Sub Systems Of The Largest Irrigation Project In The Philippines Based On Extensive Field Research Its Aim Is To Examine The Everyday Realities Of Irrigation Management Reform The Author Covers The Effects Of Reform Policies On All Levels From The Farmers The Fieldworkers And Engineers To The Local Politicians While Most Studies Of Irrigation Reform Simply Cover The Policies Adopted And Their Outcomes This Book Looks In More Detail At The Manner In Which Those Policies Are Put Into Effect It Places Irrigation Reform In A Socio Political Context And Shows That Results Are Highly Unequal Due To Factors Such As Political Patronage And Connections Of Family And Friendship

The United Nations World Water Development Report UNESCO World Water Assessment Programme, 2023-03-23 This publication describes how building partnerships and enhancing cooperation across every dimension of sustainable development are essential components to accelerating progress towards realizing the human rights to water and sanitation Partnerships and cooperation take place in almost any water related endeavour and water resources management has a long history of experience with partnerships both good and bad This report reviews this experience highlighting how enhancing positive and meaningful cooperation amongst the water sanitation and broader development communities is required to accelerate progress

[The Politics of Public Sector Performance](#) Michael Roll, 2014-01-10 It is widely believed that the state in developing countries is weak The public sector in particular is often regarded as corrupt and dysfunctional This book provides an urgently needed corrective to such overgeneralized notions of bad governance in the developing world It examines the variation in state capacity by looking at a particularly paradoxical and frequently overlooked phenomenon effective public organizations or pockets of

effectiveness in developing countries Why do these pockets exist How do they emerge and survive in hostile environments And do they have the potential to trigger more comprehensive reforms and state building This book provides surprising answers to these questions based on detailed case studies of exceptional public organizations and state owned enterprises in Africa Asia the Caribbean Latin America and the Middle East The case studies are guided by a common analytical framework that is process oriented and sensitive to the role of politics The concluding comparative analysis develops a novel explanation for why some public organizations in the developing world beat the odds and turn into pockets of public sector performance and service delivery while most do not This book will be of strong interest to students and scholars of political science sociology development organizations public administration public policy and management

Politics and Policies for Water Resources Management in India M. Dinesh Kumar, 2020-06-29 This comprehensive volume explores the interface between politics and policy making in the water management sector of India The authors discuss the nature of the political discourse on water management in India and what characterizes this discourse They also explore how this discourse has influenced the process of framing water related policies in India particularly through the academics bureaucrat politician nexus and the growing influence of the civil society groups on policy makers which are the defining feature of this process and which have produced certain policy outcomes that are not supported by sufficient scientific evidence The book reveals that the social and management sciences despite being increasingly relevant in contemporary water management are unable to impress upon traditional engineer dominated water administration to seek solutions to complex water problems owing to a lack of interdisciplinary perspective in their research The authors also examine the current deadlock in undertaking sectoral reforms due to existing water policies not being honoured This collection includes several research studies which suggest legal institutional policy alternatives for addressing the problems in areas such as irrigation rural and urban water supply flood control and adaptation to climate variability and change It was originally published as a special issue of the International Journal of Water Resources Development

Water, Environmental Security and Sustainable Rural Development Murat Arsel, Max Spoor, 2009-12-04 This book by one of the leading authorities on the subject presents a deep analysis of the very difficult current situation in Afghanistan Covering a wide range of important subjects including state building democracy war the rule of law and international relations the book draws out two overarching key factors the way in which the prevailing neopatrimonial political order established in an earlier state free period has become entrenched making it very difficult for any other political order to take root and the hostile region in which Afghanistan is located especially the way in which an ongoing creeping invasion from Pakistani territory has compromised the aspirations of both the Afghan government and its international backers to move the country to a more stable position

Water Unesco, World Water Assessment Programme (United Nations), 2006 This illustrated report sets out a global review of the state of the world's freshwater resources based on the collective work of 24 United Nations agencies following on from the conclusions of the first UN World

Water Development Report Water for People Water for Life published in 2003 ISBN 9231038818 This second edition discusses progress towards the water related targets of the UN Millennium Development Goals and examines a range of key issues including population growth and increasing urbanisation changing ecosystems food production health industry and energy as well as risk management valuing and paying for water and increasing knowledge and capacity It contains 16 case studies which consider key challenges in water resource management and makes a number of recommendations to guide future action and encourage sustainable use productivity and management of our increasingly scarce freshwater resources

A Study of Women's Role in Irrigated Agriculture in the Lower Vaksh River Basin, Tajikistan Asian Development Bank, 2020-12-01 This study is conducted under the Asian Development Bank ADB project for Strengthening Gender Inclusive Growth in Central and West Asia It aims to establish a better understanding of women's roles in irrigated agriculture and water management in Tajikistan The findings will inform the ADB grant financed project to modernize irrigation and drainage systems in the Lower Vaksh River Basin The study examined women's roles and gender gaps in land operation and farming labor arrangements in agriculture and water management and feminization of agriculture It reinforces the need for gender inclusiveness in planning and designing irrigation and drainage projects ensuring benefits for all **Water**

Productivity in Context Barker, R., Levine, G., 2012 As we enter an era of increasing water scarcity there is a growing interest to find ways to capture and put water to more productive uses Substantial increases in the productivity of water in agriculture are needed to meet the demands for food and ensure environmental security and to satisfy the demands for non agricultural uses However increasing water productivity in rice dominated agriculture is a function of the irrigation infrastructure advances in rice plant breeding and the physical institutional and socioeconomic environments This paper first describes the potential ways in which increased water productivity can be achieved in the context of rice production in Asia It then illustrates the ways in which the differences in the environmental context affect the ability to increase water productivity the approaches used and the incentives to do so This is explained using two case studies reflecting the experiences of Taiwan and the Philippines over the past half century Water Policy Entrepreneurs Sander Meijerink, 2009 Unsurpassed in the scope of its coverage this book explores like no other the roles of policy entrepreneurs and the causes of policy change across diverse political systems ranging from the developing world to the largest western democracies The studies show how entrepreneurs work with outside donors take advantage of windows of political opportunity create those windows and push the policy process in the direction they hope They also show the limits to these strategies and strategies that tend to fail The book dramatically advances our understanding not only of change and stability in water policy but of the policy process more generally Frank R Baumgartner University of North Carolina US This book is a theoretically and empirically grounded analysis of one of the world's most pressing problems the management of water resources The editors have assembled a remarkable collection of authors with a truly global outlook and an excellent grasp of contemporary water

issues as well as modern theories of public policy and decision making The volume also demonstrates excellent applications of policy theory to current and pressing matters It is a must read for students and practitioners in water resources and will be influential to water policy and in environmental resource management and policy for years to come Thomas A Birkland North Carolina State University US This volume is a major achievement It advances our knowledge of stability and change in water policy through case studies from around the world Its focus on transitions instances of really major shifts in policy is particularly welcome at a time when challenges such as climate change force water policy makers to reconsider the very foundations of their regulatory frameworks and infrastructural policies The volume goes beyond water policy however It makes a major contribution to the study of policy dynamics in general by offering an empirically grounded comparative analysis of policy entrepreneurs as change agents in policy networks There has been much loose talk about policy entrepreneurs in the fields of public administration and public policy but a dearth of empirical work underpinning the various claims made This volume goes a long way towards filling that gap Highly recommended for water experts and policy scientists alike Paul t Hart Australian National University Australia and Utrecht University the Netherlands This major volume focuses on the role of policy entrepreneurs in revolutionizing water management worldwide Adopting an international comparative perspective the authors explore the changes taking place in water policy across fifteen countries at both the global level and within the European Union Their analysis highlights the importance of groups and individuals in stimulating progress and reveals the crucial part played by policy entrepreneurs Successful entrepreneurs use various strategies to initiate and implement change including the framing and reframing of issues the assembly of coalitions venue shopping and the exploitation of windows of opportunity In showcasing the role of entrepreneurs in achieving transitions and explaining their approach this groundbreaking book presents an optimistic message for those who desire improvements in the way water is managed This book will not only make a unique contribution to the current literature on transition management but will also prove an invaluable tool for those keen to influence water policy management at the regional national and international level It will be of great interest to students and scholars of water resources and environmental management and governance as well as practitioners in the fields of water and climate policy

Hydropolitics in the Developing World Anthony Turton, Roland Henwood, 2002 Bringing contributions by a variety of authors together in one volume is part of an attempt to show that hydropolitics is a growing discipline in its own right The prevailing definition of hydropolitics is widened to include the elements of scale and range This is illustrated through a focus on theoretical and legal issues case studies from Southern Africa and a proposed research agenda The book is an important addition to the literature on hydropolitics

Water for Food Water for Life David Molden, 2013-07-23 Managing water resources is one of the most pressing challenges of our times fundamental to how we feed 2 billion more people in coming decades eliminate poverty and reverse ecosystem degradation This Comprehensive Assessment of Water Management in Agriculture involving more than

700 leading specialists evaluates current thinking on water and its interplay with agriculture to help chart the way forward It offers actions for water management and water policy to ensure more equitable and effective use This assessment describes key water food environment trends that influence our lives today and uses scenarios to explore the consequences of a range of potential investments It aims to inform investors and policymakers about water and food choices in light of such crucial influences as poverty ecosystems governance and productivity It covers rainfed agriculture irrigation groundwater marginal quality water fisheries livestock rice land and river basins Ample tables graphs and references make this an invaluable work for practitioners academics researchers and policymakers in water management agriculture conservation and development

Published with IWMI [A Political Ecology of Women, Water and Global Environmental Change](#) Stephanie

Buechler, Anne-Marie Hanson, 2015-03-02 This edited volume explores how a feminist political ecology framework can bring fresh insights to the study of rural and urban livelihoods dependent on vulnerable rivers lakes watersheds wetlands and coastal environments Bringing together political ecologists and feminist scholars from multiple disciplines the book develops solution oriented advances to theory policy and planning to tackle the complexity of these global environmental changes Using applied research on the contemporary management of groundwater springs rivers lakes watersheds and coastal wetlands in Central and South Asia Northern Central and Southern Africa and South and North America the authors draw on a variety of methodological perspectives and new theoretical approaches to demonstrate the importance of considering multiple layers of social difference as produced by and central to the effective governance and local management of water resources This unique collection employs a unifying feminist political ecology framework that emphasizes the ways that gender interacts with other social and geographical locations of water resource users In doing so the book further questions the normative gender discourses that underlie policies and practices surrounding rural and urban water management and climate change water pollution large scale development and dams water for crop and livestock production and processing resource knowledge and expertise and critical livelihood studies This book will be of interest to students and scholars of environmental studies development studies feminist and environmental geography anthropology sociology environmental philosophy public policy planning media studies Latin American and other area studies as well as women s and gender studies

Political Culture, Change, and Security Policy in Nigeria Kalu Kalu, 2018-03-15 Demonstrating how political culture facilitates or distorts political preferences and political outcomes this book explores how the historical development of social conditions and the current social structures shape understandings and constrain individual and collective actions within the Nigerian political system Political Culture Change and Security Policy examines the extent to which specific norms and socialization processes within the political and civic culture abet corruption or the proclivity to engage in corrupt practices and how they help reinforce political attitudes and civic norms that have the potential to undermine the effectiveness of government It also delineates specific doctrinal models and strategic framework essential to the development

and implementation of Nigeria's national security policy as well as innovative approaches to national development planning Professor Kalu N Kalu offers an exhaustive study that integrates several quantitative models in addressing a series of theoretical and empirical questions that inform historical and contemporary issues of the Nigerian project The general premise is that it is not enough to simply highlight the problems of the state and address the what question we must also address the why and how questions that drive political change policy preferences and competing political outcomes

Water Development and Poverty Reduction I.H. Olcay Ünver, Rajiv K. Gupta, Aysegul Kibaroglu, 2012-12-06 In the book's four Parts the interdisciplinary approach to many issues contributes to the relationship between water and poverty Part I includes articles on the conceptual and methodological issues concerning poverty reduction through water resources development It also offers analysis of quantitative measurements of poverty reduction including some approaches for creating a Water Poverty Index Part II considers the institutional frameworks for management of water and poverty reduction Topics range from community based decision making to international leadership Part III encompasses discussions on participatory irrigation management and the privatization of urban water supplies and sewerage and the link to poverty Case studies from India Turkey and Jordan make up Part IV The studies present diverse water management and development practices for poverty reduction including realistic pricing and effective irrigation practices the use of water as an engine for sustainable development small and large scale strategies for reducing the risks and uncertainties in water availability and food security the economic value of improved water supplies and the positive impact of small scale development projects

Politics Of Irrigation Reform Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Politics Of Irrigation Reform free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Politics Of Irrigation Reform free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Politics Of Irrigation Reform free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Politics Of Irrigation Reform. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be

cautious and verify the legality of the source before downloading Politics Of Irrigation Reform any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Politics Of Irrigation Reform Books

What is a Politics Of Irrigation Reform PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Politics Of Irrigation Reform PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Politics Of Irrigation Reform PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Politics Of Irrigation Reform PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Politics Of Irrigation Reform PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
