Second Chance The Story Of A Near Death Experience:

A Second Chance His Divine Grace A. C. Bhaktivedanta Swami Prabhupada, 1991-01-01 At the final hour This amazing narrative is based on the story of Ajamila from the Sixth Canto of Srimad Bhagavatam The law of karma states that we re all responsible for our actions and death is the crucial moment when mysterious forces acting according to this law work behind the scenes to determine our destiny As the sinful Ajamila lay on his deathbed he was terrified to see three fierce humanlike creatures coming to drag him out of his dying body and take him to the lord of death for punishment Surprisingly Ajamila escaped this terrible fate How A Second Chance The Story of a Near Death Experience teaches vital truths about the fundamental nature of the self and reality At a time when reincarnation is quickly gaining acceptance not only with the growing ranks of people reporting out of body and near death experiences but with the public at large A Second Chance can show one how to use meditation and yoga techniques to overcome the obstacles of materialism meet the challenge of death and ultimately attain spiritual perfection

A Second Chance Set A. C. Bhaktivedanta Prabhupada, 1998-12 *Nde* Gerard Radcliff, 2017-02-11 Near Death Experiences challenge our beliefs about Death Afterlife Are Heaven Hell for real Could it be possible to have a consciousness after you die Real Stories Of People That Got A Second Chance The fascinating stories of people that have had their lives profoundly changed by their NDE experience these are the stories that fascinate the most Unexplainable mysteries to some but the people that lived them are 100% certain that they actually happened And if they did our current beliefs about life reincarnation and what lies beyond death are profoundly challenged This book bundles the experiences of people around the world What is striking is the amazing similarities some of these testimonials have the movement towards a light and another place that was dark and horrific A resemblance of perhaps a real world Heaven and Hell What can I expect to read in this book Numerous real world testimonials from real Near Death Experiences People from around the world who shared their life changing moments Occurances where people experienced a bone chilling darkness after they died similar to what we describe as a hell but also how these people got another chance Profound changes in the lives of people before and after their NDE moments Carefully selected 100% real stories from people that claim to have lived an NDE Life After Death The scientific world knows very little about life after death Let alone what lies beyond it But the jaw dropping experiences of some people makes us think Is there such a thing as existence after we die Is there a place of light and a place of darkness Could it be that we reincarnate These are all questions that could be answered through our studies of near death experiences Reading about NDE s will change your view on life and religion Perhaps you will change your ways after reading these stories so you may encounter light in your afterlife Start reading immediately by clicking the ADD TO CART button at the top of this page The stories will amaze you

[My Story of Stroke and Near-Death Experience](#) Mary L. Engels, 2021-10-05 Many years ago when Jesus revealed the Father to me as in Matthew 11 27 the Father said You will be rejected as My Son was rejected but many will come to know My Son because of your testimony The

Lord said I am going to give you a message and many who hear will turn back to Me Forty years later He said Tell the people that I love them that I am coming soon riding on the clouds for those that are ready and walking pure and holy before Me

About Living I was dead for 20 minutes this is what I saw Scott Drummond Check out my video on YouTube It has been named Most Watched Near Death Experience of All Time with over 21 million views The glory of the Lord appeared in the cloud Exodus 16 10 It was like the twinkling of an eye Suddenly I was standing in an open field of waist high grass It was unique in that the field didn t behave like a normal field of grass It didn t blow with the wind In fact there was no wind to blow the grass not even a breeze Instead it was as if each separate blade was its own entity with its own personality or soul that chose to flow toward me I remember reaching my arms out to my sides running my hands along the tops of the grass and feeling something so special It was like each gold tipped blade was full of love I could feel the love coming from the grass While standing in the field the guide who had taken me there admonished me to never look back It was okay to look to the left and to the right but I couldn t look back The view in front of me was panoramic I could see far to the left and far to the right but the things in front of me were close as if I was standing inside a panoramic photograph On my far left were trees giant pillars with huge trunks that seemed to lead me toward what was in front of me There were no branches going up the

trunk but I could see lots of leaves at the top beautiful leaves They were in brilliant greens reds and yellows Each leaf had a sort of iridescent gold underside And the trunk wasn't the sort of dirty brown we see here either It was a beautiful brown color edged in gold Between me and the forest were tall wildflowers Normally to see each bloom of a rose bush you'd need to walk around it but in this case each colorful flower and its leaves faced toward me The flowers came up to about my waist and their faces followed me as I progressed through the field I have never experienced love come from flowers plants or trees But I felt like all of it was alive Alive with love And it gave me so much peace It was like each individual living thing imparted energy charged with unconditional love support and encouragement Directly in front of me were clouds against a vibrant blue sky When I saw bioluminescence for the first time I felt it was the closest thing to what I saw Then leading me up to the clouds was a sort of mist or fog just like stairs leading to the stoop of a house None of the clouds moved as there wasn't any wind Directly in front of me was a huge beautiful cloud that was unique to the rest Rays from behind the cloud shot toward me just like the grass and flowers The cloud itself was a pearly iridescent color that I can only describe as pure and extremely bright In this place there was no fear no judgment and no pain Only love Pure unconditional love My life before this was fraught with selfishness greed and a relentless drive for success in business What I learned most from my experience is to not look back Don't look back at what you've done in your life Take a good look at your life as it is today right now And start looking toward the future We can change if we want to If you want to make a difference just be kind to somebody be kind to a friend a fellow worker or a neighbor Discover the reaction you get by being kind to them Most people are very defensive but there's something about love that calms people down This life isn't about how much we make It isn't about prestige or power It's about the One It's about each life we can affect with love
