Sim,Pauline Allen,2012-07-05 This volume seeks to demonstrate for the first time that many Jewish and Christian texts in the ancient world were written as a direct response to an earlier situation of crisis that affected the author or the intended reader Presented here are texts from both traditions that were written over many centuries in order to establish that such crisis management literature was widespread in the religious and theological literature of ancient times These chosen works reveal that all manner of crises could contribute to the production or the nature of these texts including persecution political factors religious or theological differences social circumstances as well as internal or external threats By understanding this crucial element in the composition of these texts we are better able to understand the complexity of social political and religious forces that gave rise to many ancient

Benjamin Dadebo, 2012-05-17 The concept of being born again appears misunderstood by many Most people will tell you they want to go to Heaven Yet the most important qualification for entry into Heaven being born again born of water and of the spirit is not embraced This book Begat by God explains why without allowing the cleansing action of Christ the word of God being born of water and the empowerment by the spirit born of the spirit to do the works pre ordained by God it is impossible to make it into Heaven Thus being born again simply involves a continuous transformation because of a conscientious effort by an individual to allow Gods word Christ to dictate his way of life Entry into Heaven is therefore not about religion but about a purposeful transformation through Christ The birth of an offspring always involves the development under water in a confined environment over a specified time frame followed by an expulsion into a completely new environment This book describes the similarities between human physical birth and the Spiritual rebirth as in John 3 Thus the invisible attributes of God including His ideas can be gleaned from studying the natural processes of His creation Romans 1:20 *Psychology and the Occult* C. G. Jung, 2020-06-16 Extracted from Volumes 18 and 18 Includes Jung's Foreword to Phenomena Occultes 1939 On the Psychology and Pathology of So called Occult Phenomena The Psychological Foundations of Belief in Spirits The Soul and Death Psychology and Spiritualism On Spooks Heresy or Truth and Foreword to Jaff Apparitions and Precognition
