**Second to None** Kevin R. Shackleton, 2017-08-30 The story of the Fighting 58th one of 50 infantry battalions to see action with the Canadian Expeditionary Force during the First World War [Second to None](#) Kevin R.

Shackleton, 2002-08-26 The story of the Fighting 58th one of 50 infantry battalions to see action with the Canadian Expeditionary Force during the First World War *The Torch We Throw: The Dundurn WWI Historical Library* Brereton Greenhous, James McWilliams, R. James Steel, Kevin R. Shackleton, George H. Cassar, Bruce Cane, 2014-07-23 The giant conflagration of the First World War created the world we live in today and its history is replete with stirring battles mind boggling strategies and geopolitical manoeuvring However the real story was lived in the trenches of Europe and the lonely households of those left behind The stories of this period are full of tragedy anger and loss but also inspirational courage This special five book bundle presents some of these stories from brave Canadian contributions to the battlefields at Ypres and Amiens to the specific untold story of Canada's unheralded 58th Division to an analysis of the myth and legend of air ace Billy Bishop to the voice of one single soldier Deward Barnes told through his diary These books provide new and enlightening perspectives on the war Amiens Hell in Flanders Fields It Made you Think of Home The Making of Billy Bishop Second to None

**It Made You Think of Home** Bruce Cane, George Frederick Barnes, 2004-08-01 We took our positions five kneeling and five standing we got the order to fire One blank and nine live rounds I did not have the blank That is the voice of Deward Barnes an unwilling but dutiful member of the firing squad that shot Harold Lodge one of 25 Canadians executed during the First World War In this diary we hear something that is otherwise gone forever the authentic voice of the First World War soldier Everyman in khaki Fully annotated so that everyone today can understand the nuance of each entry the Barnes diary takes us into the trenches and the firing lines of the Western Front like no other first hand Canadian account of that terrible war can Like any trained infantryman Deward could tell the kick of a live round from a blank one and that kick he bestows on us with each turn of the page *Toronto's Fighting 75th in the Great War 1915-1919* Timothy J.

Stewart, 2017-09-21 Foreword by His Royal Highness Charles Prince of Wales Hospital ships filled the harbour of Le Havre as the 75th Mississauga Battalion arrived on 13 August 1916 Those soldiers who survived would spend almost three years in a tiny corner of northeastern France and northwestern Belgium Flanders where many of their comrades still lie And they would serve in many of the most horrific battles of that long bloody conflict Saint Eloi the Somme Arras Vimy Hill 70 Lens Passchendaele Amiens Drocourt Qu ant Canal du Nord Cambrai and Valenciennes This book tells the story of the 75th Battalion later the Toronto Scottish Regiment and the five thousand men who formed it most from Toronto from all walks of life They included professionals university graduates white and blue collar workers labourers and the unemployed some illiterate They left a comfortable existence in the prosperous strongly pro British provincial capital for life in the trenches of France and Flanders Tommy Church mayor of Toronto from 1915 to 1921 sought to include his city's name in the unit's name

because of the many city officials and local residents who served in it Three years later Church accepted the 75th's now heavily emblazoned colours for safekeeping at City Hall from Lieutenant Colonel Colin Harbottle who returned with his bloodied but successful survivors The author pulls no punches in recounting their labours triumphs and travails Timothy J Stewart undertook exhaustive research for this first ever history of the 75th drawing from archival sources focusing on critical decisions by Brigadier Victor Oldum General Officer Commanding 11th Brigade diaries letters newspaper accounts and interviews

**Clio's Warriors** Tim Cook, 2011-11-01 Clio's Warriors examines how the Canadian world war experience has been constructed and reconstructed over time Tim Cook elucidates the role of historians in codifying the sacrifice and struggle of a generation as he discusses historical memory and writing the creation of archives and the war of reputations that followed each of the world wars on the battlefield Only recently have academic military historians pushed the discipline to explore the impact of war on society Even so the publications of official historians remain the central narrative of the national experience In analyzing where the profession has come from and where it needs to go Clio's Warriors plays a vital role in the ongoing challenge of writing critical history It will be an essential addition to the library of all Canadian military historians and students of military history and historiography

*The Road Past Monchy* Terence Loveridge, 2024-03-05 Terence Loveridge offers a unique look at the land and air operations around the strategic village of Monchy le Preux at the center of the western front during World War I The story of the Great War is usually one of condemnation or rehabilitation of strategists and consecration of the common soldier while the story of those who planned directed and led operations on the ground has generally been overlooked Loveridge uses experiences of junior leaders fighting around the key terrain of Monchy le Preux to challenge the currently accepted views and reveal that the Great War despite subsequent impression was a surprisingly dynamic effort conducted in an arena of constantly evolving practices techniques and technology Less well known than its contemporary campaigns at the Somme Verdun or Passchendaele Monchy also carries less preconceived baggage and thus offers a prime opportunity to reevaluate the accepted wisdom of the events personalities and understandings of the Great War The Road Past Monchy offers readers a unique chance to uncover the lost perspective of junior war leaders in a theater of war that saw almost continuous operations from 1914 through to 1918

**Old Enough to Fight** Dan Black, John Boileau, 2013-09-18 Between 15 000 and 20 000 underage youths some as young as ten signed up to fight in Canada's armed forces in the First World War They served in the trenches alongside their elders and fought in all the major battles Ypres the Somme Passchendaele Vimy Ridge and the rest Many were injured or suffered psychological wounds Many died This is the first book to tell their story Some boys joined up to escape unhappy homes and workplaces Others went with their parents blessing carrying letters from fathers and mothers asking the recruiters to take their eager sons The romantic notion of a short victorious campaign was wiped out the second these boys arrived on the Western Front The authors who narrate the fighting with both military professionalism and humanity portray many boys who in the heat of

battle made a seamless transition from follower to leader to hero Authors Dan Black and John Boileau combed the archives and collections to bring these stories to life Passages from letters the boy soldiers wrote home reveal the range of emotions and experiences they underwent from the humorous to the unspeakably horrible Their parents letters touch us with their concern love uncertainty and often grief Meticulously researched and abundantly illustrated with photographs paintings and a collection of specially commissioned maps Old Enough to Fight is Canadian military and social history at its most fascinating

*The Invisible Soldier* Veronica Cusack, 2013-09-03 In November 1915 a shy cosseted and rather pompous bank clerk left Canada to fight as a lieutenant on the battlefields of Europe Despite genteel poverty his mother had raised him to be the heir to both military greatness and aristocratic splendour She even followed him to Europe in an attempt to manipulate his destiny But in the awful killing ground of the Ypres Salient and subsequently at Vimy and Passchendaele William Arthur Peel Durie came to understand something of the man he was instead of the man he was supposed to be Mother was not pleased When her son died in the trenches of France Anna Durie could once again control his fate Despite the dictates of Britain and the Empire stating that soldiers who fell in the Great War must rest with their comrades she made up her mind to steal his body from its grave in the military cemetery near Lens and smuggle it home to the Toronto family plot Veronica Cusack has unearthed a treasure trove of letters memoirs and war records and used them to brilliantly recreate a soldier finding himself in battle and a woman driven by her maternal obsession

Reluctant Warriors Patrick M. Dennis, 2017-09-22 During the Hundred Days campaign of the First World War over 30 percent of conscripts who served in the Canadian Corps became casualties Yet they were generally considered slackers for not having volunteered to fight Reluctant Warriors is the first examination of the pivotal role played by Canadian conscripts in the final campaign of the Great War on the Western Front Challenging long standing myths about conscripts Patrick Dennis examines whether these men arrived at the right moment and in sufficient numbers to make any significant difference to the success of the Canadian Corps He examines the conscripts themselves their journey to war the battles in which they fought and their largely undocumented sacrifice and heroism Reluctant Warriors sheds new light on the success of the Military Service Act and provides fresh evidence that conscripts were good soldiers who fought valiantly and made a crucial contribution to the war effort
