Relic, Icon or Hoax? Harry E Gove,1996-01-01 Interest in the Turin Shroud continues to the present day even though it was finally carbon dated in 1988 and shown not to be of an age consistent with Christ's burial. Scientifically the age of the shroud cloth is of little consequence but to the general public it is of considerable significance. The author Harry E Gove is a co-inventor of accelerator mass spectrometry and was responsible for its use in establishing whether the Turin Shroud could have been Christ's burial cloth. *Relic Icon or Hoax Carbon Dating the Turin Shroud* presents an eyewitness account of the events that culminated in the final determination of the age of the linen cloth of the Turin Shroud and some of the subsequent reactions to the results. The book discusses the application of accelerator mass spectrometry to the carbon dating of the Turin Shroud using samples only a few square centimeters in area and weighing only a few tens of milligrams.

TRUTH OF THE ORIGIN OF THE UNIVERSE Dr. Sabrie Soloman,2024-08-01 The topic of undeserving credit given to the Big Bang and UFOs is a controversial one with many people having strong opinions on the matter. While both the Big Bang theory and the existence of UFOs have been widely accepted, the author argues that they are given too much credit and recognition without sufficient evidence to support their claims. The Big Bang theory is widely accepted as the most plausible explanation for the origin of the universe. Some critics argue that it is not the only possible explanation for the universe's origins. Some alternative theories such as the steady state theory or the oscillating universe theory have been proposed as alternatives to the Big Bang theory. Similarly, the existence of UFOs is a topic that has been hotly debated for decades. While there have been countless reports of UFO sightings and encounters, there is a lack of concrete evidence to support the existence of extraterrestrial visitors. While the Big Bang theory and UFOs may be popular topics in popular culture, it is important to approach them with a critical eye and to consider the evidence before giving them undeserving credit. **THE TRUTH OF THE ORIGIN OF THE UNIVERSE** Sabrie Soloman,2024-06-12 In a world filled with scientific explanations and theories, it can be easy to lose sight of the ultimate truth of our existence. The truth is that the universe, with all its intricate complexities, did not come into being by mere chance or a random explosion. It was carefully designed and orchestrated by a

higher power a Creator who holds everything together When we look up at the night sky and see the countless stars and galaxies stretching out into infinity we cannot help but be in awe of the sheer magnitude and beauty of it all The heavens declare the glory of God as it says in the Bible and remind us of the greatness of the one who made it all The theory of the Big Bang which posits that the universe began as a singular point and expanded over billions of years is a flawed explanation for the origin of the universe It fails to account for the intricate design and order that we see in the cosmos as well as the existence of life on earth The marvel of our planet Earth with its perfect conditions for sustaining life points to a Creator who had a purpose and a plan in mind when he made it The countless galaxies and stars that we observe in the universe are a testament to the power and creativity of God They show us that we are part of a vast and wondrous creation one that was made by an intelligent designer who had a vision for it all The theory of evolution put forth by Charles Darwin is another flawed explanation for the diversity of life on earth It fails to explain the intricate complexities of living organisms and their unique design as well as the existence of the human soul It is clear that we are not the product of blind chance or random mutations but rather the handiwork of a loving and powerful Creator The truth of the origin of the universe points to a Creator who holds everything together and has a purpose and a plan for it all God stretches out the heavens and allows light to reach us here on earth showing us his care and provision for his creation We are not the product of random chance or blind evolution but rather the cherished creation of a loving God who made us in his image Let us never forget the marvel and wonder of the universe and the greatness of the one who made it all

The Shroud of Turin Chidambaram Ramesh, 2010-11-22 The Shroud of Turin is a linen cloth bearing the faded image of a man who appears to have undergone physical torture consistent with Roman crucifixion The Shroud is preserved in the St John Cathedral in Turin Italy It is widely believed to have wrapped the body of historical Jesus of Nazareth and has become one of the most perplexing enigmas for the researchers The author has attempted to explain the scientific causes of the image on the Shroud under the realm of quantum physics By drawing a plethora of evidences from the alchemical secrets of resuscitating spectral plants out of ashes the author establishes that material body of organisms even if consumed to ashes retain their selfsame form and figure Even parts of the body like blood skin etc are capable of forming the 3D geometrical structure of the host organism in its entirety which is a quantum hologram in the modern scientific terminology According to this theory the Shroud image is an imprint of the Quantum Self This is the first book on Shroud of Turin by an Indian author and proposes for the first time the quantum bio holographic idea to explain the Shroud image It also gives re birth to the forgotten science of palingenesis the resurrection of spectral images of plants out of ashes The author has attempted to explain almost all the peculiar characteristics of the Shroud image like photographic negativity

The Shroud of Christ Michael Kowalski, 2023-06-30 The Shroud of Turin has been the focus of extensive study by historians and researchers since the beginning of the twentieth century It is possibly the world s most studied historical artifact generating a regular flow of new research publications There is however one scientific test that overshadows all other research the 1988 radiocarbon dating This test dated the cloth to the period 1260 1390AD and was given such extensive publicity that most people today no longer accept the Shroud to be a true relic Sadly very few people are aware that this test has been widely criticized for falling short of acceptable scientific standards Similarly most people remain unaware of the wealth of compelling evidence that contradicts the conclusions of that test and supports claims of the Shroud s authenticity This book reveals extracts from secret discussions on dating evidence from the Shroud Science Group a private international forum of Shroud researchers and provides a detailed account of the dating evidence revealed by over a hundred years of research It outlines reasons why the 1988 radiocarbon dating test continues to attract criticism from respected scientists and also describes a series of innovative flax dating techniques which have recently been used measure the age of Shroud material producing results that contradict the radiocarbon date

Shroud Encounter Russ Breault, 2024-06-12 It was a crime scene investigation like no other A man was tortured beaten and killed He was popular with the people but many in power wanted Him dead After a mock trial the powerful had their way He was given a hasty burial but now the body has disappeared Was there a clue left behind A bloody sheet offers evidence of a horrific execution Was the body stolen By whom and why Did it just vanish What does the cloth reveal about the disappearance The Shroud of Turin Italy bears the faint front and back image of a bearded crucified man with corresponding bloodstains that match the Gospel accounts of what happened to Jesus It is the most analyzed artifact in the world yet remains an unsolved mystery While there are no artistic substances on the linen cloth the blood is real and testing corresponds with type AB The blood has

soaked through the cloth however the image resides only on the top 1 percent of the surface fibers Could it be the same Shroud that wrapped Jesus in the tomb The Shroud poses the ultimate either/or proposition as either the actual burial cloth of Jesus or the product of human effort as a work of devotional art or a masterful hoax There is nothing in between The culmination of a lifetime of research countless presentations and ongoing associations with Shroud experts worldwide Russ Breault's Shroud Encounter Explore the World's Greatest Unsolved Mystery examines the science history and theology surrounding this profound enigma If proven one day to be authentic the implications could truly shake the world

The Shroud Ian Wilson, 2010-03-24 Two decades after radiocarbon dating declared the Turin Shroud a mediaeval fake brand new historical discoveries strongly suggest that this famous cloth with its extraordinary photographic imprint is genuinely Christ's shroud after all In 1978 in his international bestseller The Turin Shroud Ian Wilson ignited worldwide public debate with his compelling case endorsing the shroud's authenticity Now 30 years later he has completely rewritten and updated his earlier book to provide fresh evidence to support his original argument Shroud boldly challenges the current post radiocarbon dating view that it is a fake By arguing his case brilliantly and provocatively Ian Wilson once more throws the matter into the public arena for further debate and controversy

Porcelain Analysis and Its Role in the Forensic Attribution of Ceramic Specimens Howell G. M. Edwards,2021-11-09 The material for this book arose from the author s research into porcelains over many years as a collector in appreciation of their artistic beauty as an analytical chemist in the scientific interrogation of their body paste enamel pigments and glaze compositions and as a ceramic historian in the assessment of their manufactory foundations and their correlation with available documentation relating to their recipes and formulations A discussion of the role of analysis in the framework of a holistic assessment of artworks and specifically the composition of porcelain namely hard paste soft paste phosphatic bone china and magnesian is followed by its growth from its beginnings in China to its importation into Europe in the 16th Century A survey of European porcelain manufactories in the 17th and 18th Centuries is followed by a description of the raw materials minerals and recipes for porcelain manufacture and details of the chemistry of the high temperature firing processes involved therein The historical backgrounds to several important European factories are considered highlighting the imperfections in the written record that have been perpetuated through the ages The analytical chemical information derived from the interrogation of specimens from fragments shards or perfect finished items is reviewed and operational protocols established for the identification of a factory output from the data presented Several case studies are examined in

detail across several porcelain manufactories to indicate the role adopted by modern analytical science with information provided at the quantitative elemental oxide and qualitative molecular spectroscopic levels where applicable The attribution of a specimen to a particular factory is either supported thereby or in some cases a potential reassessment of an earlier attribution is indicated Overall the information provided by analytical chemical data is seen to be extremely useful for porcelain identification and for its potential attribution in the context of a holistic forensic evaluation of hitherto unknown porcelain exemplars of questionable factory origins

The Remarkable Metrological History of Radiocarbon Dating [II] , **The DNA of God** Leoncio A. Garza-Valdes, 2012-05-09 In 1988 radiocarbon dating showed that the Shroud of Turin long regarded as the burial cloth of Jesus of Nazareth could not be from the time of Jesus but was of a more recent origin What scientists did not know at that time but what author Dr Leoncio Garza Valdes came to discover is that bacteria produce an organic coating what he calls a bioplastic coating over time on ancient textiles textiles including the Shroud itself This coating which the author first discovered on Mayan artifacts so distorts the carbon dating process that objects on which it is found such as the Shroud are actually significantly older than the data show The scientific community has hailed Dr Garza Valdes s findings since this new knowledge is of significance for archaeologists around the world For those interested in the mysterious history of the Shroud it is again possible to regard this artifact as originating in the first century and consequently as being the burial cloth of Jesus But Dr Garza Valdes s amazing discoveries did not end with this breakthrough His examination of pieces of the Shroud under a microscope has revealed incredible clues consistent with the Scriptural accounts of the death of Jesus Bacteria that produce acetic acid vinegar were isolated from the Shroud Do they belong to the vinegar offered to Jesus before his death on the cross Could human blood remnants that contain a man s DNA be traces of the blood of Jesus Does it contain the DNA of God The DNA of God is the fascinating story of this microbiologist s journey of discovery and of the earthshaking secrets he
