New Edition of the Babylonian Talmud Michael Levi Rodkinson, Isaac Mayer Wise, Godfrey Taubenhau, 1918

Massekhet Keritot Federico Dal Bo, 2013 The tractate Keritot of the Babylonian Talmud belongs to the Order of Qodashim in the Mishnah. It discusses the Temple and its rituals especially sacrifices but deals mostly with laws of incest sexual transgressions childbirth and miscarriages. In this commentary Federico Dal Bo provides a historical philological and philosophical investigation on these gender issues. He discusses almost the entire tractate referring to many other sources Jewish the Dead Sea Scrolls the Sifra and other rabbinic texts as well as non Jewish Akkadian Hittite and Ugaritic. The author also provides accurate philological observations both on the Mishnah and the Gemara. Finally he addresses gender issues by combining a reductionistic approach to Talmudic study the so called Brisker method with philosophical deconstruction. Dal Bo shows that in nearly the entire tractate Keritot the rabbis discuss human sexuality in a tendentious and restrictive way claiming that heterosexuality is the only proper sexual contact and progressively stigmatizing any other kind of sexual behavior.

Hegel's Critique of Modernity Timothy C. Luther, 2009-01-01 Hegel's enduring importance lies in the fact that his philosophy sheds light on many contemporary problems his conception of freedom enables us to reconcile many of the differences that divide liberalism and communitarianism. While liberalism tends to overemphasize the individual and devalue the community communitarianism tends to do the reverse. One of his central aims is to integrate liberalism's concern for the political rights and interests of individuals within the framework of a community. He tries to reconcile the individual and community in a way that creates the proper mix of liberty and authority. One of Hegel's goals is to discover social structures that will allow individuals to escape the alienation that characterizes contemporary life. He sought a method of reconciling his contemporaries to the modern world by overcoming the things that split the self from the social world that is a place where people are at home in the social world. A sense of estrangement is all too common even for those who enjoy more personal freedom and material abundance than ever thought possible. While Hegel is speaking directly to and about his contemporaries their social world bears much in common with ours. Consequently his attempt to reconcile philosophical and social contradictions can elucidate our own condition. While the modern world reflects important contributions the advent of modern liberalism leads to excessive individualism that fragments social life leaving individuals disconnected and adrift from meaningful social life. The major goal of Hegel's political philosophy is to reconcile the individual with his or her political community in a way that overcomes the alienation of modern life.

The Greatest Letter Ever Written French L. Arrington, From studying Paul s letter to the Romans we can learn the content of the Christian faith like nowhere else in the New Testament Paul s words are loaded with divine truth and require careful study and thought Indeed the letter to the Romans is a theological jewel but Paul s discussions in the letter are sensible and practical As the name of the letter indicates Paul wrote it to a church in a city known as Rome At the same time without knowing it he wrote it to the whole world and for all the ages supporting the efforts of cross cultural ministry and providing a key to understanding the Bible So even though this great letter was addressed to the saints in Rome during the first century its message is eternal and its mandates are universal French L Arrington
