Greek Sculpture Mark D. Fullerton,2016-03-16 Greek Sculpture presents a chronological overview of the plastic and glyptic art forms in the ancient Greek world from the emergence of life sized marble statuary at the end of the seventh century BC to the appropriation of Greek sculptural traditions by Rome in the first two centuries AD Compares the evolution of Greek sculpture over the centuries to works of contemporaneous Mediterranean

civilizations Emphasizes looking closely at the stylistic features of Greek sculpture illustrating these observations where possible with original works rather than copies Places the remarkable progress of stylistic changes that took place in Greek sculpture within a broader social and historical context Facilitates an understanding of why Greek monuments look the way they do and what ideas they were capable of expressing Focuses on the most recent interpretations of Greek sculptural works while considering the fragile and fragmentary evidence uncovered *The Frame in Classical Art* Verity Platt, Michael Squire, 2017-04-20 This book reveals how marginal aspects of Graeco Roman art play a fundamental role in shaping and interrogating ancient and modern visual culture

Greek Art and Aesthetics in the Fourth Century B.C. William A. P. Childs, 2018-04-10 Greek Art and Aesthetics in the Fourth Century B C analyzes the broad character of art produced during this period providing in depth analysis of and commentary on many of its most notable examples of sculpture and painting Taking into consideration developments in style and subject matter and elucidating political religious and intellectual context William A P Childs argues that Greek art in this era was a natural outgrowth of the high classical period and focused on developing the rudiments of individual expression that became the hallmark of the classical in the fifth century As Childs shows in many respects the art of this period corresponds with the philosophical inquiry by Plato and his contemporaries into the nature of art and speaks to the contemporaneous sense of insecurity and renewed religious devotion Delving into formal and iconographic developments in sculpture and painting Childs examines how the sensitive expressive quality of these works seamlessly links the classical and Hellenistic periods with no appreciable rupture in the continuous exploration of the human condition Another overarching theme concerns the nature of style as a concept of expression an issue that becomes more important given the increasingly multiple styles and functions of fourth century Greek art Childs also shows how the color and form of works suggested the unseen and revealed the profound character of individuals and the physical world

Secrets of Bodrum and Ancient Caria is a guidebook devoted to the region of Turkey known as Caria in the past. Nowadays its major magnet for tourists is a town called Bodrum, a major hub for holidaymakers. In the ancient times, as Halicarnassus, it was home to one of the Seven Wonders of the World, the Mausoleum. However, today Bodrum's reputation relies on its hotels, restaurants, clubs, and beaches. This book has been written for these inquisitive travellers who intend to look behind this modern facade and discover the rich history of Bodrum and the surrounding area. The aim of the author was to create a guidebook that will take you on the journey of Caria, inviting you to visit the historical towns, archaeological sites, magnificent castles, and splendid museums of this region. Each chapter focuses on one location, offering not only practical tips for visitors, such as opening hours and ticket prices, but also an in-depth archaeological and historical background, as well as detailed descriptions of the buildings and objects to be seen there. The information provided in this book is based on the experiences gathered during many visits to Caria made by the author, whose main intention is to share her love of the absorbing history of Asia Minor and its beautiful sights with wide audiences. The numerous photographs taken personally by the author and her family offer a visual incentive for the exploration of the discussed places. Precise GPS coordinates and QR codes leading to online maps complement the texts. Finally, the map of the whole region and the plan of Bodrum will assist the travellers planning their tour itinerary.
