

The background of the book cover is a photograph of several oil pumpjacks (jackals) silhouetted against a bright, hazy sunset sky. The sky is filled with soft, golden clouds, and the sun is low on the horizon, creating a strong backlight effect. intellectual structure These changes are exhibited in the decisive strategic transformation process regarding the Arab Israeli conflict moving from the state of direct confrontation to the philosophy of peace and peaceful coexistence There is no doubt that security has been recognized as one of the main causes to the conflict over the last five decades between Israel and its Arab neighboring countries Security concepts before the 1967 war were varied The existence of Israel as a state was a first priority however security in this case is included Just after 1967 and 1973 wars the United Nations resolutions 242 and 338 were issued accordingly as land for peace Security will serve as the acceptable and useful basis for the stability prosperity and development of societies in the region Further more it will govern future relations in the region politically socially and economically Security for Israel is vitally important It is very important for neighboring countries too Through its history Israel used to be more aware of security issues than its Arab partners still under the influence of the Arab Israeli wars Furthermore Israeli political and security thinking is still captive to the fears of potential wars that threatens Israel's existence and expose the Israeli community to psychological violence On the Arab side the aftermath of war still forms vital elements in the concept of security
