Reine Morte:

Antigüedad Y Actualidad de Luis Vélez de Guevara C. George Peale, William R. Blue, 1983-01-01 Esta colección de estudios críticos se ha compilado con el propósito de revalorar al genial comediógrafo del siglo XVII Luis Vélez de Guevara 1579-1644 y posiblemente restablecerlo como figura de importancia en la historia del teatro español, **French Writers and the Politics of Complicity** Richard J. Golsan, 2006-02 Focusing on the political commitments of three French writers who collaborated with the Vichy Regime and Nazi Germany during World War II and on those of three leading French intellectuals of the 1990s whose misplaced political idealism led them to support xenophobic authoritarian regimes and dangerous historical revisionisms Richard J. Golsan reexamines the notion of political commitment or engagement in two difficult periods in modern French history Discussing the fiction, essays and journalism of Henry de Montherlant, Jean Giono and Alphonse de Chateaubriant Golsan explores the complexity of artistic and intellectual collaboration during the German Occupation He demonstrates that in this context complicity with political evil often derived from nonpolitical motives including sexual orientation, antimodern aesthetics and dangerously skewed religious beliefs Turning to the post-cold-war era of the 1990s Golsan examines the philosopher Alain Finkielkraut's support for Croatian independence, the mediologist Régis Debray's pro-Serb stance during the bombing of Kosovo and the historian Stéphane Courtois's revisionist comparison of Nazi and Communist crimes during the 1997 debate surrounding the publication of *The Black Book of Communism* In these three cases, laudable motives and misguided historical comparisons with Vichy Nazism and the Occupation period that marked the political and intellectual discourses of France in the 1990s resulted paradoxically in antidemocratic engagements profoundly at odds with the original motivations behind these intellectuals' commitments In each of these case studies, political complicity derives from a combination of passions and ideals, whether positive or negative, emotional or intellectual, as well as a desire to make the present conform to a particular and generally skewed vision of the past The full implications of these involvements are neither fully grasped nor understood by their authors, either through lack of objectivity, rationality or imagination or through willful ignorance The results are always unfortunate and often disastrous Considered together, these six intellectuals serve as sobering reminders that political commitments are never as simple or straightforward as they seem and that admirable motives for political involvement can have dangerous and destructive consequences in historical practice

The attempt to apply an aesthetic or literary approach to fascism remains controversial In *The Search for Modern Tragedy* Mary Ann Frese Witt explores the work of a group of European writers and artists who came to fascism by way of aesthetics In Italy and France she maintains an ideological aesthetic of Mediterranean fascism developed to a large extent independently of German Nazism Witt's study of the relationship between fascism and modern tragedy encompasses theoretical writing on tragedy and tragedies by key authors including Luigi Pirandello Henry de Montherlant and Jean Anouilh She looks at these tragedies in the context of their reception under fascism in Italy and in Vichy France Fascism in the minds of many of its supporters was an aesthetic or spiritual movement although its aesthetic and political elements were often intertwined *The Search for Modern Tragedy* is not concerned primarily with drama written as a means of conveying fascist propaganda Rather Witt is concerned with the influence of aesthetic fascism on the theory and practice of modern tragedy Modern French Drama 1940-1990 David Bradby,1991-05-16 An updated account and comparison of the major traditions and tendencies in the French theatre from 1940 1990 *La famille dans le Proche-Orient ancien: réalités, symbolismes et images* Lionel Marti,2014-07-15 In July 2009 the International Association for Assyriology met in Paris France for 5 days to deliver and listen to papers on the theme *La famille dans le Proche Orient* This volume the proceedings of the conference contains 53 of the papers read at the 55th annual Rencontre including primarily papers directly connected with the theme and some on areas of related interest The papers covered every period of Mesopotamian history from the third millennium through the end of the first millennium B C E The photo on the back cover shows only a representative portion of the attendees who were warmly hosted by faculty and students from the Collège de France *The Operas of Maurice Ravel* Emily Kilpatrick,2015-10-29 Maurice Ravel's operas *L'Heure espagnole* 1907 1911 and *L'Enfant et les sortilèges* 1919 25 are pivotal works in the composer's relatively small oeuvre Emerging from periods shaped by very distinct musical concerns and historical circumstances these two vastly different works nevertheless share qualities that reveal the heart of Ravel's compositional aesthetic In this comprehensive study Emily Kilpatrick unites musical literary biographical and cultural perspectives to shed new light on Ravel's operas In documenting the operas history setting them within the cultural canvas of their creation and pursuing diverse strands of analytical and thematic exploration Kilpatrick reveals crucial aspects of the composer's working life his approach to creative collaboration his responsiveness to cultural aesthetic and musical debate and the centrality of language and literature in his compositional practice The first study of its kind this book is an invaluable resource for students specialists opera goers and devotees of French music **Modern Drama** ,1974 *La Reine Morte* ,1942 **Catalog of Copyright Entries.
