HEW STRACHAN

A HARVARD UNIVERSITY PRESS BOOK

Politics Of The British Army

**James Carr, Daniel Parnell, Paul
Widdop, Martin J. Power, Stephen R.
Millar**

Politics Of The British Army:

The Politics of the British Army Hew Strachan, 1997 *Sexing the Soldier* Rachel Woodward, Trish Winter, 2007-08-07 Sexing the Soldier takes a critical look at how gender is understood within the contemporary British Army Drawing on original research this book argues that dominant ideas about gender evident in areas as diverse as policy documents and cultural practices potentially limit rather than enhance operational effectiveness **Soldiers as Citizens** Nick Mansfield, 2019 This is the first exploration of the British army to combine labour political and military history It analyses the political lives of nineteenth century rank and file soldiers in the context of a developing working class culture It focuses on the significant radical and socialist movements alongside influential working class conservatism **Militarism and the British Left, 1902-1914** M. Johnson, 2013-01-11 Militarism has traditionally been regarded as a phenomenon of the political right As this book demonstrates however various groups on the political left in Britain during the years before the Great War were able to accommodate and even assimilate militaristic ideas sentiments and policies to a remarkable degree Politics and Military Morale S. P. Mackenzie, 1992 An examination of education in current affairs and citizenship within the British Army in the 20th century of its function and effects The author explores in particular the controversial question of the part played in Labour s 1945 election victory by the rank and file of the British Army *The Politics of Terrorism, Third Edition*, Michael Stohl, 2020-08-18 This book provides the reader with an introduction to the concept and practice of terrorism embedded within a firm understanding of politics and social structure It explores the major theories typologies strategies ideologies practices and responses to contemporary political terrorism *Atlantic Politics, Military Strategy and the French and Indian War* Richard Hall, 2016-06-28 1755 marked the point at which events in America ceased to be considered subsidiary affairs in the great international rivalry that existed between the colonial powers of Great Britain and France This book examines the Braddock Campaign of 1755 a segment of the wider Braddock Plan that aimed to drive the French from all of the contested regions they occupied in North America Rather than being an archetypal military history styled analysis of General Edward Braddock s foray into the Ohio Valley this work will argue that British defeat at the infamous Battle of the Monongahela should be viewed as one that ultimately embodied military political and diplomatic divergences and weaknesses within the British Atlantic World of the eighteenth century These factors in turn hinted at growing schisms in the empire that would lead to the breakup of British North America in the 1770s and the birth of the future United States Such an interpretation moves away from the conclusion so often advanced that Braddock s Defeat was a distinctly and principally British martial catastrophe hence allowing the outcome of this pivotal event in American history to be understood in a different vein than has hitherto been apparent *The Political Economy of Grand Strategy* Kevin Narizny, 2007 A nation s grand strategy rarely serves the best interests of all its citizens Instead every strategic choice benefits some domestic groups at the expense of others When groups with different interests separate into opposing

coalitions societal debates over foreign policy become polarized along party lines Parties then select leaders who share the priorities of their principal electoral and financial backers As a result the overarching goals and guiding principles of grand strategy as formulated at the highest levels of government derive from domestic coalitional interests In *The Political Economy of Grand Strategy* Kevin Narizny develops these insights into a comprehensive theoretical framework for understanding the dynamics of security policy The focus of this analysis is the puzzle of partisanship The conventional view of grand strategy in which state leaders act as neutral arbiters of the national interest cannot explain why political turnover in the executive office often leads to dramatic shifts in state behavior Narizny in contrast shows how domestic politics structured foreign policymaking in the United States and Great Britain from 1865 to 1941 In so doing he sheds light on long standing debates over the revival of British imperialism the rise of American expansionism the creation of the League of Nations American isolationism in the interwar period British appeasement in the 1930s and both countries decisions to enter World War I and World War II

Politics UK Bill Jones, Philip Norton, 2014-06-20 The revised and updated eighth edition of the bestselling textbook *Politics UK* is an indispensable introduction to British politics It provides a thorough and accessible overview of the institutions and processes of British government a good grounding in British political history and an incisive introduction to the issues facing Britain today With contributed chapters from respected scholars in the field and contemporary articles on real world politics from well known political commentators this textbook is an essential guide for students of British politics The eighth edition welcomes brand new material from eight new contributors to complement the rigorously updated and highly valued chapters retained from the previous edition The eighth edition includes Britain in context boxes offering contrasting international perspectives of themes in British politics A comprehensive who's who of politics in the form of Profile boxes featuring key political figures And another thing pieces short articles written by distinguished commentators including Jonathan Powell Michael Moran and Mark Garnett Fully updated chapters plus new material providing excellent coverage of contemporary political events including The Leveson Inquiry the aftermath of the 2011 riots and the House of Lords reform A vibrant and accessible new design to excite and engage students as the work through a variety of political topics A new epilogue to the book offering a critical perspective of the trials and tribulations of the Coalition Government including an overview of the major differences that divide the coalition partners

Military Statecraft and the Rise of Shaping in World Politics Kyle J. Wolfley, 2021-06-29 Winner of the Andrew F Krepinevich Writing Award A 2022 Choice Reviews Outstanding Academic Title Selected for the Irregular Warfare Initiative's Inaugural Reading List 2022 In today's complex international environment how do the United States China and Russia manage the return of great power competition as well as the persistent threat of violent non state actors This book explores shaping the use of military power to construct a more favorable environment by influencing the characteristics of other militaries altering the relationships between them or managing the behavior of allies As opposed to traditional strategies of warfighting or

coercion shaping relies less on threats demonstrations and uses of violence and more on attraction persuasion and legitimacy Because shaping relies more on soft power than on hard power this approach contradicts the conventional wisdom of the purpose militaries serve Kyle J Wolfley explores the emergence of shaping in classical strategy and its increased frequency following the end of the Cold War when threats and allies became more ambiguous He illustrates the four logics of shaping attraction socialization delegation and assurance through five case studies of recent major military exercise programs led by the United States China India the United Kingdom and Russia Moreover the author reveals through sentiment analysis and statistics of over one thousand multinational exercises from 1980 to 2016 how major powers reacted to a complex international environment by expanding the number and scope of shaping exercises Illuminating an understudied but surprisingly common tool of military statecraft this book offers a fresh understanding of military power in today s competitive international system

Soldiers as Citizens Nick Mansfield (Historian), Rank and file soldiers were not the scum of the earth but included a cross section of working class men who retained their former civilian culture While they often exhibited pride in regiment and nation soldiers could also demonstrate a growing class consciousness and support for political radicalism The book will challenge assumptions that the British army was politically neutral if privately conservative by uncovering a rich vein of liberal and radical political thinking among some soldiers officers and political commentators This ranges from the Whig militia tradition through radical theories on tactics and army reform to attempted ultra radical subversion amongst troops and the involvement of soldiers in riots and risings Case studies are given of individual military radicals soldiers or ex soldiers who were reforming and later socialist activists

The Politics of War Commemoration in the UK and Russia Nataliya Danilova, 2016-01-13 This book analyses contemporary war commemoration in Britain and Russia Focusing on the political aspects of remembrance it explores the instrumentalisation of memory for managing civil military relations and garnering public support for conflicts It explains the nexus between remembrance militarisation and nationalism in modern societies

Football, Politics and Identity James Carr, Daniel Parnell, Paul Widdop, Martin J. Power, Stephen R. Millar, 2021-06-06 This book presents a series of fascinating case studies that show how the lives and bodies of clubs players and fans around the world are enmeshed with politics It draws on original research in countries including England Scotland Ireland Poland Mexico Algeria and Argentina and includes both historical and contemporary perspectives It explores some of the most important themes in the study of sport including sectarianism migration fan activism and national identity and shows how football continues to be tied to political events symbols and movements This is fascinating reading for any student or researcher working in sport studies political science sociology or contemporary history

The Politics of Antagonism Brendan O'Leary, John McGarry, 2016-10-06 Written during the Northern Ireland peace process and just before the Good Friday Agreement The Politics of Antagonism sets out to answer questions such as why successive British Governments failed to reach a power sharing settlement in Northern Ireland and what progress has been

made with the Anglo Irish Agreement O Leary and McGarry assess these topics in the light of past historical and social science scholarship in interviews of key politicians and in an examination of political violence since 1969 The result is a book which points to feasible strategies for a democratic settlement in the Northern Ireland question and which allows today's scholars and students to analyse approaches to Northern Ireland from the perspective of the recent past *Transforming Violent Political Movements* Kevin E. Grisham, 2014-03-21 This book explores the factors that influence violent rebellious political organisations to transform into other entities such as political parties criminal organisations and terrorist organisations From the end of the Second World War until 1990 many events in the world centred on the bipolar struggle between the United States and the USSR Although there were numerous civil wars occurring during the Cold War era many of these conflicts went virtually unnoticed unless they were linked to the Cold War struggle for ideological dominance In the aftermath of the fall of the Soviet Union the number of intra state conflicts was prevalent around the globe Along with the occurrence of civil wars a variety of violent political movements also developed Examining cases from Latin America Africa Europe and Asia this book addresses how violent political movements transform during and after conflict into new types of organisations using the collective political violence transformative CPVT model The study uses a combination of pre existing literature from the fields of sociology and political science archival research and interviews with movement members former and active conducted by the author In studying the Provisional IRA and Sinn Féin in the Spear of the Nation MK and the African National Congress ANC the Abu Sayyaf Group and the Revolutionary Armed Forces of Colombia FARC EP *Transforming Violent Political Movements* paints a picture of organisations that have to respond to their environments to survive This book will be of much interest to students of political violence terrorism war and conflict studies security studies and IR

Strategy and Politics Colin S. Gray, 2016-01-29 This book examines the subject of strategy and its relationship with politics Despite the fact that strategy is always the product of political process the relationship between the two concepts and their ancillary activities has scarcely been touched by scholars This book corrects that serious deficiency and explains the high relevance of political factors for matters of general defence Each chapter aims to show how and why strategy and politics interact and how this interaction has had significant consequences historically Neither strategy nor politics can make sense if considered alone Strategy requires direction that can only be provided by political process while politics cannot be implemented without strategy In summary this volume will explain what strategy is and is not why strategy is essential what strategy does and how it does it how strategy is made and executed Written by a leading scholar and former practitioner this book will be essential reading for all students of military strategy strategic studies security studies and war and conflict studies *The British Army and the Crisis of Empire, 1918-22* Keith Jeffery, 1984 The empire at war Weakness of the home base Imperial problems old and new Searching for imperial manpower The Irish ulcer India The defence of Suez Persia and Mesopotamia Conclusion **Understanding Popular Culture and World Politics in the Digital Age** Laura J.

Shepherd, Caitlin Hamilton, 2016-05-20 The practices of world politics are now scrutinised in a way that is unprecedented with even those previously or conventionally assumed to be disengaged from international affairs being drawn into world politics by social media Interactive websites allow users to follow election results in real time from the other side of the world and online mapping means that the world out there is now available on your mobile phone Understanding Popular Culture and World Politics in the Digital Age engages these themes in contemporary world politics to better understand how digital communication through new media technologies changes our encounters with the world Whether the focus is digital media social networking or user generated content these sites of political activity and the artefacts they produce have much to tell us about how we engage world politics in the contemporary age This volume represents the starting point of a dialogue about how digital technologies are beginning to impact the research and practice of scholars and practitioners in the field of International Relations with the collection of cutting edge essays dealing specifically with the intertextuality of world politics and digital popular culture This book will be of use to International Relations research academics and critically engaged publics interested in the core themes of global politics subjectivity militarism humanitarianism civil society organisation and governance The book also employs theories and techniques closely associated with other social science disciplines including political theory sociology cultural studies and media studies

Weapon of Choice Matthew C. Ford, 2017 Exposes the mechanics of power across the military industrial complex from battlefield to back office *Research Handbook on Child Soldiers* Mark A. Drumbl, Jastine C. Barrett, 2019 Child soldiers remain poorly understood and inadequately protected despite significant media attention and many policy initiatives This Research Handbook aims to redress this troubling gap It offers a reflective fresh and nuanced review of the complex issue of child soldiering The Handbook brings together scholars from six continents diverse experiences and a broad range of disciplines Along the way it unpacks the life cycle of youth and militarization from recruitment to demobilization to return to civilian life The overarching aim of the Handbook is to render the invisible visible the contributions map the unmapped and chart new directions Challenging prevailing assumptions and conceptions the Research Handbook on Child Soldiers focuses on adversity but also capacity emphasising the resilience humanity and potentiality of children affected rather than afflicted by armed conflict

This book delves into Politics Of The British Army. Politics Of The British Army is an essential topic that needs to be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Politics Of The British Army, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

- Chapter 1: Introduction to Politics Of The British Army
- Chapter 2: Essential Elements of Politics Of The British Army
- Chapter 3: Politics Of The British Army in Everyday Life
- Chapter 4: Politics Of The British Army in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Politics Of The British Army. This chapter will explore what Politics Of The British Army is, why Politics Of The British Army is vital, and how to effectively learn about Politics Of The British Army.
3. In chapter 2, this book will delve into the foundational concepts of Politics Of The British Army. The second chapter will elucidate the essential principles that need to be understood to grasp Politics Of The British Army in its entirety.
4. In chapter 3, this book will examine the practical applications of Politics Of The British Army in daily life. This chapter will showcase real-world examples of how Politics Of The British Army can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Politics Of The British Army in specific contexts. The fourth chapter will explore how Politics Of The British Army is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about Politics Of The British Army. This chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Politics Of The British Army.
