Education Jonas E. Alexis,2007 Alexis convincingly examines the crisis in education from a Christian perspective Social  
 Issues     Communication, Media, and Identity Robert S. Fortner,2007 Communication Media and Identity A Christian  
 Theory of Communication is the first comprehensive theoretical look at the nature of communication from a biblical Christian  
 perspective This groundbreaking new work discusses the implications of such a theory for interpersonal relations use of  
 media and the development of digital culture in the wake of the computer It also draws widely from the literature of the  
 secular world critiquing perspectives where necessary and adopting perspectives that are in line with Christian anthropology  
 epistemology and ontology Through this unique lens the reader is able to understand communication as an art as a tool for  
 evangelism and as a unique human activity that allows people to have a stake in the creation It covers both mediated and non  
 mediated forms of communication is sensitive to theological differences within the Christian faith and examines closely the  
 problem of technology and especially digital technology for the practice of communication As the newest book in the  
 Communication Culture and Religion Series Robert Fortner s work illuminates the theological aspects of communication
