

English As My Second Language

I too have a language
That other people can
Learn as a second language
And I blame my forebears
For their lakadaisical attitude
Towards the relegation
Of my language today.

I am taunted for
For every word of language
That falters in the use of my english
Faulty as english is
I am forced to rules
That utterly and woefully fail

Why should I be taunted
For a language that reneges on rules?
I am told that when making
Plurals from nouns

I should add 's' or 'ies'
But when the noun is child
It shamefully fails
For it is neither childs nor childies
It is Children!
I too have a language
Other people speak
As a second language.

Second Language Poems:

Second Language Lisel Mueller, 1986-06 *Second Language* is the fourth volume of work from the highly acclaimed poet Lisel Mueller. The second language of the title English supplanted Mueller's native language when she came to the United States from Hitler's Germany at age fifteen. But other second languages are at work here as well. The poems in this collection have to do with memory and metaphor, two forces that enable us to interpret our experience. Each is in a sense a second language and in Mueller's employ each gains expression in an imaginative and humanistic voice. In English as a Second Language the various meanings of Second Language come together lucidly and effectively. Poems Please! 2nd Edition Bill Moore, David Booth, 2003. This innovative resource includes tools for classroom management that range from assessment techniques to tips for choosing and displaying poems. **History as a Second Language** Dionisio D. Martínez, 1993. Alive Together: New and Selected Poems Lisel Mueller, 1996. *C.P. Cavafy Historical Poems* J. Phillipson, 2013-08-02. Cavafy's Historical Poems is the first volume of a four-book set constituting a study of the life and opus of this fascinating poet. The second volume is an anecdotal life detailing Cavafy's home and its atmosphere, the man, the poet, and his lifestyle, the odes of his compatriot partisans, the praises of his foreign admirers, the barbs and insults of his critics and revilers, the poet as a critical ironist, and the last part of his life. More than one hundred commentators are quoted, and just as many of his poems are used where it seemed appropriate. A third volume consists of erratic commentaries containing the author's evaluation and criticism of the main contributions to Cavafy's poetry. That is, these of George Seferis, Sir Maurice Bowra, Robert Liddell, Edmund Keeley, Grigorios Xenopoulos, Timos Malanos, Stratis Tsirkas, John Sareyiannis, and others. These follow an opening chapter on Hellenization and a second chapter on the controversial subject of the dates of composition of Cavafy's poems. The fourth volume, *The Canon*, is a verse translation of the 150 poems Cavafy accepted as his mature opus, including the original Greek verses accompanied by detailed examination of the poet's craft and style. That is to say, the meter, length of verse, wedging, rhyme, enjambment, titles, organization, punctuation, the absences, lyricism, periphrasis, description, narrative, suggestive image, abstractions, transmission, maturity, content, language, irony, intellectuality, etc. *Handbook of Multilingual TESOL in Practice* Kashif Raza, Dudley Reynolds, Christine Coombe, 2023-03-21. Voice and Versification in Translating Poems James W. Underhill,2016-12-09 Great poets like Shelley and Goethe have made the claim that translating poems is impossible And yet poems are translated not only that but the metrical systems of English French Italian German Russian and Czech have been shaped by the translation of poems Our poetic traditions are inspired by translations of Homer Dante Goethe and Baudelaire How can we explain this paradox James W Underhill responds by offering an informed account of meter rhythm rhyme and versification But more than that the author stresses that what is important in the poem and what must be preserved in the translated poem is the voice that emerges in the versification Underhill s book draws on the author s translation experience from French Czech and German His comparative analysis of the versifications of French and English have enabled him to revise the key terms involved in translating the poetic voice and transposing the poem s versification The theories of versification from the Prague School of Linguistics the French and Swiss schools of versification and recent scholarship in metrics and rhythm in the UK and in the USA have been integrated into this synthetic but rigorously coherent approach to translating poems The extensive glossary at the end of the book will prove useful for both students and teachers alike And the detailed case studies on translating poems by Baudelaire and Emily Dickinson allow the author to categorize and

appraise the various poetic and aesthetic strategies and theories that are brought to bear in translating Baudelaire into English and Dickinson into French Published in English **Resources in Education** ,1998 **Poetry, Poetic Inquiry and Rwanda** Laura Apol,2020-11-09 This book describes the practice of poetic inquiry and takes the reader through the process of translating lived experience into poetry that attends to the lives of others Using her own writing from early drafts to published poems Apol demonstrates elements of poetic inquiry that both give it strength and make it complicated the importance of craft the aesthetic the imperative of accuracy and reliability the investigative the significance of ethical responsibility that leads to action witness and the centrality of relational connectedness and accountability witness Apol raises questions about what it means for poems to function as both research and art and illustrates what happens when there are irresolvable conflicts between the demands of the poem and a commitment to relationship Throughout Apol addresses her white privilege as well as the dominant white colonial narrative that often seeps into arts based work unless it is overtly and critically addressed The book goes beyond arts based research speaking as well to other forms of cross national cross cultural research It is a call for relational scholarship that moves toward action a heart rending teaching a post traumatic aesthetic map laid down with clear and poignant theory and praxis to extend serve and guide **Rumi - Past and Present, East and West** Franklin D.
