The New Children and Near-Death Experiences P. M. H. Atwater, 2003-11-06 Presents an in depth look at children who have experienced the near death phenomenon and the heightened abilities that these children exhibit Provides compelling evidence for the existence of a generation of children who represent the spiritual evolution of the human race Includes firsthand testimonies of children who have returned from near death The New Children and Near Death Experiences is the first book to provide from the view of the child an in depth study of children who have experienced the near death

phenomenon and its aftereffects Atwater notes that the child who returns from a near death experience is not the same child as before but is a remodeled rewired reconfigured refined version of the original Presenting data to support her contention that these children have experienced structural chemical and functional changes in the brain she also shows how their greater empathic abilities as well as dramatically higher intelligence are qualities that are also present in children born since 1982 enhanced abilities that cannot be tied to simple genetics Atwater shows that understanding the near death experiences of children can help us prepare for a quantum leap in the evolution of humanity

Awakening Through Dreams Nigel Hamilton, 2018-05-08 Most Western approaches to dreams are limited to a psychological paradigm Building on Jung's work which was heavily influenced by the transformative model of alchemy a new multidimensional approach to the process of human transformation through dreams has been developed which recognises the interrelationship of the psychological and the spiritual and works with the mirroring body in service of both In the approach presented here dreams are seen as a mixture of worldly impressions and expressions of our individual spirit which is trying to speak to us through the metaphors and narrative of our dreams In this way the spiritual comes through the psychological dimension Though it may seem to be a contradiction our dreams hold the key to our awakening and by actively engaging with them we can unlock their potential for initiating and facilitating our own unfoldment This book is about recognising this process when it occurs in dreams and how to work with them in the service of our growth and self realisation

[The Secret Language of Angels](#) Kathy Mursch, 2017-11-01 While the Bible is full of examples of angels delivering messages to God's people on His behalf the word angel means messenger most Christian churches today view angel communication as unlikely impossible and in some cases even heretical Author Kathy Mursch disagrees In *The Secret Language of Angels* Mursch writes that God's angels are trying to communicate with us to help us in our daily lives right now but most people simply don't know the languages they use to do so She provides step by step guidance on how to receive and understand the messages God is sending through His angels and she offers proof that these divine emissaries are alive and ready to help you if you will only ask In this book you will learn How angels communicate with five distinct languages How to discern and interpret the messages you receive How to invoke angelic help in times of need And much more Rich with scriptural references and anecdotes from those who have received messages from angels this book will inspire you to begin a life changing exploration into accessing the vast wisdom and love of God in a whole new way
