

Regional Development In Greece

Ioannis Konsolas

Regional Development In Greece:

Regional Development in Greece Nikolaos Konsolas, A. Papadaskalopoulos, I. Plaskovitis, 2002-01-11 This book is based on the Regional Section of the Development Plan 2000 2006 prepared by the Regional Development Institute according to the Greek Ministry of National Economy's directions and available data The different development proposals coming from the Country's Regions were also taken into account The information contained in the Regional Development Institute's database and the conclusions of the studies made by the Institute's collaborators were also used The thematic maps in this edition were also produced by the Regional Development Institute's GIS Geographical Information System laboratory The Development Plan 2000 2006 was submitted by the Ministry of National Economy to the European Union in September 1999 and represents the basis for the 3rd Community Support Framework's acceptance The book is organized into four parts Part one contains six chapters reflecting the evolution of the Greek and European Regional Policy as well as the trends for the coming period More specifically the first part refers to the Greek Regional Policy of the 1950 1985 period the EEC Regional Policy the twenty years of Operational Programme 1986 2006 the evolution of the main objectives and priorities for this period the evolution of means and processes and the new trends in Regional Policy and Planning In the second part the basic figures and trends of Regional Development in Greece are analysed Specifically we refer here to the population concentration the regional distribution of GDP the employment and unemployment rates and the sector specialisation

Regional Development in Greece N. Konsolas, A. Papadaskalopoulos, I. Plaskovitis, 2012-12-06 This book is based on the Regional Section of the Development Plan 2000 2006 prepared by the Regional Development Institute according to the Greek Ministry of National Economy's directions and available data The different development proposals coming from the Country's Regions were also taken into account The information contained in the Regional Development Institute's database and the conclusions of the studies made by the Institute's collaborators were also used The thematic maps in this edition were also produced by the Regional Development Institute's GIS Geographical Information System laboratory The Development Plan 2000 2006 was submitted by the Ministry of National Economy to the European Union in September 1999 and represents the basis for the 3rd Community Support Framework's acceptance The book is organized into four parts Part one contains six chapters reflecting the evolution of the Greek and European Regional Policy as well as the trends for the coming period More specifically the first part refers to the Greek Regional Policy of the 1950 1985 period the EEC Regional Policy the twenty years of Operational Programme 1986 2006 the evolution of the main objectives and priorities for this period the evolution of means and processes and the new trends in Regional Policy and Planning In the second part the basic figures and trends of Regional Development in Greece are analysed Specifically we refer here to the population concentration the regional distribution of GDP the employment and unemployment rates and the sector specialisation

Agriculture and Regional Development in Greece Dimitrios Kyrkilis, Simeon Semasis, 2012 This paper attempts to explore

the effects of post war economic development model followed in Greece The model is characterized by both the neglect of Greek agriculture and the emphasis on industrialization mainly around the two major cities Athens and Thessaloniki The model has to develop a strong industrial sector but to inflate services and it devastated agriculture At the regional level the uneven growth path that has been adopted perpetuated between urban and tourist areas on the one hand and the rural regions on the other

Regional Analysis and Policy Harry Coccossis,Yannis Psycharis,2009-08-29 Regional development is attracting the attention of policy makers and scientists again as regions urban centers and rural areas experience substantial pressures particularly in Europe as a consequence of globalization and geopolitical changes which lead to changes in spatial structures and dynamics This book is based on the contributions of Greek regional science research presented at the 2006 Congress of the European Regional Science Association at Volos Greece The contributions selected to be presented in this book address these changes offering a fresh look into regional development They provide an overview of regional development concerns from Greek regional scientists but the issues discussed pervade Greek particularities and stimulate thinking about regional science regional development and regional policy in the early twenty first century

OECD Territorial Reviews Regional Policy for Greece Post-2020 OECD,2020-10-01 The Territorial Review of Greece offers analysis and policy guidance to strengthen regional development and well being It examines Greece s regional development framework the EU Cohesion policy and multilevel governance in Greece Since the global financial crisis Greece has undertaken an impressive number of structural reforms Recovery initiated in 2017 but the current COVID 19 pandemic is slowing down Greece s efforts

Regional Analysis and Policy Harry Coccossis,Yannis Psycharis,2008-08-02 Regional development is attracting the attention of policy makers and scientists again as regions urban centers and rural areas experience substantial pressures particularly in Europe as a consequence of globalization and geopolitical changes which lead to changes in spatial structures and dynamics This book is based on the contributions of Greek regional science research presented at the 2006 Congress of the European Regional Science Association at Volos Greece The contributions selected to be presented in this book address these changes offering a fresh look into regional development They provide an overview of regional development concerns from Greek regional scientists but the issues discussed pervade Greek particularities and stimulate thinking about regional science regional development and regional policy in the early twenty first century

Problems of Greek Regional Development Benjamin N. Ward,1962

Regional Prospects in Greece Nicholas Konsolas,1993

Routledge Revivals: Regional Development in Western Europe (1975) Hugh Clout,2017-11-22 First published in 1975 this book provides a straightforward examination of regional differences and regional development in the countries of Western Europe Professor Clout divides this into two parts The first examines a series of themes with reference to the whole of Western Europe and the second part discusses regional development in individual countries or groups of countries Contributions by experts from the UK and from mainland Europe present an essentially geographic approach

combining thematic and country by country discussions *OECD Territorial Reviews Regional Policy for Greece Post-2020* Oecd,2020-10-05 The Territorial Review of Greece offers analysis and policy guidance to strengthen regional development and well being It examines Greece s regional development framework the EU Cohesion policy and multilevel governance in Greece Since the global financial crisis Greece has undertaken an impressive number of structural reforms Recovery initiated in 2017 but the current COVID 19 pandemic is slowing down Greece s efforts The country is now facing a number of strategic development priorities including fostering digitalisation improving entrepreneurial and business ecosystems and addressing environmental challenges These new priorities must also tackle existing social challenges and mitigate rising inequalities The Review examines a range of policies that have the potential to propel inclusive growth in Greece s regions and improve the quality of life for their residents It stresses that policies for economic growth social capital and environmental sustainability are more effective when they recognise the different economic and social realities where people live and work OECD work illustrates the importance to align place based regional development strategies with sectoral policies support for private investment infrastructure and human capital policies in each place to generate multiplier effects To fulfil this task Greece will need to continue advancing the reform of its institutional and fiscal multi level governance system **Governance, Institutional Change and Regional Development** Mike Danson,Henrick Halkier,Greta Cameron,2024-11-01 This title was first published in 2000 This volume addresses the prominent role given to institution building institutional change and governance in the regional development strategies and policies The establishment of the Scottish Parliament Welsh and Northern Ireland Assemblies and the arrival of regional development agencies in England highlighted the need to put the initiatives into some context drawing on experience from across Europe on the critical factors in the determination of the potential and success of regions Central to the discussions presented here by a group of European experts are the question of governance how does an ongoing process of institution building affect the ways in which regions and localities are governed including questions of democracy participation regional self determination public private partnerships networks and accountability and the consequences of new modes of governance and institutional change for regional development strategies and policies particularly in the context of large scale industrial restructuring and city region and urban regeneration *The Competitive Advantage of Greece* Ioannis Konsolas,2017-10-05 This title was first published in 2002 This compelling text is the first major application of Michael Porter s diamond framework to identify the sources of national competitive advantage in the case of Greece Offering a useful evaluation of Porter s theory through an extensive literature review the book also draws on empirical evidence from five selected Greek industries It also provides information and commentary on many aspects of the Greek economy its historical evolution and its current trends International and Greek investors international organizations business consultants and financial institutions will certainly benefit from this analysis of the Greek economic environment Moreover universities and researchers will be interested in the evidence supporting or

refuting parts of the widely used and cited diamond framework *European Regional Growth* Bernard Fingleton, 2013-06-29 Looking into the future and trying to visualize long run regional disparities is difficult There is no agreed single theory to guide our model building although some insight can be gained from analysis of the past and by looking at the different theoretical positions to see if there is any agreement at least in terms of outcome if not in terms of mechanism This is what is attempted in this book which brings together specialists with a common interest in European regional growth and in applying quantitative analytical and simulation techniques in order to provide different perspectives on the topic Many of the Chapters in the book employ the methods of spatial econometrics Spatial econometrics is a suite of statistical and econometric tools dedicated to the analysis of spatial data in other words data that is set within the context of socio economic theories and which can be represented most informatively in mapped form These methods have emerged over the last half century from a series of influential papers and books in the fields of regional science spatial statistics and quantitative geography and are ripe for serious application in the context of the EU's development In particular they provide the means by which to analyze spatially indexed data where the time dimension is essentially suppressed because for instance the variables of interest are not available or are of questionable accuracy which is often the case when one is interested in regional rather than national variations across a number of countries *New Firms and Regional Development in Europe* David Keeble, Egbert Wever, 2016-07-15 When originally published in 1986 this book was one of the first to deal solely with the urban and regional incidence and development implications of new firm formation in particular EU countries It reviews the extent of and reasons for geographical variation in numbers of new firms examines the nature of such firms and assesses the regional impact and policy implications in various EC countries **Handbook of Research on Policies and Practices for Sustainable Economic Growth and Regional Development** Korres, George M., Kourliouros, Elias, Michailidis, Maria P., 2017-03-21 New developments in socio economics aid in increased productivity of manufacturing These advances result in long term improvement of competitiveness and innovation The Handbook of Research on Policies and Practices for Sustainable Economic Growth and Regional Development is an essential reference publication for the latest scholarly information on the role of socio economics in sustainable development initiatives Featuring coverage on a variety of topics and perspectives including social economy innovation cultural management and social networking this publication is ideally designed for researchers policy makers and academicians seeking current research on different determining factors of social consequences resulting from economic crisis **The Impact of European Integration on Regional Structural Change and Cohesion**, **OECD Territorial Reviews: Tzoumerka, Greece 2002** OECD, 2002-02-21 OECD's territorial review of the Tzoumerka region of Greece *OECD Regional Development Studies Regional Development Policies in OECD Countries* OECD, 2010-09-28 This book is a handy reference guide to the regional policies of OECD countries and a broader analysis of trends in regional policies based on sound comparable information **Drivers of Innovation, Entrepreneurship and**

Regional Dynamics Karima Kourtit, Peter Nijkamp, Roger R. Stough, 2011-06-10 The need for informed and effective insights into key concepts and models of regional development and growth from an endogenous growth perspective has risen over the past decade These recent advances address in particular local and regional assets and characteristics comprising inter alia creativity knowledge innovation forces and entrepreneurship Access to and exploitation of these modern forms of human and social capital are of paramount importance for the dynamic regional economic environment in a city or region This volume offers an overview and critical treatment of the spatial economic roots opportunities and impacts of new growth strategies mainly from an evidence based perspective In the various contributions to this volume relevant findings and strategic options are interpreted and discussed from both an analytical and a policy perspective to help cultivate creativity human capital development and innovation as well as entrepreneurial activity with a view to exploit the drivers of economic development in order to strengthen the competitive edge of cities and regions
