I Connecting Kristina Kaine, 2008 Kristina Kaine invites the reader into the riches of becoming a participant observer in the life of soul and spirit. Her book goes beyond describing the way it is and encourages the reader to discover how the gaps in meaning that we all experience are caused by a lack of contact with the inner life. Nevertheless this is not a book of meditative practices that one does in the confines of one's room only to find that such practices don't seem to measure up to the requirements of real life. Rather her book helps us sense the inner qualitative nature of subjective experiences at the center of our busy and practical lives though they frequently go unnoticed. By gaining an abiding interest in the rich texture of inner life one begins to notice that something

some presence like wisdom illuminates that inner life individualizing it so that one feels personally though not egoistically connected with the inner mysteries This more permanent core of our being gives us our sense of destiny and purpose in life directing us toward a more meaningful future I Connecting and the clear practices suggested help the reader make a shift toward being more present more available and more open Kristina Kaine has distilled from the profound wisdom of masters and of her own considerable experience a guidebook of immense value in pursuing the pearl of great price the name that no one knows except the one who receives it the I Am Every human soul stands in need of this name and our world cries out for the ennoblement of those who make this quest Edward Reaugh Smith author The Burning Bush and The Soul s Long Journey This book is amazing It has clarified so much for me that I have been struggling to comprehend Her simple and clear way of describing concepts and practices has allowed me to put many of them into immediate practice in my life This book is essential reading Amanda Gore motivational speaker and author You Can Be Happy The Essential Guide to a Healthy Body Mind and Soul Kristina Kaine has the marvelous ability to express clearly and concisely the inner human mystery in a most practical and experiential way I recommend her book to anyone with a sincere desire to explore and expand their own soul Andrew Flaxman founder Educate Yourself for Tomorrow

Stephen Gersh, 2024-07-22 This book represents the first ever systematic philosophical study of Marsilio Ficino s Commentary on Plotinus Enneads first published in Florence 1492 this work of Ficino being arguably as definitive for the Florentine thinker s later work as the Platonic Theology was for his earlier Publication of the present study uniquely illuminates the extent to which Plotinus had always been the crucial influence over Ficino s revolutionary projects of introducing Platonic thought based on original Greek sources to western Europe correcting certain features of late medieval and Renaissance Aristotelianism and laying the foundations of a new Christian Platonism The study can be read both as an independent introduction to Ficino s later philosophy and as the complement to the first modern edition and translation of the Commentary on the Enneads itself also by Stephen Gersh I Tatti Renaissance Library 2017
