Grotesque Tenderness Daniel Cowper, 2019-05-15 Afraid to be alone we met by lamplight trading stories Sin of Man was one Age of Science another

More prayers than answers Daniel Cowper's debut poetry collection *Grotesque Tenderness* speaks for an unrooted age for unrooted people In these poems city dwellers long to ally themselves with some sympathetic culture or the evolutionary logic of nature but those alliances remain conditional ambiguous or dangerous A tsunami smashes a harbour city into tide rows of burning debris children chase snakes in summer meadows The primordial past spins off rogue by products and flawed replicas while lonely office workers get high on back porches and drink themselves to sleep The musical and kinetic energy of *Grotesque Tenderness* is driven by our urge to understand pain and our hunger to reach an imperfect reconciliation with the problems of guilt and suffering But in the tradition of William Blake these poems affirm again and again that the lit world goes on living and life justifies itself through its own workings From elegant lyrics of alienation and heartbreak to long form mythopoeia and lament these poems approach beauty ugliness even criminality in a spirit of wonder and vulnerability

RE: Reading the Postmodern Robert David Stacey, 2011-01-14 It would be difficult to exaggerate the worldwide impact of postmodernism on the fields of cultural production and the social sciences over the last quarter century even if the concept has been understood in various even contradictory ways An interest in postmodernism and postmodernity has been especially strong in Canada in part thanks to the country's non monolithic approach to history and its multicultural understanding of nationalism which seems to align with the decentralized plural and open ended pursuit of truth as a multiple possibility as outlined by Jean Fran ois Lyotard In fact long before Lyotard published his influential work *The Postmodern Condition* in 1979 Canadian writers and critics were employing the term to describe a new kind of writing *RE: Reading the Postmodern* marks a first cautious step toward a history of Canadian postmodernism exploring the development of the idea of the

postmodern and debates about its meaning and its applicability to various genres of Canadian writing and charting its decline in recent years as a favoured critical trope **Generation Zombie** Stephanie Boluk, Wylie Lenz, 2011-07-25 Growing from their early roots in Caribbean voodoo to their popularity today zombies are epidemic Their presence is pervasive whether they are found in video games street signs hard drives or even international politics These eighteen original essays by an interdisciplinary group of scholars examine how the zombie has evolved over time its continually evolving manifestations in popular culture and the unpredictable effects the zombie has had on late modernity Topics covered include representations of zombies in films the zombie as environmental critique its role in mass psychology and how issues of race class and gender are expressed through zombie narratives Collectively the work enhances our understanding of the popularity and purposes of horror in the modern era Instructors considering this book for use in a course may request an examination copy [here](#)
