Home Economics Household Skills is a complete year's worth of curriculum. It combines Kitchen Skills along with Home Personal Management Skills. Your daughter will practice the necessary skills to help make her become proficient in the household, her personal life, around the kitchen as well as in relationships with others. Included is 36 weeks' worth of character trait study, devotions to help her enhance true beauty that can only come from the inside. We have also included personal checklists and evaluations and weekly teacher evaluations and graded sections. This is the single most important class that you can have your daughters take for their future. They can gain every skill in the educational realm, but if they don't know how to grow in character and practical life skills, they will be missing out on the basics of life.
