Introduction Hoodoo is a subject that has been around since Africans were brought to American shores as slaves and migrated across the country sharing their magic and beliefs The herbs and roots they used were amalgamated with other beliefs to form the practice we now know as Hoodoo Many people think that Hoodoo is a religious practice but the truth is exactly the opposite Hoodoo is not based on the worship of gods goddesses or other formal deities Instead it is a way for people to practice folk magic using the most basic tools and ingredients So what relevance does Hoodoo have in today s society Quite Humans are beginning to understand what powers exist in nature and how to use them

The natural progression to magic and root building rituals passed down in history seems inevitable Understanding why some plants and herbs can attract good luck while others form a protective shield appeals to our personal sense of well being This type of magic and conjuration can be performed by anyone who wants to try it as long as they respect the power and learn to protect themselves from evil This book contains everything you need to know to get the job done safely and powerfully Learn the ancient craft of Hoodoo and see how it can change your life forever

**Mysteries and Secrets of Voodoo, Santeria, and Obeah** Patricia Fanthorpe,2008-07-28 The secrets of Santeria Voodoo and Obeah are among the oldest enigmas in the world Their roots go back to pre historic Africa perhaps even beyond that From the 16th century onwards the slave trade brought these ancient mysteries to the West where they blended strangely with traditional Christianity the ancient African gods became identified with legendary saints This integration of the two faiths slowly evolved to form the many varieties of Santeria Obeah and Voudoun that are widely practiced throughout the world today Their characteristic dancing and drumming seem able to invoke strange states of mind in which almost anything is possible Even stories of zombies the walking dead still persist Is there a rational explanation for them Contemporary Voudoun priests priestesses magicians and enchanters use rare herbs and spices as well as charms dolls and talismans to control the natural world in ways that science cannot always explain Accounts of their inexplicable successes are examined in depth Most intriguing of all are the claims that are made for their love philtres and aphrodisiacs What powers do these old religions still possess
