For readers of Erin Morgenstern's *The Night Circus* and Helen Oyeyemi's *Mr Fox*, a dark fantasy tale infused with mystery and threat from the award-winning author whose work has been described by Paul Tremblay as intelligent, dark, wildly inventive. As Sara Sidorova hovers between life and death, she is visited by Amba, the tiger god who will devour creation if he is released from the chains that bind him. Amba gives Sara an extraordinary gift: a glimpse into the future. Years later, her granddaughter Irenda will grow up in a war-torn country where survival means obedience. When a devastating attack robs her of her parents, she travels to Hrana City. There, her grandmother agrees to teach her the ultimate secret: how to tame death. In the circus, amongst the magicians, the strongmen, and the contortionists, she will start down a dangerous road to carry out a revenge decades in the making and bring justice into the world for herself and for her family. Rich with glamour and strangeness, brutality and deceit, and the dark magic of the circus, this haunting fable from a multi-award-winning author will chill your bones and make your heart ache. **Social Problems across the Life Course** Helena

Z. Lopata, Judith A. Levy, 2003-09-03 The human life course is filled with and subject to a wide range of personal difficulties, many of which are shared by others. Life events and processes such as birth, childhood, training for and entering an occupation, marriage, and procreation, growing older, death, and dying are all subject to dilemmas, obstacles, and barriers. *Social Problems across the Life Course* offers accessible readings that examine the societal construction of social problems out of the personal troubles that people confront at major life stages. The essays provide an overview and illustrate the theory and principles that inform both the life course and social problems. Introductions by the editors vividly introduce the research and key theories in this unique anthology, perhaps the only one available to help students understand how life stages and personal and social problems interact. **An Open Secret** Nicholas L.
