cultural upheaval the years 1913-1923 saw the emergence in Ireland of the Ulster Volunteer Force to resist Irish home rule and in response the Irish Volunteers who would later evolve into the IRA. World War One, the rise of Sinn Féin, intense Ulster unionism and conflict with Britain culminated in the Irish war of Independence which ended with a compromise Treaty with Britain and then the enmities and drama of the Irish Civil War. Drawing on an abundance of newly released archival material, witness statements and testimony from the ordinary Irish people who lived and fought through extraordinary times, *A Nation and not a Rabble* explores these revolutions. Diarmaid Ferriter highlights the gulf between rhetoric and reality in politics and violence, the role of women, the battle for material survival, the impact of key Irish unionist and republican leaders as well as conflicts over health, land, religion, law and order and welfare.

**The 'Labour Hercules': The Irish Citizen Army and Irish Republicanism, 1913-23** Jeffrey Liddin, 2019-03-20 The Irish Citizen Army (ICA) was born from the Dublin Lockout of 1913 when industrialist William Martin Murphy locked out workers who refused to resign from the Irish Transport and General Workers Union, sparking one of the most dramatic industrial disputes in Irish history. Faced with threats of police brutality in response to the strike, James Connolly, James Larkin and Jack White established the ICA in the winter of 1913. By the end of March 1914, the ICA espoused republican ideology and that the ownership of Ireland was vested of right in the people of Ireland. The ICA was in the process of being totally transformed, going on to provide significant support to the IRA during the 1916 Rising. Despite Connolly's execution and the internment of many ICA members, the ICA reorganised in 1917, subsequently developing networks for arms importation and intelligence and later providing operative support for the War of Independence in Dublin. The most extensive survey of the movement to date, *The Labour Hercules* explores the ICA's evolution into a republican army and its legacy to the present day.

**A City in Civil War - Dublin 1921-1924** Padraig Yeates, 2015-04-14 The long-awaited concluding volume of Padraig Yeates' Dublin at War trilogy. In *A City in Civil War*, Dublin 1921-1924, acclaimed historian Padraig Yeates turns his attention to Ireland's bloody and hard-fought Civil War and its impact on the capital city and its inhabitants. The fascinating *A City in Civil War* tells the story of Dublin's troubled passage to independence amidst the acrimony and upheaval of the Civil War, a period in which Dublin became the capital city of an independent Irish state for the first time. Once again, conflict raged on Dublin's streets, but this time the combatants were Irishmen, neighbours, friends, families fighting each other. For a great many Dubliners, life remained a cycle of grinding poverty, but for many southern Unionists, ex-servicemen and anti-Treaty republicans, the city became a hostile environment. And all the while, the Catholic Church strengthened its grip on Irish cultural life, supplying many of the vital social services, an embattled government was too poor and too preoccupied to provide its citizens. In his distinctive and engaging style, Padraig Yeates uncovers unknown and neglected aspects of the Irish Civil War in the capital and their impact on the rest of the country. Padraig Yeates excels as a social historian and never loses sight of the ordinary citizen. *The Irish Times*: A powerful social history reminds us that for all the headline-grabbing events, putting bread on the table was still the most important priority for most.

Professor Diarmaid Ferriter *The Irish Independent* Reminds the reader of how daily life went on side by side with the great events of history In short this is an excellent addition to the current literature Irish Literary Supplement

**The Dublin Lockout, 1913** Conor McNamara, Padraig Yeates, 2017-07-24 Putting Ireland on trial Jim Larkin's verdict was damning and resolute His words resound shuddering towards the present day where class division and workers rights disputes make headlines with swelling frequency In this pioneering collection an exemplary list of contributors registers the radical momentum within Dublin in 1913 its effects internationally and its paramount example in shaping political activism within Ireland to this day The narrative of the beleaguered yet dignified workers who stood up to the greed of their Irish masters is examined revealing the truths that were too fraught with trauma shame and political tension to remain within popular memory Beyond the animosity and immediate impact of the industrial dispute are its enduring lessons through the First World War the Easter Rising and the birth of the Irish Free State its legacy real and adopted instructs the surge of activism currently witnessed but to what effect *The Dublin Lockout 1913* illuminates this pivotal class war in Irish history inspiring shocking and the nearest thing Ireland had to a debate on the type of society that was wanted by its citizens

**Gender and Power in Irish History** Maryann Gialanella Valiulis, 2009 This collection of articles poses the question What can gender history add to the traditional narrative of Irish history How can it help us to understand the ways in which power operated in and flowed through Irish society It is premised on the assumption that men and women are actors in the creation of their society influenced by the ideology of the period but also challenging and resisting the assumptions and beliefs of their era The articles included in this collection are far ranging and thematically diverse united by the common theme of gender While women play a dominant role in its pages it makes visible the power and presence of men Sometimes implicit sometimes explicit the history written on these pages is a history of the ways in which women and men constructed negotiated and made visible the roles ideas and representations that governed their particular society In so doing it provides an alternative reading to the traditional narrative of Irish history This book focuses mainly on the modern period and includes two articles from outside of Ireland which provides a comparative focus It also includes a theoretical

Townsend, Matthew L. Reznicek, 2025-02-17 The classical Bildungsroman charted an idealized path of human development the harmonizing of individual desires and societal norms in the formation of a well rounded liberal subject But what happens when this Enlightenment blueprint for self cultivation runs up against the particularities of a colonial society riven by nationalism revolution and uneven modernization The Irish Bildungsroman provides the first comprehensive study of how this quintessentially bourgeois and European genre is transformed and reinvented by Irish writers from the Act of Union to the present day Through incisive readings of over two centuries of Irish novels the volume's contributors illuminate the diverse narrative strategies Irish authors have employed to depict personal formation within colonial and postcolonial communities shaped by competing religious class gender and ethnic interests Periodized into three major sections the book maps the evolution of the Irish Bildungsroman across key historical junctures the rise of cultural nationalism in the nineteenth century the revolutionary period and emergence of the postcolonial state in the early twentieth century and more recent waves of globalization that have reconfigured Irish identity From the post Union novels of Maria Edgeworth and Sydney Owenson to contemporary immigrant fiction The Irish Bildungsroman excavates a rich vein of self reflexive writing that creatively reworks this genre to expose the fault lines of liberal humanism and to imagine new modes of selfhood     **Architects of the Resurrection** R. M. Douglas, 2009-09-15 In 1942 Gearoid Cuinneag in a young pro Axis activist founded Ailtir na hAis iarghe Architects of the Resurrection a fascist movement that aimed to destroy the infant Irish democracy and replace it with a one party totalitarian state But Ailtir na hAis iarghe was no Nazi imitator Rather it aimed at something far more ambitious the fusion of totalitarianism and Christianity that would make Ireland a missionary ideological state wielding global influence in the postwar era Supported by idealistic youths and mainstream politicians like Ernest Blythe Oliver J Flanagan and Dan Breen and scrutinized anxiously by British and American intelligence Ais iarghe won several seats in the 1945 local government elections Architects of the Resurrection casts an uncomfortable light on the popularity of anti democratic anti Semitic and extremist ideas in wartime Ireland Students of Irish history and of

comparative fascism will find many new insights in this book      **Cumann Na MBan and the Irish Revolution** Cal McCarthy, 2007 The history of Cumann na mBan a women s support group to the Irish Volunteers Formed in 1914 its aims included helping the cause of Irish liberty and arming the Irish men for the defence of Ireland In 1922 the organisation overwhelmingly rejected the Treaty resulting in a substantial split and the formation of Cumann na Saoirse      **Royal Roots, Republican Inheritance** Susan Hood, 2002 This is the absorbing story of the Office of Arms Ireland s heraldic authority and the oldest Office of State Founded in 1552 and derived from an earlier medieval heraldry based on the traditions of sovereigns and members of the nobility today the Office has a much wider relevance providing heraldic services for Irish people and institutions throughout the world This book is the history of its remarkable survival during the last 150 years when it bridged the transition from Crown Government to Republican State
