Sunday talk (ed. by C. Church). Cyril Church, 1883 *The Importance of Being Earnest* Oscar Wilde, 1976-01-01 The Importance of Being Earnest shows a full measure of Oscar Wilde's legendary wit and embodies more than any of his other plays his decency and warmth This edition contains substantial excerpts from the original four act version which was never produced as well as the full text of the final three act version selections from Wilde's correspondence and commentary by George Bernard Shaw Max Beerbohm St John Hankin and James Agate *Piety and Family in Early Modern Europe* Marc R. Forster, 2017-05-15 At first sight the subjects of piety and family life may appear to have little in common Yet as the essays in this volume make clear there are in fact a number of shared features and points of contact that make the study of these issues a particularly fertile area for scholars of the Reformation period Whether it be the concept of an individual's relationship with God so often articulated in familial terms the place of domestic devotions or the difficulties that faced families split by rival confessional beliefs and mixed marriages this book demonstrates how piety and family life were interwoven in the social and theological landscape of early modern Europe Inspired by the works of Steven Ozment the volume is divided into two sections each of which deals with a particular concern of his writings The first four chapters address issues of Reformation theology and the medieval heritage whilst the remaining seven examine the spiritual life of families Together they underline how modern scholarship by broadening its conceptual outlook and bringing together seemingly unrelated subjects can provide a more sophisticated understanding of the past

The Unfolding Life Howard Munro Longyear, 1901 **Confession in the Dialogus Miraculorum of Caesar of Heisterbach** Frederick Erdman Jesse Wilde, 1912 Looking Inward Jennifer Bryan, 2013-02-12 You must see yourself The exhortation was increasingly familiar to English men and women in the two centuries before the Reformation They encountered it repeatedly in their devotional books the popular guides to spiritual self improvement that were reaching an ever growing readership at the end of the Middle Ages But what did it mean to see oneself What was the nature of the self to be envisioned and what eyes and mirrors were needed to see and know it properly Looking Inward traces a complex network of answers to such questions exploring how English readers between 1350 and 1550 learned to envision examine and change themselves in the mirrors of devotional literature By all accounts it was the most popular literature of the period With literacy on the rise an outpouring of translations and adaptations flowed across traditional boundaries between religious and lay and between female and male audiences As forms of piety changed as social categories became increasingly porous and as the heart became an

increasingly privileged and contested location the growth of devotional reading created a crucial arena for the making of literate subjectivities The models of private reading and self reflection constructed therein would have important implications not only for English spirituality but for social political and poetic identities up to the Reformation and beyond In Looking Inward Bryan examines a wide range of devotional and secular texts from works by Walter Hilton Julian of Norwich and Thomas Hoccleve to neglected translations like The Chastising of God s Children and The Pricking of Love She explores the models of identification and imitation through which they sought to reach the inmost selves of their readers and the scripts for spiritual desire that they offered for the cultivation of the heart Illuminating the psychological paradigms at the heart of the genre Bryan provides fresh insights into how late medieval men and women sought to know labor in and profit themselves by means of books *The Industrial School Journal* ,1925 **An Old Man's Museum Under Construction**

Facing the Abusing God David R. Blumenthal,1993-01-01 Looking at the experience of Holocaust survivors and of survivors of child abuse this work asks disturbing questions why God permits victimization of the innocent Day-votions for Mothers Rebecca Barlow Jordan,2010-03-23 Introducing a new series of Ebook Day Votions from bestselling inspirational author Rebecca Barlow Jordan This beautiful lighthearted series of devotional Ebooks is perfect for you and is a perfect gift for women of all seasons and all stages of life From deepening your walk with the Lord to strengthening your relationships with others mothers daughters grandmothers and women everywhere will find page after page of powerful spiritual encouragement within Each day votion points to a biblical truth affirming with every reading that God is faithful no matter what challenges you face With forty devotions per Ebook in this three set series Day Votions for Grandmothers Day Votions for Mothers and Day Votions for Women designed to bring you into deeper relationships with God your family your children and your friends inspiration is certain **The Profession of Widowhood** Katherine Clark Walter,2018-09-21 The Profession of Widowhood explores how the idea of true widowhood was central to pre modern ideas concerning marriage and of female identity more generally The medieval figure of the Christian vere vidua or good widow evolved from and reinforced ancient social and religious sensibilities of chastity loyalty and grief as gendered work The ideal widow was a virtuous woman who mourned her dead husband in chastity solitude and most importantly in perpetuity marking her as a widow indeed 1 Tim 5 5 The widow who failed to display adequate grief fulfilled the stereotype of the merry widow who forgot her departed spouse and abused her sexual and social freedom Stereotypes of widows good and bad served highly charged ideological functions in pre modern culture and have remained durable even in modern times even as Western secular society now focuses more on a woman s recovery from grief and possible re coupling than the expectation that she remain forever widowed The widow represented not only the powerful bond created by love and marriage but also embodied the conventions of grief that ordered the response when those bonds were broken by premature death This notion of the widow as both a

passive memorial to her husband and as an active rememberer was rooted in ancient traditions and appropriated by early Christian and medieval authors who used good widowhood to describe the varieties of female celibacy and to define the social and gender order. A tradition of widowhood characterized by chastity, solitude, and permanent bereavement affirmed both the sexual mores and political agenda of the medieval Church. Medieval widows, both holy women recognized as saints and ordinary women in medieval daily life, recognized this tradition of professed chastity in widowhood not only as a valuable strategy for avoiding remarriage and protecting their independence but as a state with inherent dignity that afforded opportunities for spiritual development in this world and eternal merit in the next.
