Second World War A Short History:

World War II Michael J. Lyons, 2016-07-01 Highly regarded for its concise clarification of the complexities of World War II this book illuminates the origins course and long range effects of the war It provides a balanced account that analyzes both the European and Pacific theaters of operations and the connections between them The Fifth Edition incorporates new material based on the latest scholarship offering updated conclusions on key topics and expanded coverage throughout

World War Two Norman Stone, 2013-01-08 After the unprecedented destruction of the Great War the world longed for a lasting peace The victors however valued vengeance even more than stability and demanded a massive indemnity from Germany in order to keep it from rearming The results as eminent historian Norman Stone describes in this authoritative history were disastrous In World War Two Stone provides a remarkably concise account of the deadliest war of human history showing how the conflict roared to life from the ashes of World War One Adolf Hitler rode a tide of popular desperation and resentment to power in Germany promptly making good on his promise to return the nation to its former economic and military strength He bullied Europe into giving him his way and in so doing backed the victors of the Great War into a corner Following the invasion of Poland in 1939 Britain and France declared war on Germany a decision that Stone argues was utterly irrational Yet Hitler had driven the world mad and the rekindling of European hostilities soon grew to a conflagration that spread across the globe fanned by political and racial ideologies more poisonous and weaponry more destructive than the world had ever seen With commanding expertise Stone leads readers through the escalation climax and mournful denouement of this sprawling conflict World War Two is an invaluable contribution to our understanding of the twentieth century and its defining struggle

A Short History of World War II James L. Stokesbury, 1980 A military account of the causes events and consequences of World War II

Struggle for Survival Robert Alexander Clarke Parker, 1989 A magnificent achievement a tour de force As a one volume survey it is unlikely to be surpassed Kenneth O Morgan The New Statesman A fine single volume World War II history Parker writes with considerable insight and objectivity Booklist From the rise of Hitler to the origins of the Cold War from the operational strategy of the battle of Midway to the role of industrial production every important aspect of World War II finds its way into this concise remarkably comprehensive history of the great conflict

The Second World War Robert Alexander Clarke Parker, 2001

A Short History of World War II DK, 2020-05-05 Discover the story of the world's deadliest war Combining expert historical insight with accounts of combatants and civilians this important book offers a brilliant summary of the most important military strategic and political events across all theatres The fighting is brought to life with profiles of key military and political figures together with features on decisive campaigns turning points and technological innovations Examine how deep seated local fears and hatreds escalated into one vast global conflict that was fought out to the bitter end from the rise of Hitler and the Nazi party to Pearl Harbor the D Day landings and Hiroshima Richly illustrated with a wealth of original artifacts weaponry and

equipment photography and maps this unique combination of image and narrative provides the most accessible episode by episode account ever *World War II in Global Perspective, 1931-1953* Andrew N. Buchanan, 2019-05-07 A comprehensive review of World War II that offers a global level analysis Written for academics and students of history World War II in Global Perspective 1931 1953 presents a dynamic and global account of the historical events prior to during and after World War II The author a noted expert on the topic explores the main theaters of the war and discusses the connections between them He also examines the impact of the war on areas of the world that are often neglected in historical accounts including Latin America sub Saharan Africa and the so called neutral countries This comprehensive text clearly shows how in the struggle against the Axis powers the United States replaced Britain as the global superpower The author discusses the Japanese invasion of Manchuria in 1931 and the Korean War 1950 1953 and argues that the core years of the war 1939 1945 cannot be understood without considering the turbulent events that framed them The text puts World War II in context as a series of large regional conflicts that intersected and overlapped finally emerging as a genuine world war with the formal entry of the United States in late 1941 This vital text Offers a comprehensive review of World War II that frames it in a global context Gives weight to the economic and political developments of the war Provides a robust account of the main military campaigns Contains illustrations and maps that themselves highlight little known aspects of the global war **The Second World War** R. A. C. Parker, 2001-09-27 The Second World War is a compact but comprehensive and absorbing history of the war It examines the causes of the war how it was won and lost and its far reaching consequences for humanity In tracing the key events of both the European and the Far Eastern wars R A C Parker outlines clearly the strategies of the participants the economies and societies that underlay them and the strengths and weaknesses of their fighting forces He describes the decisive battles and analyses the reasons for their outcome paying close attention to special features of the war mobile warfare forced migration the Holocaust strategic and nuclear bombing Unlike many other histories of the war this book places British and European involvement squarely in an international perspective and the author never shies away from raising fundamental questions *A Short History of the Twentieth Century* John Lukacs, 2013-10-07 The great themes woven through John Lukacs s spirited concise history of the twentieth century are inseparable from the author s own intellectual preoccupations the fading of liberalism the rise of populism and nationalism the achievements and dangers of technology the continuing democratization of the globe and the limitations of knowledge **A Short History of the Second World War** Basil Collier, 1972 **International History of the Twentieth Century and Beyond** Antony Best, Jussi Hanhimäki, Joseph A. Maiolo, Kirsten E. Schulze, 2014-12-17 This hugely successful global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward Using their thematic and regional expertise the authors have produced an authoritative yet accessible and seamless account of the history of international relations in the last century covering events in Europe Asia the Middle East Africa and the Americas

They focus on the history of relations between states and on the broad ideological economic and cultural forces that have influenced the evolution of international politics over the past one hundred years The third edition is thoroughly updated throughout to take account of the most recent research and global developments and includes a new chapter on the international history of human rights and its advocacy organizations including NGOs Additional new features include New material on the Arab Spring including specific focus on Libya and Syria Increased debate on the question of US decline and the rise of China A timeline to give increased context to those studying the topic for the first time A fully revised companion website including links to further resources and self testing material can be found at www.routledge.com/cw/best Antony Best is Associate Professor in International History at the London School of Economics Jussi M Hanhimäki is Professor of International History and Politics at the Graduate Institute of International Studies Geneva Joseph A Maiolo is Professor of International History at the Department of War Studies Kings College London Kirsten E Schulze is Associate Professor in International History at the London School of Economics

A Short History of the Second World War Herbert Charles O'Neill, Strategicus, 2011-10-01

A Short History of World War II Nigel Cawthorne, 2013-11-11 World War II was the greatest conflict in human history involving over 100 million people serving in the forces of the Axis and the Allies and resulting in 50 to 70 million deaths This book covers war in Europe war in the Pacific and war across a number of other fronts between 1939 and 1945 Features the leading protagonists in the conflict their ideological positions and the strategies they employed Focuses on the Battle of Britain the Blitz Pearl Harbor Hitler and the SS Operation Barbarossa the Holocaust Stalingrad the Battle of the Bulge the Fall of Berlin and the Atomic Bomb Fully illustrated this book contains a blow by blow account of six extraordinary years that shaped the world we live in today

International History of the Twentieth Century and Beyond Anthony Best, 2008 This major global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward Using their thematic and regional expertise the authors cover events in Europe Asia the Middle East Africa and the Americas from the last century and beyond Among the areas this book covers are the decline of European hegemony over the international order the diffusion of power to the two superpowers the rise of newly independent states in Asia and Africa the course and consequences of the major

The United States Coast Guard in World War II Thomas P. Ostrom, 2009-08-11 At home and overseas the United States Coast Guard served a variety of vital functions in World War II providing service that has been too little recognized in histories of the war Teaming up with other international forces the Coast Guard provided crewmembers for Navy and Army vessels as well as its own carried troops food and military supplies overseas and landed Marine and Army units on distant and dangerous shores This thorough history details those and other important missions which included combat engagement with submarines and kamikaze planes and typhoons On the home front port security missions involving search and rescue fire fighting explosives espionage and sabotage presented their own unique dangers and challenges

Modern England, 1901-1984 Alfred F.

Havighurst,2004-07-08 The most comprehensive bibliography of printed books articles and standard texts on twentieth century England **A Concise History of Modern Europe** David S.
