the rise of the religious left and right and the Chicana o immigrant and Puerto Rican civil rights movements helped to give rise to political engagement among Latino religious actors By addressing both the influence of these larger trends on religious movements and how the religious movements in turn helped to shape larger political currents the volume offers a compelling look at the twentieth century struggle for justice

**Religion and Power** Professor David Martin, 2014-08-28 In this

book David Martin argues against Juergen Habermas that religion and politics share a common mythic basis and that it is misleading to contrast the rationality of politics with the irrationality of religion In contrast to Richard Dawkins and New Atheists generally Martin argues that the approach taken is brazenly unscientific and that the proclivity to violence is a shared feature of religion nationalism and political ideology alike rooted in the demands of power and social solidarity

*Faith, Politics, and Power* Rebecca Sager,2010-01-15 During the 2000 presidential campaign George W Bush made faith based social services one of the centerpieces of his domestic agenda These faith based initiatives supporters argued would reduce poverty ease the strain on an overburdened welfare system and prove more effective than government programs Opponents feared rampant proselytizing with government funds Instead these practices created a system in which neither the greatest hopes of its supporters nor the greatest fears of its opponents have been realized The product of five years of in depth research Rebecca Sager s *Faith Politics and Power* offers a systematic examination of where and how these programs were implemented arguing that faith based initiatives strayed from supporters original aim of helping the poor and instead were used as tools to gain political power by the Republican Party and the conservative evangelical movement *The Form and Power of Religion* Laura Bartels Felleman,2012-10-24 In *Thoughts Upon Methodism* John Wesley shared his hopes and fears for the future of his religious movement The article contains this well known passage I am not afraid that the people called Methodists should ever cease to exist either in Europe or America But I am afraid lest they should only exist as a dead sect having the form of religion without the power And this undoubtedly will be the case unless they hold fast both the doctrine spirit and discipline with which they first set out *The Form and Power of Religion* unpacks this statement by explaining what Wesley meant by the form and power of religion identifying what Methodist Doctrine Spirit and Discipline were according to Wesley and discussing how these aspects of Methodism worked together to maintain the vitality of the Revival The book concludes with an evaluation of Wesley s theory of Methodist Vitality and discusses its viability as a basis for contemporary Church Vitality programs *Faith, Power, and Responsibility* Lancar Ida-Bagus,2024-08-24 The non religious Vishnuh Society offers a unique perspective on faith power and politics It is critical of these concepts and offers an alternative view that differs from traditional religious and political structures The Society emphasizes the importance of self determination individual freedom and critical thinking *Faith* The Vishnuh Society views faith as the blind acceptance of religious dogmas that keep humanity backward and stupid It promotes a spiritual practice based on cruelty ruthlessness injustice war and genocide which encourages various forms of human rights violations *Power* In the context of the Vishnuh Society power is viewed as something that must not be abused Instead power should be used responsibly to promote the well being of all The Society rejects authoritarian structures and emphasizes the importance of transparency responsibility and ethical action *Politics* Politically the Vishnuh Society takes a stance of independence and critical thinking *Political Power and Communications in Indonesia* Karl D. Jackson,Lucian W. Pye,1978-01-01 *Religion, Power, and Society in Suriname*

and Guyana R. Kirtie Algae, 2022-05-30 This book surveys the development of the religious landscape in Suriname and Guyana focusing on the interaction between Hindus Muslims and Christians and responses to Christian dominance It reflects on how and why these religiously diverse Caribbean societies are characterized by relative harmony whereas interreligious relationships in other parts of the world have been marked by extreme conflict and violence The chapters explore ideological and institutional dimensions including the role of government policies religious demography religious leadership and private religious institutions The author takes a critical stance towards a negative approach to power struggles and offers a perspective that does not necessarily consider religious diversity a hindrance for religious harmony Making valuable data accessible to scholars in the English language this volume provides a framework for the study of interreligious relations and for understanding the religious worlds of the Caribbean

Possession, Power and the New Age Matthew Wood, 2016-04-08 This book provides a new sociological account of contemporary religious phenomena such as channelling holistic healing meditation and divination which are usually classed as part of a New Age Movement Drawing on his extensive ethnography carried out in the UK alongside comparative studies in America and Europe Matthew Wood criticises the view that such phenomena represent spirituality in which self authority is paramount Instead he emphasises the role of social authority and the centrality of spirit possession linking these to participants class positions and experiences of secularisation Informed by sociological and anthropological approaches to social power and practice especially the work of Pierre Bourdieu and Michel Foucault Wood's study explores what he calls the nonformative regions of the religious field and charts similarities and differences with pagan spiritualist and Theosophical traditions

**Religion and Political Power** Gustavo Benavides, M. W. Daly, 1989-01-01 This book explores the interaction between two of the most charged topics in the modern world religion and politics It shows the inextricable connection between religious attitudes and representations and political activities After an introductory chapter explores theoretically the religious articulations of political power the authors examine the role played by religion in the current political situation in several countries Approaching these cases as anthropologists historians sociologists and political scientists the authors make visible the dialectical relationship between religion and the pursuit of political power on the one hand the political significance of religious choices and on the other the almost unavoidable need to articulate in religious terms a group's attempt to acquire maintain or expand political power

Religion's Power Robert Wuthnow, 2023 In 1903 a representative from the Salvation Army's headquarters in London traveled to Canada to explore the possibility of relocating Britain's poor overseas Over the next three decades a quarter of a million people were shipped to destinations in Canada Australia and Africa More than a hundred thousand of those deported were children abandoned orphaned and otherwise separated from their natural parents Dozens of religious organizations took part in the effort the Catholic Emigration Association Church of England Society for Empire Settlement Church of Scotland Inter Church Immigration Committee Jewish Immigrant Aid Society Methodist Church Presbyterian Church Society of Friends St Vincent

de Paul and the United Church of Canada among others The practice resumed on a smaller scale after World War II and continued until 1970 The agencies involved described their activities in the language of salvation moral uplift and service to God Carrying off the children of distress to the lands beyond the sea one of the organizers wrote was a service to religion humanity and civilization *A Treatise On The Limitations Of Police Power In The United States* Christopher G.

Tiedeman,1886 **The Primitive mind-cure. The nature and power of faith, or, Elementary lessons in Christian philosophy and transcendental medicine** Warren Felt Evans,1885 Freedom and Law Randi Rashkover,2011 By contrast Freedom and Law argues that only in an account of revelatory law can divine freedom and human freedom be thought of without contradiction The first part analyzes the logic of exceptionalism In the second part the author argues that one cannot invoke a doctrine of election without rigorous scrutiny of texts that portray an electing God and an elected people Once we scrutinize these texts the character of freedom and law within the divine human relationship shows itself to be different from that found in exceptionalist logics The third and final part examines the impact of the logic of the law on Jewish Christian apologetics Rather than require that one defend one s position to a nonbeliever this logic situates all epistemological justification within the order or freedom of God
