The Politics of the Family R.D. Laing, 1997-09-27 In his 1968 CBC Massey Lectures R D Laing discusses how and why we value society's notions of family over our own Using concepts of schizophrenia R D Laing demonstrates that we tend to invalidate the subjective and experiential and accept the proper societal view of what should occur within the family A psychoanalyst and psychiatrist Laing worked at the Tavistock Institute of Human Relations His books include *The Self and Others* and *The Politics of Experience* The Politics of the Family and Other Essays R. D. Laing, 2018-01-24 Originally published in 1969 based on the talks R D Laing gave in 1967 and 68 this book was intended by the author to evoke questions rather than provide answers Using concepts of schizophrenia R D Laing demonstrates that we tend to invalidate the subjective and experiential and accept the proper societal view of what should occur within the family **The Politics of the Family and Other Essays** R. D. Laing, 2018-10-24 Originally published in 1969 based on the talks R D Laing gave in 1967 and 68 this book was intended by the author to evoke questions rather than provide answers Using concepts of schizophrenia R D Laing demonstrates that we tend to invalidate the subjective and experiential and accept the proper societal view of what should occur within the family **The Politics of the Family, and Other Essays** Ronald David Laing, 1976-01-01 *The Politics of the Family and Other Essays* Ronald David Laing, 1971 R.D. Laing: His Work and its Relevance for Sociology (RLE Social Theory) Martin Howarth-Williams, 2014-08-07 This study by a sociologist provides the most rigorous and comprehensive review to appear so far of R D Laing's work and theoretical development Martin Howarth Williams considers that Laing's insights into such controversial issues as the divided self and the politics of the family are of an importance that transcends their basis in clinical psychiatry and that they have a special significance for sociology Using the Progressive Regressive Method of Jean Paul Sartre the author illuminates the internal coherence of Laing's aims through the various stages of his work and shows how his ideas are shaped by consistent philosophic presuppositions and influences underlying his work To give as complete an account as possible of Laing's interests and to relate them to the broad stream of his thought the author explores Laing's involvement in other non psychiatric realms especially politics religion and eastern mysticism Material has been secured from a wide variety of recent sources which include interviews films TV appearances and the author's own personal recollections of informal talks given by Laing In the final section of the book Martin Howarth Williams isolates the concept of Intelligibility which he demonstrates to be the unifying theme central to Laing's theory and shows how this can be used as the basis for a critique of recent developments in sociological theory as well as a starting point towards a genuinely dialectical sociology The Referendum and Other Essays on Constitutional Politics Matt Qvortrup, 2019-05-02 Until recently referendums were little used After the Scottish independence and Brexit referendums they have come to the fore as a mechanism with the potential to disrupt the status quo and radically change political direction This book looks at the historical development of the referendum its use in different jurisdictions and the types of

constitutional questions it seeks to address Written in an engaging style the book offers a clear objective overview of this important political and constitutional tool *R.D. The Pathological Family Deborah Weinstein,2013-02-15 While iconic popular images celebrated family life during the 1950s and 1960s American families were simultaneously regarded as potentially menacing sources of social disruption The history of family therapy makes the complicated power of the family at midcentury vividly apparent Clinicians developed a new approach to psychotherapy that claimed to locate the cause and treatment of mental illness in observable patterns of family interaction and communication rather than in individual psyches Drawing on cybernetics systems theory and the social and behavioral sciences they ambitiously aimed to cure schizophrenia and stop juvenile delinquency With particular sensitivity to the importance of scientific observation and visual technologies such as one way mirrors and training films in shaping the young field *The Pathological Family* examines how family therapy developed against the intellectual and cultural landscape of postwar America As Deborah Weinstein shows the midcentury expansion of America s therapeutic culture and the postwar fixation on family life profoundly affected one another Family therapists and other postwar commentators alike framed the promotion of democracy in the language of personality formation and psychological health forged in the crucible of the family As therapists in this era shifted their clinical gaze to whole families they nevertheless grappled in particular with the role played by mothers in the onset of their children s aberrant behavior Although attitudes toward family therapy have shifted during intervening generations the relations between family and therapeutic culture remain salient today

The Politics of Inclusion and Exclusion David Ericson,2011-01-26 Assessing the limits of pluralism this book examines different types of political inclusion and exclusion and their distinctive dimensions and dynamics Why are particular social groups excluded from equal participation in political processes How do these groups become more fully included as equal participants Often the critical issue is not whether a group is included but how it is included Collectively these essays elucidate a wide range of inclusion or exclusion voting participation representation in legislative assemblies representation of group interests in processes of policy formation and

implementation and participation in discursive processes of policy framing Covering broad territory from African Americans to Asian Americans the transgendered to the disabled and Latinos to Native Americans this volume examines in depth the give and take between how policies shape political configuration and how politics shape policy At a more fundamental level Ericson and his contributors raise some traditional and some not so traditional issues about the nature of democratic politics in settings with a multitude of group identities *The Psychosocial Interior of the Family* Gerald Handel, Gail G.

Whitchurch, 1994 This long awaited fourth edition has the same goal as the preceding editions to understand families in terms of the kinds of interaction through which family life is constructed The changes in the family as an institution have influenced these processes just as they have influenced the ways we understand and write about them But even in these postmodern circumstances an underlying premise of the volume is that two partners establish a family because they have selected each other as distinctively meaningful to one another They will affirm modify elaborate or retreat from various aspects of the relationship through interaction over time and in changing circumstances This volume contains the best available interdisciplinary work on the social psychology of the family More than half of the selections are new to this edition which incorporates a variety of theoretical and research perspectives that provide the reader with a range of authoritative and up to date sources on the family and interpersonal relations The newer forms of family organization that have emerged in the more recent literature specifically single parent families stepfamilies and families of gay and lesbian domestic partners are included Authors have been drawn from a variety of disciplines including sociology communication family studies human development psychology anthropology and social work **The Politics of Military Families** René Moelker, Manon
