of miles along a jungle track through the torrential monsoon rains to miserable camps where there was little in the way of cover or accommodation Despite utter exhaustion upon arrival at the camps the men were forced to work on the road and rail links the Japanese needed to carry supplies and reinforcements for their assault upon British held India With precious little food or medical supplies the men soon fell prey to terrible and fatal diseases and soon hundreds had died Despite the protests of the British and Australian officers conditions in the malaria and cholera infested camps were utterly horrific As Lieutenant Colonel Kappe wrote the barbarism they experienced at the hands of the Japanese had never been equaled in history Kappe therefore set himself the task of documenting the atrocities the men of F Force endured from May to October 1943 which resulted in more than 3 000 men losing their lives His report is reproduced here in full every disturbing episode in this almost unbelievable drama told as he saw and experienced it at first hand Rarely has there been such a document produced in a prisoner of war camp its survival being as monumental as the sufferings of the men described in its pages
