Politique et gestion des finances publiques André Bernard,1992-04-07T20:00:00-04:00 Les finances publiques dans la société Politique économique et politique budgétaire Politique budgétaire politique fiscale et politique des dépenses Les contraintes institutionnelles imposées la élaboration de la politique fiscale et de la politique des dépenses La préparation du budget des dépenses La préparation du budget des dépenses et l'optimisation L'autorisation parlementaire de la politique budgétaire des dépenses publiques et des impôts L'exécution du budget et la gestion financière L'évaluation rétrospective

Politique et gestion des finances publiques, Québec et Canada André Bernard,1992-01-01 L'analyse est menée à la fois du point de vue de la rationalité politique et sous l'angle de la logique de l'administration publique Résumé questions et choix de textes la fin des chapitres **Les finances publiques au Canada** Geneviève Tellier,2015-11-17 L'état des finances publiques devrait tous nous interpeller Les décisions prises quant à l'utilisation et la répartition des ressources financières de l'état ont des répercussions importantes non seulement lorsque l'on considère notre propre bien-être mais aussi sur celui de nos concitoyens et pour l'ensemble de la société Mais pour bien comprendre ces divers enjeux il faut d'abord connaître les principaux rouages du processus budgétaire L'objectif de cet ouvrage est donc d'expliquer le processus budgétaire tel qu'il est utilisé dans un pays spécifique le Canada L'analyse présente et s'intéresse aux différentes phases du cycle budgétaire en portant une attention particulière aux rôles et influences des acteurs des règles administratives et juridiques et des institutions législatives et exécutives L'étude examine aussi les principaux enjeux budgétaires actuellement discutés au Canada tels que l'équilibre budgétaire la redistribution des ressources le rôle des parlementaires et les efforts de rationalisation des dépenses Le Canada est souvent cité en exemple en raison du cadre financier qu'il a su mettre en place pour répartir les responsabilités entre les différents ordres de gouvernement de la fédération et ses récents succès en matière de discipline budgétaire Cet ouvrage s'adresse donc non seulement tous ceux qui désirent mieux connaître le processus budgétaire canadien mais aussi ceux qui s'intéressent à l'analyse comparative des formes budgétaires *Canadian Public Finance* Geneviève Tellier,2019-01-01 Broken down into five sections explaining how public budgets are developed Canadian Public Finance presents a comprehensive account of the budget process of the federal provincial and territorial governments With a specific focus on the public policy process Geneviève Tellier walks readers through the five steps involved in the budget process including agenda setting formulation adoption implementation and evaluation Taking a close look at how much influence key decision makers actually have over the budget process Tellier highlights recent events that reveal the political social and economic constraints that impact budgetary decisions Tellier uses key words and textboxes at the end of each chapter to reflect on current issues and new developments in the world of public finance such as gender sensitive budgets performance based budgeting and fiscal transparency **Le processus budgétaire au Québec** Guy Lachapelle,Luc

Bernier,1999-09-29T20:00:00-04:00 Acteurs et observateurs de l'administration publique se sont penchés sur la question de

la gestion du secteur public et se sont interrogés sur les choix budgétaires futurs de l'état. Outre la description du processus budgétaire au Québec, ils démontrent que les choix budgétaires des différents gouvernements qui se sont succédés sont soumis des contraintes de tous ordres qui influent sur les décisions et les orientations. Cet ouvrage démystifie le rituel budgétaire en vigueur au Québec et permet au lecteur de poser son propre jugement sur le sujet. **Hard Choices Or No Choices** Amelita Armit, Jacques Bourgault, Institut d'administration publique du Canada, University of Regina. Canadian Plains Research Center, 1996. *Translation Policies in Legal and Institutional Settings* Marie Bourguignon, Bieke Nouws, Heleen van Gerwen, 2021-11-15. This edited volume documents the state of the art in research on translation policies in legal and institutional settings. Offering case studies of past and present translation policies from several parts of the world, it allows for a compelling comparison of attitudes towards translation in varying contexts. The book highlights the virtues of integrating different types of expertise in the study of translation policy: theoretical and applied, historical and modern, legal, institutional and political. It effectively illustrates how a multidisciplinary perspective furthers our understanding of translation policies and unveils their intrinsic link with topics such as multilingualism, linguistic justice, minority rights and citizenship. In this way, each contribution sheds new light on the role of translation in the everyday interaction between governments and multilingual populations. Gestion budgétaire et dépenses publiques Pierre Cliche, 2009-03-25. Ce livre s'adresse tous ceux tant intérieurs qu'extérieurs de l'administration gouvernementale que la gestion publique intéresse qui sont préoccupés par ce qui s'y passe ou qui veulent comprendre comment la gestion budgétaire s'inscrit dans la panoplie des instruments utilisés par les gouvernements et pourquoi il s'agit de l'un des vecteurs privilégiés de l'action publique. En partant de l'exemple québécois tout en cherchant à le situer par rapport aux expériences étrangères, l'auteur explique en quoi la gestion budgétaire québécoise est semblable ou différente de celle qui se pratique ailleurs. Ces comparaisons permettent d'enrichir la perspective québécoise tout en développant une compréhension large de la gestion budgétaire publique.

L'institutionnalisation du management public au Québec Caroline Dufour, 2012-04-16. Au Québec, la formation universitaire en administration publique s'est développée dans les années 1960 au cours de la Révolution tranquille. Avant cette période, de l'histoire de la province, les universités manifestaient peu d'intérêt pour cette forme d'éducation jusqu'à ce qu'un jeune ministre du nom de René Lévesque entreprenne des démarches afin que les administrateurs publics soient formés à l'administration. Cet ouvrage examine depuis l'initiative de Lévesque jusqu'aux années 2000 comment les relations établies entre l'état québécois et les universités autour de la formation des administrateurs ont mené à l'établissement du Management Public comme approche dominante de l'étude de l'administration publique. L'étude, à la fois sociologique et historique, repose sur des archives analysées ici pour la première fois. L'écologie des hautes études commerciales de Montréal, le Département de science politique de l'Université Laval et bien sûr l'École nationale d'administration publique se retrouvent parmi les acteurs clés de cette vague de modernisation de la formation des administrateurs québécois. Spécialistes de la gestion publique et

fonctionnaires trouveront dans ce livre une contribution unique à la compréhension de l'évolution de la formation du gestionnaire public qu'ils soient ceux et celles intéressés par la sociologie de l'enseignement supérieur y verront un nouvel aspect du développement des domaines d'études appliqués dans les universités du Québec

The Guardian Institute of Public Administration of Canada, 2011-01-01 Finance departments have often been portrayed as guardians of the public purse In The Guardian a multidisciplinary group of contributors examines the Ministry of Finance of Ontario since the Second World War During the last sixty years the Ministry was transformed from a relatively small Treasury to a sophisticated policy machine What started as a modest bookkeeping operation evolved into a key bureaucratic and policy agency as the government of Ontario assumed a leadership position in developing the province These essays reveal Ontario's finance as a dynamic policy issue shaped by the personalities of premiers and ministers the energies of public servants at all levels and a critical dialogue between political and administrative worlds Drawing on different methodologies this collection profiles a ministry as policy entrepreneur spender revenue generator capacity builder budget director program manager and intergovernmental agent The Guardian fills a significant gap in public administration literature and in so doing describes how Ontario's Ministry of Finance defined its role as guardian

Tremblay, 2013-01-07T00:00:00-05:00 Les temps sont difficiles pour l'administration publique Critiquée de toutes parts elle est perçue comme immobilisée par son propre poids empêtrée dans ses lois et ses règlements Ses actions seraient trop coûteuses et soumises divers trafics d'influence Bref si on en croit le cynisme populaire ambiant l'administration publique est inefficace et inefficace Mythe ou réalité Peut-être les deux la fois mais il n'y a qu'une seule façon de départager le vrai du faux l'examiner sous toutes ses coutures C'est le projet qui anime les auteurs de ce livre saisir la réalité de l'administration publique dans ses multiples facettes et présenter les principales notions qui lui sont associées S'adressant particulièrement aux étudiants en gestion publique cette introduction à l'administration publique conduit le lecteur mieux connaître ce secteur d'activité et juger de manière claire de ses forces et de ses faiblesses Rédigés par des universitaires issus de différentes disciplines scientifiques les textes de cet ouvrage traitent des grandes fonctions de l'administration contemporaine de l'état l'organisation et la gestion de l'état la création et le maintien des institutions l'apanouissement de la citoyenneté et de la société le développement de l'économie ainsi que la construction des relations avec le monde Ils sont accompagnés d'un lexique des divers termes expressions et concepts utilisés par les auteurs

Dépenses des gouvernements provinciaux canadiens

Geneviève Geneviève Tellier, 2017-01-31T00:00:00-05:00 Le déséquilibre fiscal le financement des soins de la santé et la lutte au déficit sont non seulement des questions qui animent les débats proposés du rôle de l'État dans la société mais ces questions mettent aussi en évidence le rôle de plus en plus important des gouvernements provinciaux au sein de la fédération canadienne Ce rôle accru s'observe notamment par les politiques budgétaires alors que le gouvernement fédéral s'est engagé dans une politique de stabilisation de ses dépenses dans la dernière décennie les dépenses de l'ensemble des gouvernements provinciaux

continuent d'augmenter Cette augmentation n'est toutefois pas constante dans le temps et diffère d'une province à l'autre comment expliquer cette situation Pour fournir des éléments de réponse trois principaux facteurs sont analysés dans cet ouvrage l'idologie partisane des gouvernements leur popularité auprès des lecteurs et l'occasion lectorale *Canadian Who's Who 2003* Elizabeth Lumley, 2003-03 Now in its 93rd year of publication this standard Canadian reference source contains comprehensive and authoritative biographical information on notable living Canadians Those listed are carefully selected because of the positions they hold in Canadian society or because of the contribution they have made to life in Canada entries are added each year to keep current with developing trends and issues in Canadian society Included are outstanding Canadians from all walks of life politics media academia business sports and the arts from every area of human activity memberships creative works honours and awards and full addresses Of use to researchers students media business government and schools it is a useful source of general knowledge *La politique fiscale* Pierre-P.

Tremblay, 1998-09-15T20:00:00-04:00 Comment les gouvernements procèdent-ils pour tablir les modalités de prélèvement des fonds publics Voilà une question qui suscite beaucoup d'intérêt chez les contribuables En effet pourquoi certains groupes de citoyens sont-ils taxés alors que d'autres ne le sont pas Pourquoi certains secteurs d'activités ou certains biens sont-ils plus touchés que d'autres par les perceptions fiscales Rédigé par un spécialiste en politique fiscale cet ouvrage intéressera toutes les personnes soucieuses de mieux comprendre les mécanismes sous-jacents la prise de décisions fiscales L'auteur a recueilli pour la première édition le prix Coopers Lybrand du Livre d'affaires 1996 *Sisyphes et le financement de l'État* Pierre-P.

Tremblay, 2005-05-02T00:00:00-04:00 Le financement de l'état est notre époque un acte d'une très grande complexité Les gouvernements et les diverses administrations du secteur public doivent tirer leurs revenus d'une variété de sources dont la productivité est influencée par des facteurs en changement constant L'équilibre de la balance des budgets n'est jamais garanti les responsables de la politique des finances publiques doivent constamment procéder des ajustements Ils sont ce Sisyphes moderne condamné refaire les mêmes travaux et les soumettre des juges jamais vraiment satisfaits IBSS: Economics: 1993

société au Québec Daniel Latouche, Guy Falardeau, Michel Lévesque, 1993 *Do They Walk Like They Talk?* Louis M. Imbeau, 2009-07-16 George Bush's 1988 campaign pledge Read my lips no new taxes has become a mantra for those who distrust politicians and bureaucrats The gulf between what political leaders say and do seems to be widening and in democratic societies around the world contributing to an atmosphere of cynicism and apathy among the citizenry

Understanding the characteristics and functions of speech in policy processes is a requirement for trying to overcome this problem indeed politicians and bureaucrats spend a good proportion of their time and resources discoursing i.e. writing speaking and publishing However there has been scant analysis of political discourse the aim of this book is to fill this analytical gap by exploring political speech from a variety of perspectives including normative epistemological and empirical Incorporating insights from economics political science philosophy and law and evidence from the United States Canada France Italy Turkey and the EU the book addresses a wide variety of timely issues including Fiscal discipline in speeches vs budget balance Is an improvement deterioration of the budget balance preceded by a more less fiscally disciplined discourse Revenues and spending forecasted in budget speeches vs realised budget outcomes Is there a systematic bias If so how can we explain it Electoral pledges vs actual realisations Do governments follow up on their electoral pledges Ideological stance in party publications vs spending and revenues of party governments Do parties of the right and the left speak different languages How can we validly classify a government as of the left or of the right Is there a systematic difference between governments of the right and of the left in terms of their policy Speeches by central bank officers vs monetary policy Can changes in monetary policy be predicted by official speeches The political business cycle How can taking into consideration the speech action relationship strengthen or threaten our knowledge about electoral and partisan cycles in public spending Other questions explored include Should policy makers always tell the truth and all the truth What are the benefits and the costs of transparency How can we resolve the apparent contradiction between the democratic demand for transparency and the efficiency requirement of secrecy in many policy areas budget preparation monetary policy foreign policy security etc Under which conditions is secrecy acceptable in a democratic society To what extent may deception and lies lead to a breach of trust or to power abuse What are the most efficient institutional mechanisms to prevent such abuse Collectively the authors present new insights for understanding political process and government activity and suggest avenues for further research
