War over Lemuria Richard Toronto,2013-05-04 Life magazine described the Shaver Mystery as the most celebrated rumpus that rocked the science fiction world Its creators said it was a new wave in science fiction Critics called it dangerous nonsense and labeled its fans the lunatic fringe Whatever else the Shaver Mystery was it became a worldwide sensation between 1945 and 1948 one of the greatest controversies to hit the science fiction genre Today these stories of the remnants of a sinister ancient civilization living in caverns under the Earth are an all but forgotten sidebar to the historical record The Shaver Mystery began as a series of science fiction yarns in *Amazing Stories* nearly 70 years ago The men behind it Ray Palmer and Richard Shaver were derided and seldom understood by a fandom that did its best to sweep them under the carpet of history Though Ray Palmer was one of the earliest and biggest names in SF fandom credited with many firsts in his field his fannish brethren have roundly ignored him thanks to the Shaver Mystery What is the truth behind these men and their mystery This is the question writers and editors that promoted the Shaver Mystery try to answer as they reveal the behind the scenes story of the phenomenon known as Shaverism

*The Lost Civilization of Lemuria* Frank Joseph,2006-05-17 A compelling new portrait of the lost realm of Lemuria the original motherland of humanity Contains the most extensive and up to date archaeological research on Lemuria Reveals a lost ancient technology in some respects more advanced than modern science Provides evidence that the perennial philosophies have their origin in Lemurian culture Before the Indonesian tsunami or Hurricane Katrina s destruction of New Orleans there was the destruction of Lemuria Oral tradition in Polynesia recounts the story of a splendid kingdom that was carried to the bottom of the sea by a mighty warrior wave a tsunami This lost realm has been cited in numerous other indigenous traditions spanning the globe from Australia to Asia to the coasts of both South and North America It was known as Lemuria or Mu a vast realm of islands and archipelagoes that once sprawled across the Pacific Ocean Relying on 10 years of research and extensive travel Frank Joseph offers a compelling picture of this mother land of humanity which he suggests was the original Garden of Eden Using recent deep sea archaeological finds enigmatic glyphs and symbols and ancient records shared by cultures

divided by great distances that document the story of this sunken world Joseph painstakingly re creates a picture of this civilization in which people lived in rare harmony and possessed a sophisticated technology that allowed them to harness the weather defy gravity and conduct genetic investigations far beyond what is possible today When disaster struck Lemuria the survivors made their way to other parts of the world incorporating their scientific and mystical skills into the existing cultures of Asia Polynesia and the Americas Totem poles of the Pacific Northwest architecture in China the colossal stone statues on Easter Island and even the perennial philosophies all reveal their kinship to this now vanished civilization *The Lost Continent of Pan* Susan B. Martinez,2016-12-15 Reveals the Pacific Ur culture that seeded the ancient civilizations of China Egypt India Mexico and Peru Shows how the Pan diaspora explains the similarities between Gobekli Tepe and Toltec carvings and stone towers in Japan and on Easter Island Reveals the mother tongue of Pan hidden in shared word roots in vastly different languages including Quechua Sanskrit Japanese Greek and Sumerian Explains the red haired Caucasian mummies of China the Ainu of Japan the presence of white humans in early Native American legend and other light skinned peoples found in Southeast Asia and the Middle East The destruction of the vast continent of Pan also known as Lemuria or Mu in the Pacific Ocean 24 000 years ago was the greatest catastrophe that ever befell humanity Yet it resulted in a prehistoric Golden Age of arts and technology thanks to the Sons of Noah who forewarned and prepared for the disaster escaped in 5 organized fleets Theirs was the masterful Ur culture that seeded China Egypt India Mexico and Peru explaining the sudden injection of the same advanced knowledge and sophisticated arts into those widely separated lands Examining the diaspora from the sunken continent of Pan Susan B Martinez finds traces of the oceanic Pan civilization in arts and technologies from canal works masonry and agriculture to writing weaving and pottery but most importantly in the art of navigation the hallmark of the survivors of the catastrophe Using archaeo linguistic analysis she reveals the mother tongue of Pan hidden in strikingly similar words for royalty deities and important places in vastly different languages including Quechua Maori Sanskrit Japanese Chinese Greek and Sumerian as well as English through the prefix pan which denotes all encompassing The author reveals how the Pan diaspora explains the mound builders on each continent the presence of white humans in Native American legend the red haired mummies found in China and the Ainu of Japan She shares recent genetic studies that reveal Polynesian DNA in central Europeans Mesopotamians South Americans and the 9000 year old Kennewick man and shows how Pan provides the missing link She reveals why carvings at Gobekli Tepe are similar to Toltec artistry why stone towers in Japan and Easter Island are identical and how the Pacific Ring of Fire was activated Moving the Garden of Eden from the Fertile Crescent to the South Seas Martinez strikes down the pervasive view of Atlantis as the source of ancient knowledge and exposes the original unity of mankind on the ancient Pacific continent of Pan **Ithihaasa** Bhaktivejanyana Swami,2013-01-29 Dr Singh Science says that the different species were not created simultaneously but evolved gradually I came across a statement in the Bhagavad Gita to the effect that all 8 400 000 species of living entities are

created simultaneously Is that correct Srila Prabhupada Yes Living beings move from one bodily form to another The forms already exist The living entity simply transfers himself just as a man transfers himself from one apartment to another One apartment is first class another is second class and another is third class Suppose a person comes from a lower class apartment to a first class apartment the person is the same but now according to his capacity for payment or karma he is able to occupy a higher class apartment Real evolution does not mean physical development but the development of Consciousness Do you follow The apartment already exists however it is not the lower class apartment that becomes the higher class apartment That is Darwins nonsensical theory He would say that the apartment has become high class Modern scientists think that life has come from matter They say that millions and millions of years ago there was simply matter but no life We do not accept that Of the two energies life and matter life or spirit is the original superior energy and matter is the resultant inferior energy Spirit is independent and matter is dependent Dr Singh All that you have been saying completely contradicts Darwins theory of evolution Srila Prabhupada Darwin and his followers are rascals If originally there were no higher species why do they exist now Also why do the lower species still exist For example at the present moment we see both the intellectual person and the foolish ass Why do both these entities exist simultaneously Why hasnt the ass form evolved upwards and disappeared Why do we never see a monkey giving birth to a human In Bhagavad Gita the word yantra or machine means that in any species of life we are traveling in bodies that are like machines provided by material nature
