How We Experience Modern Verse Eric Purchase,2023-03-31 Poetry moves us Sometimes a poem changes our life Then we analyze it as a cultural artifact with no special connection to us An extensive critical apparatus enables us to develop sophisticated interpretations but we dismiss as idiosyncratic even life changing experiences of poetry We need an apparatus to unfold our experience of reading poems into a more effective relationship with the world Modern poets in particular wrote prophetic verse for this purpose Archetypal psychology and phenomenology describe the soul that modern poetry moves in us Three prosodic mechanisms activate the psyche The polyphony of accentual and quantitative versification creates depth to lure the soul Aural images reshape the reader s stream of consciousness Readers follow the movement of blocks of verse across the expanse of the page with what Maurice Merleau Ponty terms the phenomenal body These mechanisms reach us at the collective level of consciousness and generate the power we need to solve big collective challenges such as race climate change and inequality
