

The background of the slide is a close-up, slightly blurred photograph of an open book. The pages are filled with text, and the binding is visible in the center. A dark, semi-transparent rectangular overlay covers the upper portion of the image, providing a space for the title and author information.

RELIGION, A HUMANISTIC FIELD

—
Clyde A Holbrook

Religion A Humanistic Field

Donald Wiebe

Religion A Humanistic Field:

Religion Clyde A. Holbrook, 1963 The Sacred Is the Profane William Arnal, Russell T. McCutcheon, 2013 The Sacred Is the Profane collects nine essays written over several years by William Arnal and Russell T McCutcheon that share a convergent perspective not simply that both the category and concept religion is a construct something that we cannot assume to be natural or universal but also that the ability to think and act religiously is quite specifically a modern political category in its origins and effects the mere by product of the modern state These collected essays substantially rewritten for this volume advance current scholarly debates on secularism debates which the authors argue insufficiently theorize the sacred secular church state and private public binaries by presupposing religion often under the guise of such terms as religiosity faith or spirituality to historically precede the nation state The essays return again and again to the question of what religion word and concept accomplishes now for those who employ it whether at the popular political or scholarly level The focus here for two writers from seemingly different fields is on the efficacy costs and the tactical work carried out by dividing the world between religious and political church and state sacred and profane *The Science of Religion: A Defence* Donald Wiebe, 2018-10-16 Donald Wiebe Professor of Philosophy of Religion at Trinity College University of Toronto has spent much of his academic career arguing for a clear demarcation between Theology and Religious Studies The Science of Religion A Defence offers a brilliant overview of Professor Wiebe s contributions on methodology in the academic study of religion of the development of his thinking over time and of his intellectual commitment to a science of religion The work is divided into three parts The first part identifies pertinent connections between religion religious studies and science and why reductionism in the academic study of religion when properly applied can bridge the explanatory gap between the sceptic and the devotee The second part treats conceptual debates in the academic study of religion with particular reference to the place of belief understanding and meaning in the modern study of religion The third part addresses the theological resistance to the scientific study of religion and how that resistance can be overcome Finally two new essays are included a critique on The Preconceptions of a Science of Religion by Anthony J Palma and an accompanying reply by Donald Wiebe The Science of Religion A Defence is an essential resource for both scholarly and non scholarly audiences alike and will be of particular interest to both defenders and critics of a scientific study of religion The Study of Religion in Colleges and Universities Paul Ramsey, John Frederick Wilson, 2015-03-08 The study of religion traditionally sponsored by sectarian institutions has within recent decades come to claim an increasingly larger share of attention in colleges and universities generally and in the process the constituent intellectual disciplines have undergone significant changes In this volume twelve distinguished scholars take stock of the current state of the field and explore the prospects for future development The areas covered in the essays with their authors are biblical studies Stendhal Western religious history Clebsch philosophy of religion Diamond theology McGill Catholic studies Preller Jewish studies Neusner sociology of religion Harrison comparative religious ethics

Little history of religions Sullivan religion and art Turner and religion and literature Driver A practical commentary on the current state of the field Gustafson concludes the volume Taken together the essays provide an overview of the subject matter of religion study that should enable scholars of religion to situate and define their own work while helping others to appreciate the claims that work has upon the resources and concerns of colleges and universities Originally published in 1970 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Church and State in America: A Bibliographical Guide** Bloomsbury Publishing, 1987-08-14 The second in a two volume bibliography on church state relations in U S history this book contains eleven critical essays and accompanying bibliographical listings on periods or topics from the Civil War to the present day Each essay reviews the available relevant literature and the listings emphasize critical studies and documents published in the last quarter century This reference work will enable the reader to grasp the historiographic issues become acquainted with the resources available and move on to interpret current as well as past issues more knowledgeably and effectively

Dialogues on Religion—and its Study Russell T. McCutcheon, 2024-11-29 Dialogues on Religion and its Study creatively revives a time honored genre by offering a series of new speeches on religion its definition description comparison and explanation between two old friends who periodically meet throughout the year Eventually working their way to examining why we tend to call part of our world and our experiences religious nonspecialist readers can eavesdrop on their conversations gaining entry to a series of timely interesting and sometimes surprisingly complex topics which all begins with one of them coming across a curious news story on their phone Treating these dialogues as if they were found objects the book then also joins in a long tradition of critical editions by offering a scholarly introduction to the speeches along with a detailed commentary on both the technical items mentioned as well as the various cultural references that our speakers find to be familiar and then use to think through material that is rather new at the same time providing clues as to their identities and location Written in the vernacular with a helpful postface that some may wish to read first Dialogues on Religion and its Study is original engaging and at times funny while always meeting readers where they sometimes are just a little intrigued by something they've discovered and wishing that they could discuss it with a good friend maybe meeting for coffee or over breakfast at a diner Faith, Freedom, and Higher Education P. C. Kemeny, 2013-03-11 While debates abound today over the cost purpose and effectiveness of higher education often lost in this conversation is a critical question Should higher education attempt to shape students moral and spiritual character in any systematic manner as in the past or focus upon equipping students with mere technical knowledge Faith Freedom and Higher Education argues that Christianity can still

play an important role in contemporary American higher education George M Marsden D G Hart and George H Nash among its authors analyze the debate over the secularization of the university and the impact of liberal Protestantism and fundamentalism on the American academy during the twentieth century Contributors also assess how the ideas of Dorothy Sayers C S Lewis Wendell Berry and Allan Bloom can be used to improve Christian higher education Finally the volume examines the contributions Christian faith can make to collegiate education and outlines how Christian institutions can preserve their religious mission while striving for academic excellence India and Beyond Dick van der Meij, 2013-09-13 First published in 1997 The International Institute for Asian Studies IIAS is pleased to introduce a new series Studies from the International Institute for Asian Studies This present volume India and Beyond Aspects of Literature Meaning Ritual and Thought contains more than 30 contributions from well established scholars from different disciplinary backgrounds These essays are in honour of one of the founding fathers of the IIAS Frits Staal Professor Emeritus of Philosophy and South Asian Languages University of California at Berkeley This volume is edited by Dick van der Meij editor of the Indonesian Netherlands Cooperation in Islamic Studies Programme at Leiden University *The Routledge Handbook of Evolutionary Approaches to Religion* Yair Lior, Justin Lane, 2022-11-30 The past two decades have seen a growing interest in evolutionary and scientific approaches to religion The Routledge Handbook of Evolutionary Approaches to Religion is an outstanding reference source to the key topics problems and debates in this exciting and emerging field Comprising over thirty chapters by a team of international contributors the handbook pulls together scholarship in the following areas evolutionary psychology and the cognitive science of religion CSR cultural evolution the complementarity of evolutionary psychology cognitive science and cultural evolution Within these sections central issues debates and problems are examined including Clodynamics cultural group selection costly signaling dual inheritance theory literacy transmitting narratives prosociality supernatural punishment cognition and ritual meme theory fusion theory sexual selection agency detection evoked culture social brain hypothesis theory of mind developmental psychology emergence theory social learning cultural cybernetics cultural epidemiology evolutionary and cultural psychology memetics by product and adaptationist theories of religion systems and information theory and computer modeling This Handbook is essential reading for students and researchers in religious studies and anthropology It will also be very useful to those in related fields such as psychology sociology of religion cognitive biology and evolutionary biology *World Cultures and World Religions* Hendrik Kraemer, 2003-06 The meeting of Christianity and the non Christian religions the impact of East on West and West on East the clash of cultures and the movement of divine and human forces that are changing the pattern of man s life form the basis of Kraemer s magisterial book He deals historically with the world situation as he sees it because history determines the mood in which East and West approach this coming dialogue In a series of masterly chapters Kraemer surveys the position of the world s religions deeply enmeshed in socio cultural systems that create both barriers to change but impetus towards evolution The dialogue with the

grand elusive Eastern systems of humanist thinking demands searching thought fundamental re adjustment of methods and readiness to find fresh points of contact It will however vindicate the personal conception of the living God as manifest in Jesus Christ The key word of Oriental philosophies is Harmony glossing over the glaring disharmonies of man s life This is the heart of the dialogue that Kraemer discusses backed by his vast experience and learning Kraemer provides a formative and fundamental tool for Christians and all who are aspire to an intelligent and penetrative understanding of the religious and cultural life of the world

The Oxford Handbook of Humanism Anthony B. Pinn,2021-07-27 While humanist sensibilities have played a formative role in the advancement of our species critical attention to humanism as a field of study is a more recent development As a system of thought that values human needs and experiences over supernatural concerns humanism has gained greater attention amid the rapidly shifting demographics of religious communities especially in Europe and North America This outlook on the world has taken on global dimensions as well with activists artists and thinkers forming a humanistic response not only to traditional religion but to the pressing social and political issues of the 21st century With in depth scholarly chapters The Oxford Handbook of Humanism aims to cover the subject by analyzing its history its philosophical development its influence on culture and its engagement with social and political issues In order to expand the field beyond more Western focused works the Handook discusses humanism as a worldwide phenomenon with regional surveys that explore how the concept has developed in particular contexts The Handbook also approaches humanism as both an opponent to traditional religion as well as a philosophy that some religions have explicitly adopted By both synthesizing the field and discussing how it continues to grow and develop the Handbook promises to be a landmark volume relevant to both humanism and the rapidly changing religious landscape

The Comity and Grace of Method Thomas Ryba,George D. Bond,Herman Tull,2004-08-10 Essays that reflect the interests and influence of a highly distinguished scholar of religions

Faith and Knowledge Douglas Sloan,1994-01-01 Sloan explores the impact that the Protestant theological renaissance 1925 1960 had on American colleges and universities focusing in particular on the church s most significant claim to have a continuing voice in higher education He traces the role of the national ecumenical and denominational organizations and studies the changing place of college chaplains

Secularization Revisited - Teaching of Religion and the State of Denmark Niels Reeh,2016-08-03 Since 2001 history has proven the classic and once dominant theories of secularization wrong Instead of abandoning the subject of secularization Niels Reeh s Secularization Revisited demonstrates how the collapse of formerly dominant secularization theories indicates fundamental conceptual challenges within sociology Through a historical sociological case study of the political decision making concerning the teaching of religion in Denmark from 1721 to 2006 Reeh explains why sociology of religion and sociology more generally should pay more attention to interstate relations state form and state agency The Danish state s interest in its inhabitants religion over the last three centuries responded not only to religious motives but to concerns about foreign relations and the survival of the state

The Scholarly

Study of Religion in College and University Robert S. Michaelson, 1964 Exhibiting Religion John P. Burris, 2001 In this revision of his dissertation in religion at U of California Santa Barbara Burris religious studies Stetson U explores the development of a comparative study of religion as this can be deduced from the exhibits on world religion and culture at 19th century world expositions The book's four main themes are the colonial mindset of the exhibiting of cultures and their religions the effect of evolutionary theory on the defining of American religious and social hierarchies the role of the expositions in popularizing the theory of social evolution and the denigration of primitive peoples and their religions through comparative display The text is as much cultural studies as religious studies and will appeal to those interested in American societal and intellectual trends of this period Annotation copyrighted by Book News Inc Portland OR **Religion and Truth** Donald Wiebe, 2019-10-08 No detailed description available for Religion and Truth The SAGE Handbook of Family Communication Lynn H. Turner, Richard West, 2014-02-18 A thorough exploration of the critical topics and issues facing family communication researchers today The Sage Handbook of Family Communication provides a comprehensive examination of family communication theory and research Chapters by leading scholars in family communication expand the definition of family address recent shifts in culture and cover important new topics including families in crisis families and governmental policies social media and extended families The combination of groundbreaking theories research methods and reviews of foundational and emerging research in family communication make this an invaluable resource that explores the critical topics and issues facing family communication researchers today Secular Theories on Religion Tim Jensen, Mikael Rothstein, 2000 Scholars of religious studies from Europe and North America explore what a secular or scientific study of religion should be like what methods it should apply what aims and what kind of scientific thinking should be pursued They also consider scholars as public intellectuals operating within and influenced by general societal developments The 18 essays provide a survey of current thinking in the field Distributed in the US by ISBS c Book News Inc Princeton in the Nation's Service Paul Charles Kemeny, 1998 This book argues against the conventional idea that Protestantism effectively ceased to play an important role in American higher education around the end of the nineteenth century Choosing Princeton as an example P C Kemeny shows that Protestantism was not abandoned but rather modified to conform to the educational values and intellectual standards of the modern university Drawing upon a wealth of neglected primary sources such as correspondence diaries lecture notes and publications and papers of presidents professors students and trustees the author sheds new light upon the role of religion in higher education
