**Journal of the Bath and West and Southern Counties Society**, 1909      Journal of the Bath and West and Southern Counties Society Bath and West and Southern Counties Society, 1909      *Journal* Bath and West and Southern Counties Society, 1909      *Polo in Britain* Horace A. Laffaye, 2014-01-10 Ever since British soldiers returning from India in the mid nineteenth century introduced their homeland to a fast paced ball game on horseback polo has remained the quintessential British sport Although its origins lie in Asia British pioneers are credited with both modernizing the game and spurring its spread worldwide This volume chronicles the history of polo in the British Isles from its beginnings in the 1860s through the summer of 2011 It recounts the development of polo clubs including the rise and fall of once mighty citadels of the game describes the major competitions and many of the lesser tournaments in England and Ireland and gives particular attention to international contests Biographical sketches of top players from early innovators to current superstars and reflections on current issues affecting the game including the rise of commercialism and the decrease of civility and sportsmanship complete this vivid panorama of British polo      **Toxicology Research Projects Directory**, 1976-10 An indexed directory of current research project abstracts in toxicology and related fields      The American Appraisal News, 1922      **Swine Research** United States. Cooperative State Research Service. Current Research Information System, 1983      **Women, Horse Sports and Liberation** Erica Munkwitz, 2021-07-13 Shortlisted for the 2022 Lord Aberdare Literary Prize This book is the first full length scholarly examination of British women s involvement in equestrianism from the eighteenth through the twentieth centuries as well as the corresponding transformations of gender class sport and national identity in Britain and its Empire It argues that women s participation in horse sports transcended limitations of class and gender in Britain and highlights the democratic ethos that allowed anyone skilled enough to ride and hunt from chimney sweep to courtesan Furthermore women s involvement in equestrianism reshaped ideals of race and reinforced imperial ideology at the zenith of the British Empire Here British women abandoned the sidesaddle which they had been riding in for almost half a millennium to ride astride like men thus gaining complete equality on horseback Yet female equestrians did not seek further emancipation in the form of political rights This paradox of achieving equality through sport but not through politics shows how liberating sport was for women into the twentieth century It brings into question what emancipation meant in practice to women in Britain from the eighteenth through twentieth centuries This is fascinating reading for scholars of sports history women s history British history and imperial history as well as those interested in the broader social gendered and political histories of the nineteenth and twentieth centuries and for all equestrian enthusiasts      With Scott in the Antarctic Isobel Williams, 2011-10-24 Edward Wilson 1872 1912 accompanied Robert Falcon Scott on both his celebrated Antarctic voyages the Discovery Expedition of 1901 1904 and the Terra Nova Expedition of 1910 1913 Wilson served as Junior Surgeon and Zoologist on Discovery and on this expedition with Scott and Ernest Shackleton he set a new Furthest South on 30 December
