information about global environmental trends paradigms and actors completes this comprehensive introduction to contemporary international environmental politics Global Environmental Politics is vital reading for students of environmental politics and anyone wishing to understand the current state of the field and to make informed decisions about which policies will best safeguard our environment for the future Global Politics Mr. Rohit Manglik,2023-05-23 In this book we will study about the subject of Global Politics exploring its key themes developments and importance in the broader context of the discipline The book offers foundational and in depth understanding tailored to build academic insight and critical thought Teaching Global Development William Savitt,1993 The field of development studies is expanding and should continue to grow as momentum toward global interdependence builds This book presents a guide for staff interested in teaching a wide variety of areas associated with global issues and Third World development Focusing on pedagogical techniques and strategies for curriculum development and reform this volume should also be of interest to staff of any other discipline who are interested in inserting a global perspective into their courses International Handbook of Urban Policy: Contentious global issues H. S. Geyer,2007-01-01 This first Handbook in a series of three original reference works looks at globally contentious urban policy issues from a wide variety of different angles and perspectives Matters related to urban densification population mobility urban inequality and sustainability are analysed in a manner that will not only interest the advanced student but also the novice Urban policy covers a vast field This first volume combines chapters covering three broad themes policy issues pertaining to the spatial aspects of the city social and mobility issues and issues of urban governance The spotlight initially falls on urban structure urban densification the disappearing urban rural divide the urban economic landscape and the transformation of socialist economies The Handbook then goes on to focus on migration social mobility crime terrorism and social inequality Finally urban sustainability and urban governance come under the spotlight Integration of the planning process flexibilities in infrastructure and areas of neglect in environmental management feature strongly in this section of the Handbook Books of this nature are often slanted in one particular direction however this Handbook s approach is different Not only has the editor avoided shying away from politically sensitive issues but contributions have also been included that reflect distinct differences of opinion on politically sensitive issues hence the volume s subtitle of contentious global issues As a Handbook the chapters have been written not only for the advanced student and academics but also with undergraduate students in mind The Handbook will appeal to scholars and researchers of geography and urban and development planning demography and social science and environmental scientists for the focus on urban sustainability issues Contesting and Constructing International Perspectives in Global Education R. Reynolds,D. Bradbery,J. Brown,K. Carroll,D. Donnelly,K. Ferguson-Patrick,S. Macqueen,2015-02-27 This volume addresses the need for an international perspective on global education and provides alternate voices to the theme of global education The editors asked international educators in different contexts to indicate how their own experience of global education addresses the

broad and contested concepts associated with this notion Following the lead of the internationally acknowledged authors from North America Europe Africa Australia and Asia perspectives were provided on a wide variety of contexts including tertiary education and teacher education various pedagogies for global education including digital pedagogies and curriculum development at school tertiary and community levels Contesting and Constructing International Perspectives in Global Education explores the tensions inherent in discussions of global education from a number of facets including spatial pedagogical temporal social and cultural and provides critical descriptive and values laden interpretations The book is divided into five sections Temporal and Spatial Views of Global Education Telling National Stories of Global Education Empowering Citizens for Global Education Deconstructing Global Education and Transforming Curricula for Global Education It is envisaged as a starting point for a stronger international conception of global education and a way to build a conversation for the future of global education in a neo liberal and less internationally confident time

Globalistics and Globalization Studies: Aspects & Dimensions of Global Views Arkadi D. Ursul, Endre Kiss, Alexander N. Chumakov, Olga G. Leonova, Tu Weiming, Peter G. Kirchsclaeger, Anthony Howell, Hae Kim, Jim Sheffield, 2014-04-30 Nowadays globalization processes have become all embracing But at the same time despite the ever increasing flow of publications on globalization our understanding and knowledge of it still leaves much to be desired Especially it concerns the global processes in general of which globalization is a part We also need to systematize our ideas about globalization and Global Studies to somehow fit the realities In particular this concerns the education process because the current state of education will determine the way people will perceive reality in the forthcoming decades This yearbook aims at contributing to the solution of these important tasks It is the third in the series of yearbooks titled Globalistics and Globalization Studies This year it has the following subtitle Aspects Dimensions of Global Views Its authors consider globalization and Global Studies in different dimensions and aspects philosophical methodological and pedagogical in terms of various processes problems and perspectives Of course to some extent this means that this yearbook presents rather diverse materials But globalization itself is very diverse And its comprehension may proceed in the framework of different theoretical approaches and points of view In the present yearbook one can find perceptions of globalization and Global Studies by a number of scholars from different countries of the world and learn rather peculiar visions of globalization by the Russian scientists and educators The yearbook will be interesting to a wide range of researchers teachers students and all those who pay attention to global issues
