Polity and the Public Good Leslie Wharton, 1980 **The Conundrum of Class** Martin J. Burke, 1995-09 Martin Burke traces the surprisingly complicated history of the idea of class in America from the forming of a new nation to the heart of the Gilded Age Surveying American political social and intellectual life from the late 17th to the end of the 19th century Burke examines in detail the contested discourse about equality the way Americans thought and wrote about class class relations and their meaning in society Burke explores a remarkable range of thought to establish the boundaries of class and the language used to describe it in the works of leading political figures social reformers and moral philosophers He traces a shift from class as a legal category of ranks and orders to socio economic divisions based on occupations and income Throughout the century he finds no permanent consensus about the meaning of class in America and instead describes a culture of conflicting ideas and opinions **Novus Ordo Seclorum** Forrest McDonald, 1985 A witty and energetic study of the ideas and passions of the Framers New York Times Book Review An important comprehensive statement about the most fundamental period in American history It deals authoritatively with topics no student of American can afford to ignore Harvey Mansfield author of the Spirit of Liberalism **Passionate Sage: The Character and Legacy of John Adams** Joseph J. Olsen, 2006-01-01 Taking the revival of civic republicanism as his point of departure Erik Olsen examines the relationship between property civic virtue and democracy in post socialist political thought Steering a course between the crass materialism that post socialists criticize and their own post materialist perspective Olsen outlines a theory of democratic stakeholding in which citizens have rights of inhabitation in their commonwealth *The Union As It Is* Peter B.
