The Secret Geometry of the Dollar Ken

McGrath, 2002-12-12 This book is intended as research It has been written so the average reader will be able to see the fascinating patterns of symbolic mathematics and geometry hidden in the design of the dollar bill Much of its esoteric symbolism will be shown and analyzed from history of the long train of tradition that led up to the dollars present design Although some of these ideas easily lead to wide ranging philosophical speculation and I reserve the right to drag out the soapbox occasionally I will none the less try to maintain a neutral or scientific approach to these topics Most of this story has been written in the first person like a letter to the reader like a notebook In order that the reasoning that led me to these discoveries might be more easily understood I have tried to show my slow progress and mistakes more or less as they happened and the gradual development of my thinking as I went along But to all of this I will add some hindsight and a certain amount of convenient arrangement of the order of some of the discoveries for clarity Without this most of my starting points of investigation and conclusions will not be understandable and many of my earlier dubious paths can be left unsaid Since this curious and strange design is not yet completely known or fully analyzed this investigation is by no means finished and should be an invitation for more adventurous readers to make their own discoveries This study is a much larger task than it would appear at first glance This writing will provide many of the mathematical keys and clues to enable readers to start to

investigate on their own or to demonstrate to themselves the validity of those things shown here But these are hidden symbols both philosophical and mathematical and as such need to be puzzled out Character Counts Michael Glenn Maness,2010-12 *Lost Symbols?* David Ovason,2011-02-28 The secrets the myths and the facts behind Washington D C s design and its Masonic significance In this groundbreaking original work David Ovason reveals the intimate connections between the mysterious zodiacal symbols and the stellar lore of Washington D C and the secret plan for the city There are over fifty complete zodiacs in Washington D C all witness to an extraordinary stellar mystery Why did generations of architects and artists put their lives and energies on the line when designing this City of the Stars What was their shared secret language What or who drove them to create a city overflowing with such esoteric symbolism What is the meaning behind the secret symbolism of Washington D C s layout And what does it mean for America s future **Shakespeare's Secret Booke** David Ovason,2010-01-01 As David Ovason reveals many leading esoteric writers alchemists occultists and Rosicrucians contributed to this Secret booke Among the more outstanding English literary figures who used the code were the mysterious adviser to Elizabeth I John Dee the turbulent author of *The Alchemist* Ben Jonson and the more classically minded Edmund Spenser whose poem *The Faerie Queene* is the best known esoteric work of the period Shakespeare s *Secret Booke* reveals many other literary figures who together form a remarkable underground literary movement including the most influential esotericist of the period Jacob Boehme and alchemists such as the English polymath Robert Fludd Another was Shakespeare s contemporary the youthful Johann Valentin Andreae credited as author of *The Chymical Wedding* a Rosicrucian work replete with sophisticated examples of encoding The Hidden Hand: Illuminati Symbolism in Government and Politics Unveiled Sudhakar H,2023-07-15 Understanding the Origins of the Illuminati In the vast realm of conspiracy theories few are as captivating and enigmatic as the origins of the Illuminati This secret society believed by some to still exist today has been the subject of countless debates and speculations In this subchapter we will delve into the fascinating history of the Illuminati exploring its alleged roots and its influence on both government and corporate realms The origins of the Illuminati can be traced back to the late 18th century in Bavaria Germany Founded on May 1 1776 by a Bavarian professor named Adam Weishaupt the Illuminati s primary aim was to promote Enlightenment ideals and challenge the oppressive power structures of the time Weishaupt sought to infiltrate influential institutions such as government and academia to bring about social and political change The early years of the Illuminati were marked by secrecy and clandestine operations Weishaupt and his close circle of intellectuals recruited members from various walks of life including politicians businessmen and intellectuals Through their network the Illuminati aimed to spread their ideas and ideals advocating for religious tolerance rationality and equality Ameroca's New World Order Chris Tyson,2011-10 What if the United States of America had a secret destiny that was known by only an enlightened few Did any of the founding fathers belong to any secret societies Why are there pagan gods and ancient symbols all over Washington D C Could any of this affect your life today Over

Antichrist Osiris: the History of the Luciferian Conspiracy Chris Relitz,2012-06-01 The Legends of many cultures claim that the world was once destroyed in a cataclysmic flood Many cultures also claim that someday the world will again be destroyed in a similar fashion In the Bible we are told

that the disciples once asked Jesus if there would be a warning sign prior to this destructive event He said that there would indeed a sign Jesus said that whatever was happening in the Days of Noah will happen again before the end of this age The Bible has only a few verses about Noah s Flood So we are forced to turn to the ancient flood legends of over 350 other cultures to learn more about this prophecy But Noah s days did not end with the flood he lived for many years afterward He saw the creation of a tower in Babylon This is interesting because the Freemasons claim that their Order originated here Here is the most thorough examination of Freemasonry ever undertaken using their own texts to solve the Days of Noah prophecy Hidden Everyday Symbols Hazel Monroe, AI, 2025-03-31 Hidden Everyday Symbols unveils the fascinating stories behind the visual cues that saturate our world from corporate logos to commonplace objects It explores how these symbols condense complex ideas and beliefs into recognizable forms revealing the power of visual communication Consider for instance how national emblems carry centuries of history or how seemingly simple logos embed cultural values By understanding these hidden meanings we can critically analyze the messages we receive daily The book begins by tracing the historical roots of symbolism explaining the principles of semiotics without overwhelming the reader It then delves into specific examples of hidden meanings within corporate logos national emblems and common objects providing historical context and cultural interpretations The book highlights how societal religious and political forces have molded symbolic representation throughout history For example the evolution of a corporate logo can reflect a company s changing values and market strategies Structured in three parts the book first introduces semiotics then explores specific examples and finally synthesizes insights for practical application in marketing politics and art This approach empowers readers to become more informed consumers of visual information and enhances their ability to interpret the world around them recognizing how symbols subtly influence our thoughts and behaviors The United Symbolism of America Robert Hieronimus, 2008-04-15 The historian author of Founding Fathers Secret Societies offers a revealing analysis of America s many symbols icons and monuments America is young but its symbols are old Many of them from the stars and stripes in the American flag to the strange images on our currency have become so familiar that most of us don t give them a second thought In United Symbolism of America Robert R Hieronimus will help you see the symbolic messages encoded for us by our Founding Fathers in the symbols they chose Unlike other writers on this topic Hieronimus discusses the historical background and artistic influences behind the design of our symbols and landmarks United Symbolism of America includes revealing information about the symbolism embedded in The Statue of Liberty the Liberty Bell and many of the monuments found in Washington D C Putting to rest the erroneous notion that our country s symbolism is rooted in Satanism Hieronimus demonstrates that the symbols that have become our national icons represent hope growth and opportunity **Tunnel of Secrets** Franklin W. Dixon, 2015-10-20 When Frank and Joe set out to explore caves and tunnels they dig themselves into some dark and dangerous trouble in this Hardy Boys adventure When a sinkhole opens up and swallows one of Bayport s historic statues

Frank and Joe suspect something or someone shady at play They jump at the chance to investigate Joe as a member of an urban exploration club and Frank as photographer for the school paper But in the thick of their search the boys stumble upon an entire underground city that s been abandoned for years Now the city is home to a cultish band of criminals who plan to take over Bayport Frank and Joe are determined to shut down the crooks but after being barreled down by a boulder and nearly squashed by a runaway train they have to wonder are they in over their heads **The Secret Life of Lady Liberty**

Robert Hieronimus,Laura E. Cortner,2016-08-15 The goddess origins of the Statue of Liberty and her connections with the founding and the future of America Examines Lady Liberty s ties to Native American spiritual traditions the Earth Mother Roman goddesses Black Madonnas and Mary Magdalene Reveals the sharp contrast between depicting liberty as a female and the reality of women and other suppressed classes even today Explains how this Goddess of the New World inspires all people toward equality compassion peace keeping and environmental stewardship Uncovering the forgotten lineage of the Statue of Liberty Bob Hieronimus and Laura Cortner explain how she is based on a female symbol representing America on the earliest maps of the continent in the form of a Native American Queen The image of a woman symbolizing independence was embraced by the American revolutionaries to rally the populace against the King filling the role of Founding Mother and protector of the fledgling republic Incorporating Libertas the Roman goddess of freed slaves with Minerva Demeter Justice and the Indian Princess Lady Liberty is seen all over the nation s capital and on the seals and flags of many states Showing how a new appreciation for the Statue of Liberty as the American goddess can serve as a unifying inspiration for activism the authors explore how this Lady Liberty is a personification of America and its destiny They examine multiple traditions that influenced her symbolism from the Neolithic Earth Mother to Mary Magdalene Columbia and Joan of Arc while revealing the sharp contrast between depicting liberty as a female and the reality of women and other suppressed classes throughout history Their study of Liberty Enlightening the World led them to conclude that the empowerment of contemporary women is essential for achieving sustainable liberty for all Sounding the call for this Goddess of the New World to inspire us all toward peacekeeping nurturing compassion and environmental stewardship the authors explain how the Statue of Liberty serves as the conscience of our nation and is a symbol of both the myths that unite us and the diversity that strengthens us **Secret**
