Regional Cults:

Regional Cults and Rural Traditions Rebati Mohan Sarkar, 1986 This book is a significant contribution to a much known but less studied subject in the domain of social sciences Dr R M Sarkar a well known anthropological researcher based on his empirical findings has analysed the way of life of rural people through the study of village cults and village deities The region of study covers a large territory extending from the border regions of Birbhum and Santal Parganas districts and include some parts of Burdwan in West Bengal and is mainly inhabited by the Bagdi Mal Lohar Dom Bauri Mochi Hadi communities and other higher castes of the greater Hindu society The author has traced the origin from history and mythology of the five principal village deities viz Chandi Manasa Dharmaraj Mahadana and Kali and have systematically analysed their patterns of propitiations feasts and festivals to illustrate various aspects of life of village folk inter alia presenting a large number of rural traditions myths and popular beliefs details of numerous rites and rituals right from the starting of the puja festival up to the ceremonial immersion of the deities In nutshell the village deities emerge as mechanism for maintaining social solidarity and cultural harmony and cut across high and low segments such as Jal chal Castes from which water can be accepted Jal achal Castes from which water cannot be accepted Chhut Touchables and Achhut Untouchables This interesting work would arouse interest in scholars and researchers of Social Anthropology Indology Sociology Folklore Philosophy and Religion *Regional Cults* Richard P. Werbner, 1977 **Regional Cults of Thessaly** Charles Denver Graninger, 2006 Archaeology, Anthropology and Cult Thomas Evan Levy, 2016-09-17 The Chalcolithic period was formative in Near Eastern prehistory being a time of fundamental social change in craft specialization horticulture and temple life Gilat a low mound semi communal farming settlement in the Negev desert is one of the few Chalcolithic sanctuary sites in the Southern Levant Archaeology Anthropology and Cult presents a critical analysis of the archaeological data from Gilat The book brings together archaeological finds and anthropological theory to examine the role of religion in the evolution of society and the power of ritual in promoting change This comprehensive volume which includes artefact drawings photographs maps and data tables will be of interest to students and scholars of ancient history anthropology archaeology as well as biblical and religious studies *The Tyāgarāja Cult in Tamilnāḍu* Rajeshwari Ghose, 1996-01-01 Tiruvarur in the Thanjavur district of Tamilnadu was the centre of Saiva and Sakta worship from very ancient times The Saiva cult revolved around the Tyagaraja icon enshrined in a temple bearing the name of the image Interestingly Tyagaraja is not the principle deity but a processional icon and is in fact an amalgam of three deities Siva his consort Uma and their child Skanda Tyagaraja is a Somaskanda and the first visual representation of this composite deity can be traced to the time of Pallava rule Strangers, Spirits, and Land Reforms Marja Spiereburg, 2021-10-11 This book describes efforts by the Zimbabwean government to enforce land reforms on African farmers in northern Zimbabwe These efforts compounded rather than alleviated the problem of land scarcity for black small scale farmers a problem government

now allegedly seeks to redress through invasions of white owned farms The book describes the similarities between the post Independence land reforms and those attempted by the Rhodesian regime The land reforms in Dande rendered a considerable number of farmers officially landless The book describes the resulting internal conflicts over land within the communities in Dande as well as the more concerted forms of resistance of these communities vis a vis the state Attention is also given to the role the spirit mediums of the royal ancestors Mhondoro played in this resistance

An Archaeology of Religion Kit W. Wesler, 2012-04-20 Archaeologists have been increasingly turning their attention to the study of religion but the field so far has lacked a cross cultural overview This text challenges archaeological conventions by refusing to respect the geographic and temporal boundaries with which archaeologists too often define their field Worldwide in range and comparative in perspective this exploration is guided by several fundamental questions how do we recognize religion in the archaeological record When should we recognize the first activities we call religious What distinguishes a world religion How can we see the formations of modern world religions in the archaeological record An Archaeology of Religion begins with the first glimmers of what might be considered religious expression in the Paleolithic period and concludes with the complexities of world religions today This book is an ambitious attempt to survey how scholars approach the identification of religious sites and practices in the archaeological record

Religious Change In Zambia Wim M.J. van Binsbergen, 2012-11-12 Published in 1981 Religious Change in Zambia is a valuable contribution to the field of Middle East Studies

Pilgrims of Love Pnina Werbner, 2016-12-19 will be of interest not only to those concerned with Pakistan and the new Muslim presence in Europe but also to those interested in an anthropological study of religion Barbara Metcalf University of California Davis Pnina Werbner traces the development of a Sufi Naqshbandi order founded by a living saint Zindapir whose cult originated in Pakistan and has extended globally to Britain Europe the Middle East and southern Africa Drawing on 12 years of fieldwork in Pakistan and Great Britain she elucidates the complex organization of Sufi orders as regional and transnational cults and examines how such cults are manifested through ritual action and embodied in sacred mythology and global diasporas A focus of the study is the key event in the order's annual ritual cycle a celebration in which tens of thousands of people gather at the saint's lodge in Pakistan and in the streets of Britain Werbner challenges accepted anthropological and sociological truths about Islam and modernity and reflects on her own role as ethnographic observer Pilgrims of Love is a major contribution to our understanding of diasporic Islamic practices highlighting the vitality of Sufi orders in the postcolonial world

The Cambridge Companion to Sufism Lloyd Ridgeon, 2015 This book traces the evolution of Sufism from the formative period to the present

The Imperial Cult in the Latin West, Volume III: Provincial Cult. Part 1: Institution and Evolution Duncan Fishwick, 2015-08-27 This volume deals with the institution and evolution of imperial cult at the provincial level from the earliest foundations under Augustus down to the mid third century A D On the basis of detailed examination of evidence from the different regions or provinces of the Latin west the emphasis of provincial cults

can be seen to move first from the living emperor and Roma to the deified emperor then from a composite cult of living and deified dead emperors to a renewed emphasis on the reigning emperor in the late second and early third centuries Analysis is based primarily on the study of epigraphical numismatic and iconographic evidence generously illuminated by plates The volume concludes with a series of essays summarizing the main lines of development in the light of various related issues

Between Resistance and Expansion Peter Probst, Gerd Spittler, 2004 This book grew from an International Symposium on Local Vitality and the Globalization of the Local at Bayreuth University in May 2002 Religion in Roman Egypt David Frankfurter, 2020-06-30 This exploration of cultural resilience examines the complex fate of classical Egyptian religion during the centuries from the period when Christianity first made its appearance in Egypt to when it became the region's dominant religion roughly 100 to 600 C E Taking into account the full range of witnesses to continuing native piety from papyri and saints' lives to archaeology and terracotta figurines and drawing on anthropological studies of folk religion David Frankfurter argues that the religion of Pharaonic Egypt did not die out as early as has been supposed but was instead relegated from political centers to village and home where it continued a vigorous existence for centuries In analyzing the fate of the Egyptian oracle and of the priesthoods the function of magical texts and the dynamics of domestic cults Frankfurter describes how an ancient culture maintained itself while also being transformed through influences such as Hellenism Roman government and Christian dominance Recognizing the special characteristics of Egypt which differentiated it from the other Mediterranean cultures that were undergoing simultaneous social and political changes he departs from the traditional decline of paganism triumph of Christianity model most often used to describe the Roman period By revealing late Egyptian religion in its Egyptian historical context he moves us away from scenarios of Christian triumph and shows us how long and how energetically pagan worship survived Encyclopedia of Diasporas Melvin Ember, Carol R. Ember, Ian Skoggard, 2004-11-30 Immigration is a topic that is as important among anthropologists as it is the general public Almost every culture has experienced adaptation and assimilation when immigrating to a new country and culture usually leaving for what is perceived as a better life Not only does this diaspora change the country of adoption but also the country of origin Many large nations in the world have absorbed and continue to absorb large numbers of immigrants The foreseeable future will see a continuation of large scale immigration as many countries experience civil war and secessionist pressures Currently there is no reference work that describes the impact upon the immigrants and the immigrant societies relevant to the world's cultures and provides an overview of important topics in the world's diasporas The encyclopedia consists of two volumes covering three main sections Diaspora Overviews covers over 20 ethnic groups that have experienced voluntary or forced immigration These essays discuss the history behind the social economic and political reasons for leaving the original countries and the cultures in the new places Topics discusses the impact and assimilation that the immigrant cultures experience in their adopted cultures including the arts they bring the struggles they face and some of the cities that are in

the forefront of receiving immigrant cultures Diaspora Communities include over 60 portraits of specific diaspora communities Each portrait follows a standard outline to facilitate comparisons The Encyclopedia of Diasporas can be used both to gain a general understanding of immigration and immigrants and to find out about particular cultures topics and communities It will prove of great value to researchers and students curriculum developers teachers and government officials It brings together the disciplines of anthropology social studies political studies international studies and immigrant and immigration studies

Latin American Horizons Don Stephen Rice,1993

[The Impact of the Roman Empire on the Cult of Asclepius](#) Ghislaine van der Ploeg,2018-07-03 In *The Impact of the Roman Empire on The Cult of Asclepius* Ghislaine van der Ploeg offers an overview and analysis of how worship of the Graeco Roman god Asclepius adapted changed and was disseminated under the Roman Empire It is shown that the cult enjoyed a vibrant period of worship in the Roman era and by analysing the factors by which this religious changed happened the impact which the Roman Empire had upon religious life is determined Making use of epigraphic numismatic visual and literary sources van der Ploeg demonstrates the multifaceted nature of the Roman cult of Asclepius updating current thinking about the god

The Religion of Ancient Israel Patrick D. Miller,2000-01-01 The historical and literary questions about ancient Israel that traditionally have preoccupied biblical scholars have often overlooked the social realities of life experienced by the vast majority of the population of ancient Israel Volumes in the Library of Ancient Israel draw on multiple disciplines such as archaeology anthropology sociology and literary criticism to illumine the everyday realities and social subtleties these ancient cultures experienced This series employs sophisticated methods resulting in original contributions that depict the reality of the people behind the Hebrew Bible and interprets these scholarly insights for a wide variety of readers Individually and collectively these books will expand our vision of the culture and society of ancient Israel thereby generating new appreciation for its impact up to the present Patrick Miller investigates the role religion played in an expanding circle of influences in ancient Israel the family village tribe and nation state He situates Israel s religion in context where a variety of social forces affected beliefs and where popular cults openly competed with the official religion Miller makes extensive use of both epigraphic and artefactual evidence as he deftly probes the complexities of Iron Age culture and society and their enduring significance for people today

The Cult of Draupadi, Volume 1 Alf Hiltebeitel,1988 This is the first volume of a projected three volume work on the little known South Indian folk cult of the goddess Draupadi and on the classical epic the Mahabharata that the cult brings to life in mythic ritual and dramatic forms Draupadi the chief heroine of the Sanskrit Mahabharata takes on many unexpected guises in her Tamil cult but her dimensions as a folk goddess remain rooted in a rich interpretive vision of the great epic By examining the ways that the cult of Draupadi commingles traditions about the goddess and the epic Alf Hiltebeitel shows the cult to be singularly representative of the inner tensions and working dynamics of popular devotional Hinduism

Asian and Pacific Cosmopolitans K. Robinson,2007-11-06 This new collection of essays explores questions of subjectification selfhood and

identity in the contemporary Asia Pacific examining the way that migrant lives express the complex interplay of local and global processes in the post Cold War era and collectively questioning the novelty of the global age in this region

Medicinal Rule Koen Stroeken, 2018-09-07 As soon as Europeans set foot on African soil they looked for the equivalents of their kings and found them The resulting misunderstandings have lasted until this day Based on ethnography driven regional comparison and a critical re examination of classic monographs on some forty cultural groups this volume makes the arresting claim that across equatorial Africa the model of rule has been medicine and not the colonizer s despotic administrator the missionary s divine king or Vansina s big man In a wide area populated by speakers of Bantu and other languages of the Niger Congo cluster both cult and dynastic clan draw on the fertility shrine rainmaking charm and drum they inherit

Unveiling the Magic of Words: A Report on "**Regional Cults**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring. Enter the realm of "**Regional Cults**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve to the book is central themes, examine its distinctive writing style, and assess its profound effect on the souls of its readers.
