Pompilia A Feminist Reading Of Robert Brownings The Ring And The:

Pompilia Ann P. Brady, 1988 When Count Guido Franceschini was tried by a Roman court in 1698 for the rape and murder of his young wife Pompilia he had the church the state and all of sensible Rome supporting him Their cynical mandate sprang from the traditional belief that in a patriarchal society the male should wield absolute power including the power of life and death over the female In *Pompilia* Brady discusses how Browning's masterpiece exposes the pervasive misogyny of patriarchal culture justified in the principle of honoris causa jealously guarded by church and state From his letters it is clear that the poet parallels the Rome of the Franceschini trial with the patriarchy of Victorian England Tracing the classical sources of institutionalized misogyny from Aristotle to Justinian to Livy from Genesis through the New Testament Brady shows how ancient and pervasive is the patriarchal system and argues that the woman thus defined by traditional theology is identical to the pornographer's definition of woman the woman made for the man Confronting the problem of sexual cynicism among interpreters of *The Ring and the Book* from Thomas Carlyle to the present Brady examines the character of Pompilia the victim on trial essentially for the crime of being raped and murdered She examines the explicitly sexual degradation of Pompilia by Guido and his priest brother and she points out the sexual bias rampant in the trial proceedings a bias that reveals the ecclesiastical corruption surrounding the institution of marriage One of the first book length studies of Browning's feminism Brady's study makes valuable interpretive contributions to *The Ring and the Book* and should earn the poem new readers among both feminists and traditionalists *The Ring and the Book* Robert

Browning, 2001-08-27 In June 1860 Browning purchased an old yellow book from a bookstall in Florence The book contained legal briefs pamphlets and letters relating to a case that had been tried in 1698 involving a child bride a disguised priest a triple murder four hangings and the beheading of a nobleman Browning resolved to use it as the source for a poem The result *The Ring and the Book* is certainly one of the most important long poems of the Victorian era and is arguably Browning's greatest work Basing their edition on the 1888-89 version of the poem Altick and Collins include the last corrections Browning intended before his death In addition to a substantial introduction this Broadview Literary Texts edition also includes selections from Browning's correspondence and contemporary reviews and reactions to the work **Masculinity**

in Four Victorian Epics Clinton Machann, 2016-05-06 Offering provocative readings of Tennyson's *Idylls of the King* Barrett Browning's *Aurora Leigh* Clough's *Amours de Voyage* and Browning's *The Ring and the Book* Clinton Machann brings to bear the ideas and methods of literary Darwinism to shed light on the central issue of masculinity in the Victorian epic This critical approach enables Machann to take advantage of important research in evolutionary psychology cognitive science anthropology among other scientific fields and to bring the concept of human nature into his discussions of the poems The importance of the Victorian long poem as a literary genre is reviewed in the introduction followed by transformative close readings of the poems that engage with questions of gender particularly representations of masculinity and the prevalence of

male violence Machann contextualizes his reading within the poets views on social philosophical and religious issues arguing that the impulses drives and tendencies of human nature as well as the historical and cultural context influenced the writing and thus must inform the interpretation of the Victorian epic **The Poetry of Robert Browning** Britta
