Censorship & Cultural Regulation in the Modern Age, 2016-08-29 Censorship has become a fashionable topic not only because of newly available archival material from Eastern Europe and the former Soviet Union but also because the new censorship inspired by the works of Foucault and Bourdieu has widened the very concept of censorship beyond its conventional boundaries This volume uses these new materials and perspectives to address the relationship of censorship to cultural selection processes such as canon formation economic forces social exclusion professional marginalization silencing through specialized discourses communicative norms and other forms of control and regulation Two articles in this collection investigate these issues theoretically The remaining eight contributions address the issues by investigating censorial practice across time and space by looking at the closure of Paul's playhouse in 1606 the legacy of 19th century American regulations and representation of women teachers the relationship between official and samizdat publishing in Communist Poland the ban on *Gegenwartsfilme* films about contemporary society in East Germany in 1965-66 the censorship of modernist music in Weimar and Nazi Germany the GDR's censorship of jazz and avantgarde music in the early 1950s Aesopian strategies of textual resistance in the pop music of apartheid South Africa and in the stories of Mario Benedetti *Auschwitz, Poland, and the Politics of Commemoration, 1945-1979* Jonathan Huener, 2003-12-15 Few places in the world carry as heavy a burden of history as Auschwitz Recognized and remembered as the most prominent site of Nazi crimes Auschwitz has had tremendous symbolic weight in the postwar world *Auschwitz Poland and the Politics of Commemoration* is a history of the Auschwitz memorial site in the years of the Polish People's Republic Since 1945 Auschwitz has functioned as a memorial and museum Its monuments exhibitions and public spaces have attracted politicians pilgrims and countless participants in public demonstrations and commemorative events Jonathan Huener's study begins with the liberation of the camp and traces the history of the State Museum at Auschwitz from its origins immediately after the war until the 1980s analyzing the landscape exhibitions and public events at the site Based on extensive research and illustrated with archival photographs *Auschwitz Poland and the Politics of Commemoration* accounts for the development and durability of a Polish commemorative idiom at Auschwitz Emphasis on Polish national martyrdom at Auschwitz neglect of the Shoah as the most prominent element of the camp's history political instrumentalization of the grounds and exhibitions these were some of the more controversial aspects of the camp's postwar landscape Professor Huener locates these and other public manifestations of memory at Auschwitz in the broad scope of Polish history in the specific context of postwar Polish politics and culture and against the background of Polish Jewish relations *Auschwitz Poland and the Politics of Commemoration* will be of interest to scholars students and general readers of the history of modern Poland and the Holocaust **Censorship, Translation and English Language Fiction in People's Poland** Robert Looby, 2015-03-31 This book studies the influence of censorship on the selection and translation of English language fiction in the People's Republic of Poland 1944-1989 It analyses the differences between

originals and their translations taking into account the available archival evidence from the files of Poland's Censorship Office as well as the wider social and historical context. The book examines institutional censorship, self-censorship and such issues as national quotas of foreign literature, the varying severity of the regime and criticism as a means to control literature. However, the emphasis remains firmly on how censorship affected the practice of translation. Translators shaped Polish perceptions of foreign literature from Charlie Chan books to Ulysses and from The Wizard of Oz to Moby Dick. But whether translators conformed or rebelled, they were joined in this enterprise by censors and pulled into post-war Poland's cultural power structures.

**System propagandy politycznej oficjalnej PPS, 1944-1948** Wojciech Kalicki, 1999 Politologia, 1991 Polityka oświatowa Polskiej Partii Robotniczej, 1944-1948 Józef Jakubowski, 1975 Propaganda bezprawia Jarosław Kuisz, 2020-09-30. Stawiając zadanie badawcze, autor znakomicie pokazuje wielotkowo podstawowe problemy. Analizuje informacje, jakie trafiały do rządu w masowego przekazu, szczególnie do materiału w filmowych wiadomościach o wprowadzaniu w życie nowych aktów prawnych, tworzących nową rzeczywistość w stosunku zarówno do prawa II RP, jak i lat okupacji. Nakładają na to relacje z procesami sądowymi. Uwzględnia także materiały mające zdelegalizować państwo i prawo II RP i przedstawia je w najciemniejszych barwach. Porównuje te same wiadomości przedstawiane w materiałach audiowizualnych prasy codziennej oraz fachowych czasopiśmie prawniczych. Poszukuje także odpowiedzi na pytanie, w jaki sposób opowiadano obrazem o normach prawnych. To bardzo ciekawe naukowe zagadnienia i w zakresie prawa pionierskie. Dzięki znakomite wybitne efekty, dobrze wykorzystanej erudycji autora. Prof. dr hab. Adam Lityński: Jesteśmy otoczeni przez prawo, ustawy, dekrety, zarządzenia, ale w zasadzie nie zastanawia nas, w jaki sposób dowiadujemy się o ich istnieniu i egzekwowaniu. Skąd wiemy, co wolno, a czego nie wolno? Jarosław Kuisz na nieoczywistym, ale rzeczywistym przykładzie początkowych lat istnienia PRL pokazuje, jakie były w czas instrumenty powszechnego powiadamiania o prawie i jak upowszechnianie go mogło być po prostu propagandą. Prof. dr hab. Andrzej Paczkowski: Jarosław Kuisz, adiunkt na Wydziale Prawa i Administracji Uniwersytetu Warszawskiego, redaktor naczelny tygodnika internetowego *Kultura Liberalna*, współpracownik Institut d'histoire du temps présent przy Narodowym Centrum Badań Naukowych CNRS w Paryżu, fellow w Wissenschaftskolleg zu Berlin 2019-2020. W latach 2016-2018 był współpracownikiem programu Knowledge Bridges Poland-Britain-Europe w St Antony's College na Uniwersytecie Oksfordzkim. Państwie i Prawie **Kwartalnik historii prasy polskiej**, 1992 **Media Law in the time of liquid modernity** Jacek Sobczak, Jędrzej Skrzypczak, Ksenia Kakareko, 2017. Political and social changes that took place at the turn of the 20th and 21st centuries and

additionally technological revolution and the process of digitalisation have resulted in significant social economic and legal transformations Then it can be even said metaphorically that together with the development of the Internet we discovered a new continent Colonization of this area resembles conquering new areas in times of great geographical discoveries At first power and violence were prevailing and only later people tried to introduce effective methods of law enforcement Nowadays the next problem is the non territoriality of phenomena on the Internet From the point of view of legal actions it is generally limited to a legal system of a given country and seems to be a fundamental issue As it appears law and legal systems do not handle the challenges of global space and it is rather a gunslinger s speed that turns out to be essential here However it should be hoped that with time as in the case of the real world experience power will be replaced with powerful arguments based on effective legal mechanisms in particular All the more so as these changes happen very rapidly Thus referring to the known concept of liquid modernity by Zygmunt Bauman it can also be said that by regulating the media subject in the field of law to fundamental changes we are confronted with the uncertainty of legal institutions concerning this part of social life Hence we should return to the basics and again pose fundamental questions about media law such as for instance what should the press radio television be called and who can be treated as a journalist Additionally we should face new legal phenomena and challenges The collective work we are passing to the readers is an attempt to analyse the current state and present a forecast about further changes as well as answers to at least several questions posed above Being aware of the fact that it is impossible to deal with or even settle all the aforementioned problems in such a study the editors hope that thanks to reviews and deliberations of the authors the book will significantly contribute to the discussion on media law in the 21st century The authors of individual chapters of this book are researchers from various Polish scientific institutions and members of the Polish PressLawAssociation
