World War II, Sands of Blood John Alexander Hammerton, 1999-06-01 This volume is an illustrated history of World War II from July 1940 to January 1941 covering the Battle of Dover to the fighting in the Western Desert of Egypt

The Ultimate Illustrated History of World War II Donald Sommerville, 2009 A readable history of the war this text features expert commentary on the political and economic factors leading to the conflict the key turning points during the war and the impact new technologies had on the fighting Full colour maps and battle plans add to the analysis of major engagements

WWII , 1999-01-01

The Oxford Illustrated History of World War II R. J. Overy, 2015 World War Two re assessed for a new generation from the 1930s through to the beginnings of the Cold War A stimulating and thought provoking new interpretation of one of the most terrible episodes in world history

The Oxford Illustrated History of World War Two Richard Overy, 2015-04-09 World War Two was the most devastating conflict in recorded human history It was both global in extent and total in character It has understandably left a long and dark shadow across the decades Yet it is three generations since hostilities formally ended in 1945 and the conflict is now a lived memory for only a few And this growing distance in time has allowed historians to think differently about how to describe it how to explain its course and what subjects to focus on when considering the wartime experience For instance as World War Two recedes ever further into the past even a

question as apparently basic as when it began and ended becomes less certain Was it 1939 when the war in Europe began Or the summer of 1941 with the beginning of Hitler's war against the Soviet Union Or did it become truly global only when the Japanese brought the USA into the war at the end of 1941 And what of the long conflict in East Asia beginning with the Japanese aggression in China in the early 1930s and only ending with the triumph of the Chinese Communists in 1949 In *The Oxford Illustrated History of World War Two* a team of leading historians re-assesses the conflict for a new generation exploring the course of the war not just in terms of the Allied response but also from the viewpoint of the Axis aggressor states Under Richard Overy's expert editorial guidance the contributions take us from the genesis of war through the action in the major theatres of conflict by land sea and air to assessments of fighting power and military and technical innovation the economics of total war the culture and propaganda of war and the experience of war and genocide for both combatants and civilians concluding with an account of the transition from World War to Cold War in the late 1940s Together they provide a stimulating and thought provoking new interpretation of one of the most terrible and fascinating episodes in world history

World at War Jeremy Isaacs, 1991 **An Illustrated History of World War II** Harris Andrews, Oxmoor House, 2002-09 With this volume Time Life Books publisher of numerous highly acclaimed volumes on World War II tells the history of mankind's greatest catastrophe in 23 insightful essays and more than 800 compelling photographs of the war's key figures the unknown soldiers who fought the battles and the unfortunate civilians who lived amongst the carnage

The Routledge Companion to Modern European History since 1763 Chris Cook, John Stevenson, 2004-11-10 The Routledge Companion to Modern European History since 1763 is a compact and highly accessible work of reference covering the broad sweep of events from the last days of the ancient regime to the ending of the Cold War and from the reshaping of Eastern Europe to the radical expansion of the European Union in 2004 Within the broad coverage of this outstanding volume particular attention is given to subjects such as the era of the Enlightened Despots the Revolutionary and Napoleonic era in France and the revolutions of 1848 nationalism and imperialism and the retreat from Empire the First World War the rise of the European dictators the coming of the Second World War the Holocaust and the post war development of Europe the Cold War the Soviet Union and its break up the protest and upheavals of the 1960s as well as social issues such as the rise of the welfare state and the changing place of women in society throughout the period With a fully comprehensive glossary a biographical section a thorough bibliography and informative maps this volume is the indispensable companion for all those who study modern European history

English History 1914-1945 A. J. P. Taylor, 1965-10-21 During ten of the 31 years between 1914 and 1945 the English people were involved in world wars for 19 of the years they lived in the shadow of mass unemployment These themes and the politics which sprang from them shape the narrative of this book

World War II in Literature for Youth Patricia Hachten Wee, Robert James Wee, 2004 This comprehensive volume provides a wealth of information with annotated listings of more than 3 500 titles a broad sampling of books on the war years 1939-1945 Includes

both fiction and nonfiction works about all aspects of the war Professional resources for educators aligned to the educational standards for social studies technical references periodicals and electronic resources a directory of WWII museums memorials and other institutions and topics for exploration complement this excellent library and classroom resource

English History, 1914-1945 Alan John Percivale Taylor, 1965 During ten of the 31 years between 1914 and 1945 the English people were involved in world wars for 19 of the years they lived in the shadow of mass unemployment These themes and the politics which sprang from them shape the narrative of this book

Fifty Key Thinkers on History Marnie Hughes-Warrington, 2007-10-31 Fifty Key Thinkers on History is a superb guide to historiography through the ages The cross section of debates and thinkers covered is unique in its breadth taking in figures from ancient China Greece and Rome through the Middle Ages to contemporary Europe America Africa and Australia from Bede to Braudel Marx to Michelet Ranke to Rowbotham Foucault to Fukuyama Each clear and concise essay offers biographical information a summary and discussion of the subjects approach to history and how others have engaged with it a list of their major works and a guide to diverse resources for further study including books articles films and websites

Struggles for Supremacy Chris Wrigley, A.J.P. Taylor, 2018-02-05 This title was first published in 2000 A J P Taylor 1906 90 one of the greatest historians of the twentieth century initially established his reputation by his work in diplomatic history This included his magisterial *The Struggle for Mastery in Europe* 1848 1918 1954 and *The Origins of the Second World War* 1961 both of which have remained in print This collection brings together a rich selection of his essays and reviews in international history only one of which on Trieste has been reprinted before The collection includes many examples of his most lively writing often controversial yet usually full of insight

The Wars of Myron King James L. McDonough, 2009 This book offers an engrossing account of King s early life and wartime service as a part of the 401st Bombardment Group U S Eighth Air Force Based on a wide array of published and primary sources including trial transcripts and interviews with King the book offers a unique view of the experience of air combat the intertwining of politics and military justice and the complex circumstances that inaugurated the Cold War Jacket

The Second World Wars Victor Davis Hanson, 2017-10-17 A breathtakingly magisterial account of World War II by America s preeminent military historian Wall Street Journal World War II was the most lethal conflict in human history Never before had a war been fought on so many diverse landscapes and in so many different ways from rocket attacks in London to jungle fighting in Burma to armor strikes in Libya The Second World Wars examines how combat unfolded in the air at sea and on land to show how distinct conflicts among disparate combatants coalesced into one interconnected global war Drawing on 3 000 years of military history bestselling author Victor Davis Hanson argues that despite its novel industrial barbarity neither the war s origins nor its geography were unusual Nor was its ultimate outcome surprising The Axis powers were well prepared to win limited border conflicts but once they blundered into global war they had no hope of victory An authoritative new history of astonishing breadth The Second World Wars offers a stunning

reinterpretation of history's deadliest conflict *The Spellmount Guide to London in the Second World War* James Beardon, 2013-11-04 In the lead up to and throughout the course of the Second World War London was a city transformed as it simultaneously became the front line and the command centre of Allied operations The scale and speed of London's transformation are unparalleled in its history as the government requisitioned buildings and built defences while bombing wrought devastation across the city changing it forever This book will guide the reader as an armchair tourist or a real one around wartime London Buildings that had a specific wartime use or have a link to an important event that occurred during the war are revealed along with the often secret activities known to only a select few of the organisations that occupied them Structures used as air raid shelters iconic landmarks damaged by enemy bombing and other ways in which London changed are all brought to life in this user friendly guide Sections cover the seven central London boroughs from Hammersmith to Tower Hamlets together with chapters on Greater London and on memorials and museums accompanied by maps and photographs of the city then and now **A Ceaseless Watch** Angus Britts, 2021-04-15 A Ceaseless Watch Australia's Third Party Naval Defense 1919-1942 illustrates how Australia confronted the need to base its post World War I defense planning around the security provided by a major naval power in the first instance Britain and later the United States Spanning the period leading up to Australia's greatest security crisis the military threat posed by Japan throughout the majority of 1942 the work takes the reader all the way up to the defeat of the Imperial Japanese Navy by the United States Navy in the Solomon Islands campaign Angus Britts focuses on Anglo Australian defense relations from 1919-42 when the British were Australia's primary naval protectors until they were superseded in the Pacific by the United States in May 1942 at the battle of the Coral Sea Britts traces the process of the alignment or divergence of differing strategic interests between Australia and Britain in particular Taking place against the backdrop of Imperial Japan's expansionism debates within Australian political and defense circles during this period namely the nature of the most likely threat to the continent itself what became an important subplot to the events then unfolding in the Pacific Looking at the development of the Singapore strategy which utilized the British fleet at Singapore to protect Australia's interests Britts lays out how the cornerstone for Australian defense planning was based on the continued assurances from successive British governments that they would honor their naval commitments should Australia itself eventually come under serious threat from Japanese aggression The Australian American defense relationship evolved at a later stage within the timeframe in this work but the varying interactions between both nations throughout the interwar years are likewise addressed as is the foundation of their wartime relations Britts illustrates the difficulty in forming a defense relationship between small and great powers where the needs of the former are not subsumed by the interests of the latter from the interwar years to the start of World War II In an era when the entire Pacific region was at war the inability of a larger power to fulfill its side of a defensive pact with a smaller power shaped the future of the region itself
