

The background of the cover is a painting of a tropical scene at sunset. On the left, several tall palm trees stand against a sky filled with soft, orange and pink clouds. The sun is a bright, glowing orb on the horizon. To the right, a large, dark, craggy rock formation rises from the water. The foreground is a dark, calm body of water reflecting the sky and the landscape.

Grey,2019-11-16 Sir George Grey was among the first chroniclers to explore Hawaii and the South Sea Isles with an aim of writing down the local legends and myths this collection contains the amazing results of his journey It was not the author s original plan to record the myths and legends of the Polynesian people a government posting in New Zealand and his subsequent encounters with natives and their chieftains spurred an interest in the region s rich storytelling history Many chieftains would quote different proverbs and narratives in common summarizing the deeds of heroes such as Maui and Tawhaki Many of the myths and legends reflected the Polynesian society s maritime nature prowess upon the seas be it in intrepid sailing or hunting great beasts of the deep is a recurring theme The peoples of Polynesia were spread over thousands of miles of island chains in the Pacific Ocean and were mindful of the great distances their boats had covered The

discovery of New Zealand itself was subject to a legendary story it being an island far greater in size than any discovered before Tales of rituals and magic connected with nature leads Sir Grey to speculate about some arcane link between Polynesia and ancient Mexico at the time the supernatural qualities found in this lore were considered barbarous and ignoble in the face of the Christianity of Western explorers *Polynesian Mythology and Ancient Traditional History of the New Zealand Race* George Grey, 2015-08-21 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant Polynesian Mythology & Ancient Traditional History of the New Zealanders George Grey, 2010-03

TOWARDS the close of 1845 Sir George Grey was unexpectedly requested to administer the affairs of New Zealand On arrival he found the Maori tribes engaged in hostilities with the Queen's troops against whom they had contended with considerable success He quickly realised he could neither successfully govern nor hope to conciliate with a people whose language manners customs and religion he was quite unacquainted He decided that he should be acquainted with the language of the New Zealanders in order to redress their grievances With no published Maori dictionary nor books to study its construction he found this to be a most difficult task To his surprise he found that the Maori chiefs in their speeches or in their letters frequently quoted fragments of ancient poems or proverbs or made allusions which rested on an ancient system of mythology This gave him further impetus to learn the language of the country For more than eight years he devoted a great part of his available time to collecting these ancient myths poems and legends working in his spare moments in every part of the country Once when he had amassed a large amount of materials to aid him in his studies the Government House was destroyed by fire and with it were burnt the materials he had so painstakingly collected and thus he was left to recommence his difficult task The ultimate result however was the collection of a large mass of materials He felt unwilling that the result of his labours should be lost to those whose duty it may be thereafter to deal with the natives of New Zealand and he undertook to publish his extensive collection of ancient traditional poems religious chants and songs of the Maori race It is in this volume that Sir George Grey first presented to the European reader in 1854 the first written record and translation of the principal portions of ancient Maori mythology and of some of their most interesting legends *Polynesian*
