Reinventing Medicine Beyond Mindbody To A New Era Of Healing:

Reinventing Medicine Larry Dossey, 2009-10-13 Larry Dossey forever changed our understanding of the healing process with his phenomenal New York Times bestseller *Healing Words*. Now the man considered one of the pioneers of mind body medicine provides the scientific and medical proof that the spiritual dimension works in therapeutic treatment, exploding the boundaries of the healing arts with his most powerful book yet. **The Power of Premonitions** Larry Dossey, MD, 2009-10-05 The doctor and bestselling author who first demonstrated the healing effects of prayer now offers an unprecedented look at the science of premonitions. *The Power of Premonitions* takes readers through documented cases of premonitions including a remarkable instance when an entire Nebraska community skipped church the very day it exploded. An examination of recent scientific study of presentiment, a discussion of what it all means to daily life and practical field tested techniques for inviting premonitions. In this compelling new book Dossey uses cutting edge science to prove the value of what has long been considered spiritual mumbo jumbo. This is a book for the sceptical mind but it's also for the believer's heart because its author possesses the rare gift of having both. **The Science of Premonitions** Larry Dossey, 2010-05-04 Larry Dossey is one of America's most important thinkers. When he talks I listen. Marianne Williamson, author of *A Return to Love*. In his New York Times bestseller *Healing Words* Dr Dossey investigated why patients surrounded by prayer healed faster and more completely than patients who were not. Now in *The Science of Premonitions* Dossey uses cutting edge science to make a convincing case that premonitions are real, common and helpful. Then Dossey explores research on mindfulness and meditation to show readers how they can cultivate and take advantage of premonitions. Packed with compelling case studies and thought provoking findings, this is a book for the skeptical mind and the believer's heart and will be greeted warmly by as Deepak Chopra said anyone who is interested in knowing about the deeper meaning of our existence.
