War II How might the British have handled Hitler differently remains one of history's greatest what ifs Coffee with Hitler tells the astounding story of how a handful of amateur British intelligence agents wined, dined and befriended the leading National Socialists between the wars With support from royalty, aristocracy, politicians and businessmen they hoped to use the recently founded Anglo German Fellowship as a vehicle to civilize and enlighten the Nazis At the heart of the story are a pacifist Welsh historian, a World War I flying ace and a butterfly collecting businessman who together offered the British government better intelligence on the horrifying rise of the Nazis than any other agents Though they were only minor players in the terrible drama of Europe's descent into its second twentieth century war these three protagonists operated within the British Establishment They infiltrated the Nazi high command deeper than any other spies relaying accurate intelligence to both their government and to its anti appeasing critics Straddling the porous border between hard and soft diplomacy their activities fuelled tensions between the amateur and the professional diplomats in both London and Berlin Having established a personal rapport with President Franklin D Roosevelt they delivered intelligence to him directly too paving the way for American military support for Great Britain against the Nazi threat The settings for their public efforts ranged from tea parties in Downing Street, banquets at London's best hotels and the Coronation of George VI to coffee and cake at Hitler's Bavarian mountain home, champagne galas at the Berlin Olympics and afternoon receptions at the Nuremberg Rallies More private encounters between the elites of both powers were nurtured by shooting weekends at English country homes, whisky drinking sessions at German estates, discreet meetings in London apartments and whispered exchanges in the corridors of embassies and foreign ministries

and lies The cast of characters is vast politicians and presidents dictators and socialites Twenty four pages of photographs reveal the life of the Duchess in all its incomparable glamour and romance A wide absurd cast of characters led by the British royal family Wallis lavish decorati

[A Portrait Of Leni Riefenstahl](#) Audrey Salkeld,2011-10-31 Leni Riefenstahl will always be remembered for her brilliant film of the 1936 Olympic Games in Berlin still rated as one of the best documentaries ever made Before that she was acclaimed for her roles in silent feature films when German cinema was in its artistic heyday in the 1920s She pioneered the box office success of such classic mountaineering dramas as *The White Hell of Piz Palu* and then began to direct her own films *The Blue Light* was admired by Hitler and led to her filming the Wagnerian Nuremberg Rally of 1934 After the war she was shunned by the film industry despite a court in 1952 proclaiming her not guilty of supporting the Nazis in a punishable way Her undoubted charisma led to many affairs and grandiose schemes deep sea diving in her seventies and still filming wildlife in her nineties Audrey Salkeld has sifted the fact from the legend and gives us a moving portrait of the great movie star who suffered more in the wilderness than her enduring fame suggests

The Oldest Trick in the Book Ben M. Debney, 2020-07-03 This book investigates the normalisation of blame shifting within ideological discourse as a broad feature of history working from Churchill's truism that history is written by the victors To that end it explores historical episodes of political persecution carried out under cover of moral panic highlighting the process of Othering common to each and theorising a historical model of panic driven scapegoating from the results Building this model from case studies in witch panic communist panic and terrorist panic respectively The Oldest Trick in the Book builds an argument that features common to each case study reflect broader historical patterning consistent with Churchill's maxim On this basis it argues that the periodic construction of bogeymen or folk demons is a useful device for enabling the kind of victim playing and victim blaming critical to protecting elite privilege during periods of crisis and that in being a recurring theme historically panic driven scapegoating retains great ongoing value to the privileged and powerful and thus conspicuously remains an ongoing feature of world politics
