Politics Of Change In A Zambian Community

Scott D. Taylor

Politics Of Change In A Zambian Community:

The Politics of Change in a Zambian Community George C. Bond, 1971 **Population, Settlement, and Development in Zambia** Prithvish Nag, 1990 *Culture and Customs of Zambia* Scott D. Taylor, 2006-10-30 Zambia stands out in Africa as one of the continent's most peaceful countries. In its early years as an independent state, Zambia became a regional bulwark against imperialism and colonial domination and South African apartheid. Today it stands out as an important example of Africa's recent democratization, experiencing both incredible success as well as some notable setbacks. The country is also one of the most urbanized in Sub-Saharan Africa. As a result of this urban influx, Zambia's diverse ethno-linguistic groups interact regularly. Moreover, many contemporary Zambian households, especially those in cities, are also exposed to the media technology and influences of western urbanized cultures, from Internet cafes to hip hop music. The interesting ways that tradition and modernity conflict and combine in contemporary Zambia are prime considerations in this book. This book explores Zambia's culture with an eye toward its historical experiences and its particular endowments. It focuses on how traditional and modern interact and sometimes collide in the country through topics such as religion, gender roles, and family cuisine, the arts, literature, and more. The major groups are examined to give the reader an idea about how many Zambians live.

Zambia, a Country Study American University (Washington, D.C.). Foreign Area Studies, 1979 **Historical Dictionary of Zambia** Bizeck Jube Phiri, Thokozile Shaba, 2023-08-15 Zambia is a nation with a long record of peace that has enjoyed decades of constitutional rule and even in recent years an increasingly competitive democracy. Peace, constitutionalism, democracy, and nationhood face constant challenges, such as in the elections of 2006 when the ugly language of ethnic confrontation found renewed currency. Moreover, Zambia's economic record and prospects are less equivocal after over four decades; per capita incomes are lower than they were at the dawn of independence. *Historical Dictionary of Zambia* Fourth Edition contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 1,000 cross-referenced entries on important personalities as well as aspects of the country's politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Zambia. **The Statesman's Year-Book 1977-78** J. Paxton, 2016-12-22 The classic reference work that provides annually updated information on the countries of the world. Old Modes of Production and Capitalist Encroachment Wim Van Binsbergen, Peter Geschiere, 2013-10-28 First published in 1985. This book is the result of a long series of meetings of the Amsterdam Work group for Marxist Anthropology, extending over a number of years starting from 1977. It has some changes and expansions from the original Dutch version. **Politics in Zambia** William Tordoff, 2023-04-28 This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand.

technology This title was originally published in 1974

The Politics of New African Resource Discoveries in the Post-Curse Era Angela Zivo Gapa,2024-08-19 Over the past three decades Africa's resource landscape has undergone significant shifts with new mineral oil and natural gas discoveries coinciding with the increase in global demand for mineral and hydrocarbon resources and advancements in green technology In *The Politics of New African Resource Discoveries in the Post Curse Era* edited by Angela Zivo Gapa scholars and practitioners delve into the intricate dynamics of jackpot resource discoveries in Africa providing insight into how African governments have managed these discoveries in the post resource curse era Through a series of African case studies this book critically examines whether Africa stands on the cusp of a post resource curse era or if historical patterns of the resource paradox will continue to persist The contributors explore interventions ranging from citizen feedback mechanisms to institutional restructuring to determine whether recent resource discoveries hold the promise of economic growth and poverty alleviation or if they remain constrained by the global political economy This book is a collaborative effort to deepen the understanding of global natural resource politics and promote African agency in managing substantial resource windfalls

Migrants No More Johan Pottier,2018-09-03 Originally published in 1988 this book documents genealogical developments which together with changes in agricultural production religious ethic politics gender relations patterns of solidarity and trade were local adjustments to the economic crisis of the 1970s and 80s in Zambia The book explores the dynamics of a peripheral traditional economy examining the extent to which village structures and value systems have changed

The Zambian Community and Its Government Robert V. Molteno,1974

African Seminars Various Authors,2021-02-25 Originally published between 1986 and 1989 the 8 volumes in this set reflect the research and debate surrounding many issues for the African economy society and culture and as such make a vital contribution to effective development both rural and urban They re issue key titles from the International African Library and the International African Seminars and address themes of direct relevance to contemporary Africa on topics as diverse as medicine migration housing pastoralism and marriage

Administration in Zambia William Tordoff,1980

Expectations of Modernity James Ferguson,1999-10-01 Once lauded as the wave of the African future Zambia's economic boom in the 1960s and early 1970s was fueled by the export of copper and other primary materials Since the mid 1970s however the urban economy has rapidly deteriorated leaving workers scrambling to get by *Expectations of Modernity* explores the social and cultural responses to this prolonged period of sharp economic decline Focusing on the experiences of mineworkers in the Copperbelt region James Ferguson traces the failure of standard narratives of urbanization and social change to make sense of the Copperbelt's recent history He instead develops alternative analytic tools appropriate for an ethnography of decline Ferguson shows how the Zambian copper workers understand their own experience of social cultural and economic advance and decline Ferguson's ethnographic study transports us into their lives the dynamics of their relations with family and friends as well as copper companies and government agencies Theoretically sophisticated and

vividly written Expectations of Modernity will appeal not only to those interested in Africa today but to anyone contemplating the illusory successes of today's globalizing economy

The Statesman's Year-Book 1981-82 J. Paxton, 2016-12-21 The classic reference work that provides annually updated information on the countries of the world

Africanizing Anthropology Lyn Schumaker, 2001-07-12 An innovative cultural study of a major site of British anthropology done with methods from the history of science detailing the development of methods practices and work culture in the colonial context

The Statesman's Year-Book 1979-80 J. Paxton, 2016-12-23 The classic reference work that provides annually updated information on the countries of the world

Politics, Language, and Thought David D. Laitin, 1977-05 When the Somali Republic received independence its parliamentary government decided to adopt three official languages English Italian and Arabic all languages of foreign contact Since the vast majority of the nation's citizens spoke a single language Somali which then had no written form this decision made governing exceedingly difficult Selecting any one language was equally problematic however because those who spoke the official language would automatically become the privileged class Twelve years after independence a military government was able to settle the acrimonious controversy by announcing that Somali would be the official language and Latin the basic script It was hoped that this choice would foster political equality and strengthen the national culture Politics Language and Thought is an exploration of how language and politics interrelate in the Somali Republic Using both historical and experimental evidence David D Laitin demonstrates that the choice of an official language may significantly affect the course of a country's political development Part I of Laitin's study is an attempt to explain why the parliamentary government was incapable of reaching agreement on a national script and to assess the social and political consequences of the years of nondecision Laitin shows how the imposition of nonindigenous languages produced inequalities which eroded the country's natural social basis of democracy Part 2 attempts to relate language to political thought and political culture Analyzing interviews and role playing sessions among Somali bilingual students Laitin demonstrates that the impact of certain political concepts is quite different when expressed in different languages He concludes that the implications of choosing a language are far more complex than previously thought because to change the language of a people is to change the ways they think and act politically

Religious Change In Zambia Wim M.J. van Binsbergen, 2012-11-12 Published in 1981 Religious Change in Zambia is a valuable contribution to the field of Middle East Studies

The Statesman's Year-Book 1982-83 J. Paxton, 2016-12-15 The classic reference work that provides annually updated information on the countries of the world
