Environmental Crime and Corruption in Russia Sally Stoecker,Ramziya Shakirova,2013-10-08 Environmental devastation a significant consequence of industrial activity in Soviet times continues to be a major problem in Russia Specific problems include radioactive pollutants from inadequately monitored nuclear plants illegal logging and wildlife poaching which have grown into hugely profitable businesses for criminal gangs and toxic waste from unsanctioned and poorly controlled metallurgical petroleum and agricultural chemical industries This book presents a wide ranging assessment of the environmental problems faced by Russia and of the crime and corruption which contribute to them It also discusses the attitude of the Russian government which seems to view environmental protection as something for rich countries something to be postponed until Russia is on the same economic footing as wealthier Scandinavian and western European countries It concludes gloomily that the problems are getting worse and that little is being done to tackle them Hollywood Left and Right Steven J. Ross,2011-09-06 Ever since the film industry relocated to Hollywood early in the twentieth century it has had an outsized influence on American politics Through a series of gripping chapters on larger than life figures in American cinema Charlie Chaplin Louis Mayer Edward G Robinson Harry Belafonte Ronald Reagan George Murphy Jane Fonda Charlton Heston Warren Beatty and Arnold Schwarzenegger Hollywood Left and Right tells the compelling story of how Hollywood emerged as a vital center of American politics From Chaplin whose movies almost always displayed his leftist convictions to Schwarzenegger s nearly seamless transition from action blockbusters to the California governor s mansion Steve Ross traces the intersection of Hollywood and political activism through the twentieth century and into the 21st Significantly Hollywood Left and Right challenges the commonly held belief that Hollywood is a bastion of liberalism The real story as Ross shows in this passionate yet highly entertaining work is a far more complicated one The Left and the Right each gained ascendancy in Tinseltown at different times but while the Hollywood Left was usually more vocal and visible it was the Right that achieved the most capturing a Senate seat Murphy a governorship Schwarzenegger and ultimately the Presidency Reagan **The Presidential Character** James Barber,2019-10-17 A book entitled The Presidential Character is more timely and necessary than ever This new issue of James David Barber s classic work appears almost 50 years after its

first publication and yet reads like a roadmap to the 2020 presidential election Its subtitle Predicting Performance in the White House is an apt reflection on the election of 2016 With a revised and updated foreword by George C Edwards III that brings in the Trump Administration this book argues that patterns in a person s character world view and political style can allow us to anticipate his or her performance as president How would Barber have categorized Donald J Trump who appears to defy every presidential type and norm This question suggests one of the most provocative and appealing reasons for students scholars and voters to re read The Presidential Character at this particular juncture What should we look for in a president This text offers explanations and predictions of the performance of past presidents and presidential candidates with many cautionary tales looking forward Features Presents a revised and updated foreword by presidential scholar George C Edwards III Distinguished Professor of Political Science at Texas A M University that includes the advent of the Trump Administration and highlights the book s classic and enduring contributions Includes predictions of presidential performance from Nixon to Bush Analyzes the media s role in providing information about the political candidates and in shaping public opinion of them Draws on historical biographical and psychological research to help voters make judicious choices in determining the country s highest leaders Encourages citizens to be actively involved scholars critics and participants in their government

Political Corruption and Scandals in Japan Matthew M. Carlson, Steven R. Reed, 2018-03-15 Combining history with comparative politics Matthew M Carlson and Steven R Reed take on political corruption and scandals and the reforms designed to counter them in post World War II Japan Political Corruption and Scandals in Japan makes sense of the scandals that have plagued Japanese politics for more than half a century and attempts to show how reforms have evolved to counter the problems What causes political corruption to become more or less serious over time they ask The authors examine major political corruption scandals beginning with the early postwar period until the present day as one way to make sense of how the nature of corruption changes over time They also consider bureaucratic corruption and scandals violations of electoral law sex scandals and campaign finance regulations and scandals In the end Carlson and Reed write though Japanese politics still experiences periodic scandals the political reforms of 1994 have significantly reduced the levels of political corruption

The basic message is that reform can reduce corruption The causes and consequences of political corruption in Japan they suggest are much like those in other consolidated democracies *Love and Industry* Sonya Huber,2024-05-01 The 20 essays pack a punch not the sort that gives you an immediate bruise but one that leaves you strangely sore for days Kerry Cardoza Chicago Reader New Lenox Illinois is a small town deep in the corn grid of the Midwest where it runs up against the grid of south Chicagoland a placeless location marked by geographical flatness and dwindling industry It s also where Sonya Huber grew up and in the twenty essays collected here she lovingly explores the ways New Lenox and the Midwest more generally has come to define her life Here you ll find portraits of Huber s parents as they tirelessly run a small business homages to the Gen X joys of wearing flannel secret insights about being a Pizza Hut waitress and odes to the ecstasy of blasting classic rock as your car hurls along I 80 Whether she s writing about All in the Family detailing the region s influence on David Foster Wallace or exploring the poetry embedded in a can of Miller High Life her vision is astute and her prose convincing Sometimes experimental and always inventive *Love and Industry* A Midwestern Workbook takes seriously Chicagoland s farthest reaches gritty sweeping a region full of its own distinct feelings of almostness and transforms them into a map of the heart a ramshackle territory marked by memory family regret determination and wonderment A must read Library Journal Huber is a masterful essayist Megan Stielstra author of *The Wrong Way to Save Your Life* Sonya Huber has written a glorious midwestern road trip for the personal essay set Barrie Jean Borich author of *Apocalypse Darling* Body Geographic and *My Lesbian Husband*
