## **Pompeii Man:**

The Time the Waters Rose Paul Ruffin, 2016-02-28 A collection of short stories about the rough and sometimes mysterious waters Writer Paul Ruffin celebrates the mysteries of the sea in the short story collection *The Time the Waters Rose* From shrimp boat captains to shipyard workers Ruffin's characters are men who drink swear fight and sometimes kill but what unifies them is that all embracing magic of the Gulf coast and the barrier islands While some are drawn to the Gulf for its mystery others are there simply to earn a living and all are unforgettable from the bawdy snuff dipping rednecks to the land locked shipbuilder who erects a ship in his suburban backyard to the salty old freethinker aboard *The Drag Queen* who gives his evangelical shipmate hell for suggesting they say grace before lunch The title story which Ruffin started writing as a ten year old bored with traditional Biblical tales is an irreverent satirical retelling of the epic Noah story All the other tales are set in and around the Mississippi coast but they are not your typical sea and fishing yarns While some of the stories may seem far fetched they are all drawn from Ruffin's experiences and are rich with tactile descriptions of the Pascagoula River and its surrounding marshlands from the sun and shadow play of the open waters to the powerful thunderheads and squalls that arise at a moment's notice over the islands of the Gulf

Pompeii's Ashes Eric Moormann, 2015-03-10 Although there are many works dealing with Pompeii and Herculaneum none of them try to encompass the entire spectrum of material related to its reception in popular imagination *Pompeii's Ashes* surveys a broad variety of such works ranging from travelogues between ca 1740 and 2010 to 250 years of fiction including stage works music and films The first two chapters provide an in depth analysis of the excavation history and an overview of the reflections of travelers The six remaining chapters discuss several clearly defined genres historical novels with pagan tendencies and those with Christians and Jews as protagonists contemporary adventures time traveling mock manuscripts and works dedicated to Vesuvius *Pompeii's Ashes* demonstrates how the eternal fascination with the oldest still running archaeological projects in the world began developed and continue until now

**The New Orleans of Fiction** James A. Kaser, 2014-07-29 The importance of New Orleans in American culture has made the city's place in the American imagination a crucial topic for literary scholars and cultural historians While databases of bibliographical information on New Orleans centered fiction are available they are of little use to scholars researching works written before the 1980s In *The New Orleans of Fiction: A Research Guide* James A Kaser provides detailed synopses for more than 500 works of fiction significantly set in New Orleans and published between 1836 and 1980 The synopses include plot summaries names of major characters and an indication of physical settings An appendix provides bibliographical information for works dating from 1981 well into the 21st century while a biographical section provides basic information about the authors some of whom are obscure and would be difficult to find in other sources Written to assist researchers in locating works of fiction for analysis the plot summaries highlight ways in which the works touch on major aspects of social history and cultural studies i.e. class ethnicity gender immigrant experience and race The

**Explanation and Understanding** von Wright Georg Henrik,2013-12-19 This volume distinguishes between two main traditions in the philosophy of science the aristotelian with its stress on explanation in terms of purpose and intentionality and the galilean which takes causal explanation as primary It then traces the complex history of these competing traditions as they are manifested in such movements as positivism idealism Marxism and contemporary linguistic analysis Hempel's theory of scientific explanation the claims of cybernetics the rise of an analytic philosophy of

action and the revival of hermeneutics are all discussed The volume also deals with causal explanation intentionality and teleological explanation and explanation in history and the social sciences The author concludes that explanation of human actions cannot be reduced to simple causality and discusses the implications of this conclusion for the disciplines of history and sociology      *Shimmering Waters of Gold* Joyce S. Savage, 2022-09-19 Joyce Savage speaks from the heart in this poetry book which talks about love hope empowerment passion and emotions Open these pages and get comfortable on your couch Feel the emotions and think deeply about the life and the world around you Shimmering Waters of Gold s intent is to inspire impress impact and spell bind its readers Trying to exist in a world that is changing daily The author challenges herself and her disappointments and has transformed them into a literary work known as Shimmering Waters of Gold When nothing but trepidations engulf And life s source sinks like the day stand A beam your face cannot embrace The lips are frozen in a stance Still I hope you laugh I hope you laugh Because there is always tomorrow      **Primeval Man** Alison Hingston Quiggin, 1912
